Setting Standards

About us

The Chartered Insurance Institute (CII) is a professional body dedicated to building public trust in the insurance and personal finance professions. Over 120,000 members commit to high professional standards and continuing professional development.

We work with businesses to develop bespoke, company-wide solutions that ensure competitive advantage by enhancing employees' technical and professional competence.

Success in CII qualifications is universally recognised as evidence of knowledge and technical expertise.

Our members are able to drive personal development and maintain their professional standing by adhering to our Code of Ethics and by accessing a range of learning services.

Your journey, our commitment

We are here to support you and your career development, whether you're new to the sector or a professional looking to progress your career aspirations.

Tailor your qualification pathway

The flexibility of our qualifications framework allows you to select units that match the requirements of your current role or future career aspirations. We use a range of assessment methods, all carefully chosen and designed to promote the optimum type of learning for each level and qualification.

Find out more on pages 12-73.

Earn recognition for your prior learning

If you hold a degree or professional qualification in a relevant subject, such as accounting, business, maths or law, you could receive CII credits that count towards completion of a CII qualification. In doing so, you could avoid duplication of learning and achieve your qualification more quickly.

Find out more on pages 10-11.

Become a member

Membership supports your professional development and enhances your career potential.

As a member, you can join a society or professional community, focusing on the issues that matter most in your sector.

Find out more on pages 6-9.

Earn the mark of professionalism

Once qualified, members are entitled to use the accompanying designation. In order to ensure your expertise remains current, use of designations is dependent on ongoing membership and CPD requirements.

To see the full list of designations available, head to pages 86-87.

Advanced Diploma holders can apply for Chartered status and progress to Fellowship.

Find out more on pages 88-89.

Quality assured learning

Formed in consultation with experienced market practitioners and registered with Ofqual in the Regulated Qualifications Framework (RQF)*, our qualifications are quality assured.

Choosing the qualification that’s right for you

Our qualifications range in difficulty to ensure we meet the needs of individuals at different stages in their career. We indicate the difficulty of a qualification by attributing it an RQF level: the higher the RQF level, the more the qualification demands from the learner.

The level of qualification you obtain can act as an indicator of your understanding of the subject for employers and your wider network to recognise.

RQF level 2	RQF level 3	RQF level 4
<p>Level 2 qualifications build a basic understanding of the sector and its key topics that can be applied to common situations.</p> <p>Qualifications at this level typically provide an introduction to topics within insurance and personal finance, and are ideal for those in trainee or junior roles, those new to the sector, or those working in roles that support technical areas of an organisation, such as Human Resources or Information Technology.</p>	<p>Level 3 qualifications develop an understanding of the key principles, processes and products in greater detail that can be applied to practice.</p> <p>Qualifications at this level are ideal for those looking to appreciate the fundamental practices of key topics at junior to mid-level roles.</p> <p>Level 3 qualifications within personal finance provide licences to practice in areas such as mortgage and equity release advice, and in some oversight roles such as life and pensions office administration.</p>	<p>Level 4 qualifications build a deeper technical and applied understanding of principles, processes and products, enabling analysis of core and specialist areas.</p> <p>Qualifications at this level are suited to those who wish to have their technical or specialist applied knowledge and skills recognised through formal qualifications for technical roles.</p> <p>Level 4 qualifications within personal finance provide a licence to practice for retail investment advice and advanced professional recognition for mortgage advisers.</p>

Your Learning Statement

To help you plan your study journey, your personalised Learning Statement will keep a record of your units and credits as you achieve them. It will also explain how they contribute towards further qualifications.

Request your learning statement online: cii.co.uk/learningstatement. Registration is simple and free.

RQF levels in context

We have summarised each RQF level descriptor below, along with how each of our qualifications’ content and objectives correspond to that level. This should help you identify those that match your skills and experience as well as your career aspirations. For each RQF level, we have signposted qualification equivalents to help you further understand their difficulty. More information on qualification equivalents can be found on the Ofqual website.

