# Rate of annual contribution to Local Institutes (Agenda item f)

The motion is that the Ordinary Grants to Local Institutes will total up to 14% of the aggregate subscriptions for Local Institutes' membership and will be allotted to each institute through measurement against an agreed set of performance criteria. No Local Institute will receive a grant of less than £1,000. At the Board's discretion, a Special Grant may be granted to Local Institutes, upon application, for special requirements, provided payment of a Special Grant is justified by a budget produced by the Local Institute in the interests of and which furthers the objects of the CII. Any grants paid are subject to such payments not increasing the reasonable working capital of that Institute.
