

SELF STORAGE AUTOMATION

FOR IMPROVED ACCESS

RETRO FIT SOLUTION

The Dominator™ Shedmaster slim design suits low side room installation and can automate most rolling doors up to 100kg. The wireless keypad can be installed at the regulated height with ease.

IMPROVED CUSTOMER EXPERIENCE

Automation provides customers with the convenience of opening their door with the press of a button. Perfect for people that have restricted movement.

SECURE AND RELIABLE ACCESS

Genuine TrioCode™ 128 remote controls and keypad use a patented encryption protocol for the ultimate in security.

DURABILITY

The tough IP24 rated weather resistant housing makes the operator suitable for indoor and outdoor storage units.

PASSCODE MANAGEMENT

Tenants can enter their own unique 4 digit code to access their unit. After the tenant vacates, the facility manager can clear all codes via the master code.

+ Recommended Accessory

ACCESS DURING POWER OUTAGE

An external keyed mechanism ensures the door is operable by hand in the event of a power outage.

+ Recommended Accessory

DOMINATOR™ SHEDMASTER

SELF STORAGE AUTOMATION

LOW SIDE ROOM - RETRO FIT SOLUTIONS

Dominator™ Shedmaster features a tough, IP24 rated weather resistant housing and is perfect for exposed applications like perimeter doors and self storage units.

Standard features also include Intelligent Safety System, Door Profiling and Automatic Technology's own TrioCode™ 128 transmitter system. It will even tell you when it is due for a service.

WHAT'S IN THE BOX:

Weather Resistant Opener

Two TrioCode™ 128 transmitters

Keyed Lockout

Wired Safety Beams

RECOMMENDED ACCESSORIES

Key Release - A must for single entrance door units in the event of a power outage, turn the key to remove the lock barrel and provide access to the opener manual release cord.

Wireless Keypad - Store multiple codes including a master code held by the facility owner. After tenant exits, all codes can be cleared via the master code. Weatherproof.

AT A GLANCE:

KEY FEATURES:

- Retrofit solution
- Left or right hand side installation (factory set to RH)
- Door size up to 177.6ft²
- Stores up to 8 remote controls

KEYED & ELECTRONIC LOCKOUT

As the Shedmaster can be installed in exposed locations, a keyed lockout is included to stop unwanted persons reaching over the fence and disengaging the door to manual mode. Also, the control panel can be similarly locked out to prevent unauthorized usage.