The colours assigned to the RQF levels have been applied to their respective qualifications throughout this brochure. You’ll also notice our qualifications are labelled ‘Award’, ‘Certificate’, ‘Diploma’ and ‘Advanced Diploma’ to help you determine their size. The recommended study hours for an Award would be significantly less than that of an Advanced Diploma.

RQF level 6	RQF level 7
<p>Level 6 qualifications develop the ability to apply advanced or specialised understanding to complex situations.</p> <p>Within the insurance profession, level 6 qualifications are suited to managers of technical functions such as claims, broking or underwriting.</p> <p>Within the personal finance profession, level 6 qualifications provide recognition that you have consolidated and enhanced your technical knowledge to use in complex client scenarios where options must be carefully analysed and balanced.</p>	<p>Level 7 qualifications develop the ability to use specialised skills, research and analysis to evaluate and propose enhanced ways of working within the sector and in professional practice in situations where there are many interacting factors.</p> <p>Qualifications give recognition to professionals who are taking the sector forward through researching and proposing strategies and new ways of working that will bring benefits to the sector and its customers.</p>
<p>Approximate level of study:</p> <p>Bachelor’s degree</p>	<p>Approximate level of study:</p> <p>Master’s degree</p>

*CII qualifications are regulated by CCEA and also by Qualifications Wales, using the Credit and Qualifications Framework Wales (CQFW). The CQFW level for each qualification mirrors the RQF level.

Study and assessment key

Assessment methods vary depending on the unit's level and subject matter. Each unit within the framework has been assigned an icon, to identify the assessment method from the options below.

**Multiple choice question (MCQ) exam**

Enrolment is valid for the duration of the syllabus year for UK exams and 12 months from the date of purchase for non-UK exams. MCQ exams can be sat at UK and international online exam centres, subject to availability, or via remote invigilation.

**Mixed assessment**

Enrolment is valid for 18 months from the date of purchase. Candidates must pass a coursework assignment within the first six months and an MCQ exam within 18 months.

**Coursework assignments**

Enrolment is valid for 12 months from the date of purchase. Candidates must pass three written assignments, each typically 3,200-4,200 words.

**Dissertation**

Enrolment is valid for 18 months from the date of purchase. Candidates must submit a dissertation, typically 10,000-11,000 words, on an agreed subject.

Member designation

40-60 hrs

Recommended study time per unit

Overview

Building on introductory knowledge gained from the Award in London Market Insurance, the Level 3 Certificate in London Market Insurance requires one further unit: London Market Underwriting Principles, (LM3).

The Certificate develops knowledge and understanding of the underwriting disciplines within the London Market, and of the key elements of the cycle. It also explores the opportunities and challenges posed by using different distribution channels such as delegated underwriting.

It is a specialised qualification for those working in or conducting business through the London Market. It is particularly suitable for employees of Lloyd's syndicates, brokers, managing agents or members' agents in administrative, operational or other support roles, for example, business development managers, underwriting technicians or business analysts.

Completion requirements

The Certificate comprises three core units providing 40 CII credits on successful completion. These credits can be used towards further CII qualifications.

Certificate in Insurance

3

RQF level

40

CII credits

Cert CII

Member designation

40-60 hrs

Recommended study time per unit

Overview

The Level 3 Certificate in Insurance is a core qualification for insurance staff working across all sectors of the industry. It provides a fundamental grounding of the key insurance principles, disciplines, products and markets, including the regulatory environment, key disciplines of underwriting and claims, in addition to popular products such as motor, household, healthcare and packaged commercial insurances.

The Certificate develops the knowledge and confidence needed as you begin to specialise your studies according to your ambitions and career requirements.

Completion requirements

The Certificate requires a minimum of 40 CII credits for successful completion. Candidates must study one core unit: IF1 or both LM1 and LM2. It is recommended that non-UK candidates study W01 as their core unit.

Core

The remaining credits can come from any units within the insurance qualifications framework. However, please note the following restrictions:

- Due to the extent of syllabus overlap between IF1, LM1 and W01, achieving more than one of these units will receive only one award of credits.
- If you choose LM1 + LM2 as your core unit, studying LM3 to satisfy the remaining credit requirement will achieve the Certificate in London Market Insurance, instead of the Certificate in Insurance.

