

# Continuing Professional Development Certificate

## InsurTech: a new book from the Insurance Institute of London

Date  
**Tuesday, 11 July 2023**

Time  
**1:00 pm – 2:00 pm**

Speaker  
**Sally Blake, Diversity and Inclusion Manager, Zurich Insurance**  
**Kevin Sookhee, Managing Director, Intrepid Tech Ventures Limited**  
**Charlotte Gregory, Partner, Capital Law**  
**Shân M. Millie, Founder, Bright Blue Hare**

Over recent years, the insurance industry has seen the application of new technology such as automation, artificial intelligence, Blockchain, big data and chatbots. These offer benefits including reduced costs, improved customer experiences and greater accuracy in pricing, reserving and fraud identification.

### Learning Objectives

- A general context to Insurtech including key terminology
- An introduction to the core technologies
- Key regulatory and legal concepts to help with compliance queries
- How InsurTech might evolve in the future
