

SYNCRO™ ATS-3

RESIDENTIAL SECTIONAL DOOR OPENER

Ultimate control

Experience the ultimate in garage door convenience with Automatic Technology's Syncro opener. This cutting-edge system takes residential sectional door automation to the next level, allowing you to easily monitor, control and schedule access to your garage door with smartphone compatibility.

With Syncro, you're always in control. Thanks to its lightning-fast opening speed, getting in and out of your garage has never been easier. Syncro boasts advanced safety features and offers a 7-year warranty*, making it a top choice for homeowners who want the best in garage door automation.

2x TrioCode™128 transmitters

Wall remote

FEATURES INCLUDE

FAST AND QUIET

Syncro boasts a supercharged motor with soft stop/soft start functionality, making your garage door opening exceptionally fast yet quiet.

SAFETY & SECURITY

For your peace of mind, Syncro are compatible with Safety Beams and feature an auto-reverse function which forces the door to reverse if it encounters an obstacle. Syncro will also detect if an intruder is attempting to force the door and will resist entry. Patented remote control technology ensures secure and reliable home access.

APPLICATIONS

Ideal for most sectional and tilt doors, including doors with architectural cladding up to 235kg.

SMART PHONE CONTROL#

Smart technology can save you time and effort. No need to hide or share keys with cleaners, guests or the delivery person, you can control and schedule access to your garage remotely from your smart phone. Syncro will even tell you if you left the garage door open, sending you a notification when the door is operated, so you know exactly when your children got home.