We recommend that you sit the required core unit(s) first as these provide foundation knowledge upon which the others build. CII credits achieved via the Certificate can be used towards further CII qualifications.

See pages 16-17 for individual unit assessment method.

International pathway

For learners outside of the UK we recommend the following pathway*: W01 + two units from the following: WUE, WCE, W04

Included within your Enrolment:

- Study text – digital only or printed and digital
 - Assessment entry
- Online support including exam guide via RevisionMate

*Some translated variants are available – please see unit page for details. These units are not available in the UK. Please refer to the relevant unit page for more information on the enrolment duration.

Notes

1. Unit HFE is also available in Traditional Chinese (HFT).

2. The FCA has listed these units as meeting appropriate qualification requirements for specific regulated activities (typically as part of a qualification). Please note, previous versions of CII units and qualifications may be listed as meeting requirements and other FCA requirements may apply for these activities.

This is the framework for our personal finance qualification units. They are grouped according to their difficulty, from level 2 through to level 6. Depending on the qualification you want to achieve, you'll need to study a number of these units. Some of our qualifications require just one unit, while others require several.

Certificate in Climate Risk

15

CII credits*

Cert CRP

Member designation

130 hrs

Recommended study
time per unit

Overview

Managing climate-related risks and supporting the transition to a low-carbon world are amongst our most significant global challenges. Central banks and financial regulators consider the identification, measurement and disclosure of these risks to be a priority. Recognising the strategic importance of this topic, the Certificate in Climate Risk is the first joint qualification from the Chartered Body Alliance, a joint initiative by the Chartered Insurance Institute, the Chartered Banker Institute and the Chartered Institute for Securities and Investment.

The aim of the Certificate is to develop the learner's professional knowledge, understanding and skills relating to climate change, climate risk and sustainable finance, with a view to supporting customers, clients, colleagues and communities with the transition to a sustainable, low-carbon world.

This single-unit qualification is designed for financial services risk professionals (or aspiring risk professionals) with an understanding of risk management principles and practices. The Certificate is ideal for those who wish to develop their knowledge of climate risk and demonstrate their expertise – wherever they are in the world. No previous knowledge of climate risk is required, but an understanding of risk management principles and financial services practices is assumed.

***Please note that the Certificate is delivered and awarded by the Chartered Banker Institute. As the Chartered Insurance Institute is not the awarding organisation for this qualification, candidates can apply (at no cost) for recognition of prior learning if they seek to use the 15 CII credits towards relevant CII qualifications.**

Completion requirements

The Certificate comprises one core unit: Principles and Practice of Climate Risk.

Principles and Practice
of Climate Risk

Core

Included within your Enrolment:

- Online study guide
- Interactive e-learning modules
- Assessment entry (first exam sitting)

While studying this qualification, you will become a member of two globally recognised Chartered professional bodies – the Chartered Insurance Institute and the Chartered Banker Institute.

Upon completion, candidates will be able to use the Chartered Banker Institute's designation 'Cert CRP' after being certified by the CBI.

Supporting your studies

Enrolment

Enrolment

Each unit enrolment comes with the essential tools to support your learning.

Study text

Typically available in printable PDF, eBook and hard copy, the study text encourages structured self-study to help you master the syllabus. Chapters define learning outcomes and can include self-test questions. You will also receive electronic updates highlighting specific industry changes or technical amendments during your enrolment, as well as access to a host of online study support services through our RevisionMate study tool.

Updating your study text enrolment

Available for selected Certificate and Diploma level units (excluding non-UK units)

How you update your enrolment depends on the unit:

- For editions-based units, you will receive the edition that immediately follows your expired study text enrolment, with online access to the Study text course on RevisionMate for the remainder of the examination period.
- For written examination units, this will extend your enrolment by 12 months from the end of the previous enrolment and digital copies of any new edition made available during this period will be included on RevisionMate as part of your Study text course.

