

SMART PHONE CONTROL KIT

THE SMART WAY TO CONTROL YOUR GARAGE AND GATE

With the Automatic Technology Smart Phone Control Kit, you can control your garage door and gate on your smart phone while you're at home or away from home!*

This is the next generation of garage door and gate control delivering:

- **Smart control of your garage door and gate** – more than just a remote control
- **Simple operation** – via our easy to use app
- **Secure home access** – monitor your garage door and gate 24/7* and receive notifications when door or gate is operated

REAL TIME ALERTS

Our smart app can alert you whenever your door or gate is operated, opened for an extended period of time or when your opener is in need of a service.

CUSTOMISATION

The app can be customised to suit your lifestyle. From partial opening modes to restricting door access times, your convenience and security is paramount.

ACTIVITY LOG

View usage history so you know who has operated your garage door or gate and when.
