*Avatar: The Last Airbender In Concert – The 20th Anniversary Tour* presents a stunning live orchestral performance of the series' beloved soundtrack, now elevated with a once-in-a-lifetime cinematic experience.

This special anniversary edition features a two-hour visual journey through all three seasons of the iconic animated series, projected on a full-size cinema screen with new surprises, extended pieces, and creative touches added just for this milestone tour, offering fans a fresh way to experience the story they love.

Preserving the original dialogue and sound effects, the concert replaces the recorded score with a powerful live orchestra, performing the legendary music of Emmy® Award-winning composer Jeremy Zuckerman, the creative mastermind behind the show's original music, in perfect sync with the action on screen.
