

# 2 Year Tracker Bond

## (Issue 2)

### About the account

The 2 Year Tracker Bond (Issue 2) allows you to save for a fixed term of two years. Once you have opened your account you cannot add further deposits to the balance and you won't be able to withdraw your money before the term ends.

The interest rate tracks the Bank of England Base Rate, meaning it will go up or down in line with changes to the Base Rate. This means your savings earn more when Base Rate increases and less when it decreases. This account will mature two years from the date of your first deposit.

The 2 Year Tracker Bond (Issue 2) gives you the choice and flexibility in how you wish to open and manage your account – online, in person, over the phone, via The Cambridge Money App or via post.

This document provides an overview of the account, along with the product special terms and conditions at the end. Please make sure to read all the information before choosing to open this account.

## Terms explained...

A savings tracker account has an interest rate that tracks the Bank of England **Base Rate** whether it goes up or down. This means your savings earn more when **Base Rate** increases and less when it decreases.

The **Gross** rate is the contractual rate of interest payable before deduction of income tax at the rate specified by law.

The **Annual Equivalent Rate (AER)** shows the percentage of interest if it was added to your account each year.