RevisionMate

RevisionMate is an online study support tool that helps you revise and access your digital content. Key features can include:

- **Printable PDF and eBook of the study text**
- **Student discussion forum** – share common queries and learn with your peers.
- **Quiz questions** – check understanding of the study text as you progress.
- **Examination guide** – see below.

Exam guides and specimen coursework assignments

For multiple choice question exams, these comprise of a complete specimen exam with answers, highlighting syllabus areas covered and useful hints. For written exams they include past papers with examiners' comments on candidates' performance and key points for inclusion in your answers. Specimen coursework assignments are provided for units which offer mixed assessment or coursework assessment.

Current exam guides and specimen coursework assignments are supplied as PDF files and can be found on the unit webpage on the CII website and on RevisionMate.

For certain units, practice tests are also provided on RevisionMate – these are previous exam papers that have been updated for the latest testing position.

Please note, we recommend you sit your exam during your qualification unit's testing/enrolment period, as access to online support materials will end after your enrolment expires. However, a study text renewal option is available if you need it.

Enrolment Plus

Enrolment Plus

Enrolment plus is designed to help you pass first time by giving you access to a wider range of study support. Enrolment plus includes the following:

- Standard Enrolment – core learning content (all digital materials delivered via RevisionMate) and assessment entry.
- Additional revisions available for your unit, at a discounted price and so this option provides a significant cost-saving over buying the products separately. The revision aids are produced by industry experts and focus on key areas of the unit syllabus in an engaging and interactive way, ranging from self-test questions to online tutorials. More information on specific revision aids can be found on page 79.

Please note:

- Enrolment plus is available for selected Award/Certificate/Diploma units only. The relevant units are listed on the CII website: cii.co.uk/enrolment-plus
- Access to the core learning content and revision aids is only available until the end of the examination period for your selected edition. Please refer to the unit page for more information and ensure you are purchasing the correct edition for your exam sitting.

Study with confidence

Revision aids

Our revision aids are designed to help you study effectively. Explore our range of resources below and find the ones which suit your study approach.

Key Facts Booklet

Available for selected Certificate and Diploma level units

Summarising the key information contained in the study text, a Key Facts Booklet is more portable than a study text and is perfect for just focusing on the high-level syllabus requirements. Available in digital and print formats.

Knowledge Checker

Available for selected units

Delivered online through RevisionMate, each Knowledge Checker contains between 150 and 300 questions (depending on the unit) and provides comprehensive, flexible and interactive self-testing of the unit study text. Question feedback is provided in the form of a chapter reference to the specific areas being covered in the official CII study text for the unit.

Knowledge Checkers are not past papers. While they are designed to check knowledge of the unit study text to assist with your learning, they are not a product of the same development process as the actual CII examination question bank and are not intended to be used as mock exam questions.

Revision Extra

Available for IF1-2 and R01-4

Delivered through RevisionMate, this video-based course covers the relevant topics from the syllabus, to help you prepare for your exam in a memorable way.

E-learn

Available for selected Certificate and Diploma level units

Delivered via RevisionMate, this online tutorial provides interactive study, backed by an assessment tool to check understanding as you progress with your studies. This is designed to complement, not replace, the primary study text. It provides visually engaging and therefore memorable learning. It covers key and difficult topics only, not the entire syllabus.

Audio Revision

Available for selected Diploma in Regulated Financial Planning and Advanced Diploma in Financial Planning units

MP3 audio material for R0 units covers the key elements of each subject. The AF options cover key Diploma learning points that underpin application at Advanced level, together with exam technique guidance. Delivered via RevisionMate, audio files are simple to download and are ideal for on-the-go study.

Video Guide

Delivered through RevisionMate and available for R06 and AF5, video guides are based on the case studies/fact-find released for specific exam sittings and cover the main areas of knowledge that might be applicable for the exam. These will be released over the two weeks prior to the exam.

Please refer to the relevant revision aid shop page for more information on the enrolment duration.

Professional Map

Professional Map

The Professional Map is the international benchmark for professional excellence in the insurance and personal finance professions. This market-led competency framework and career development tool outlines the professional behaviours and technical expertise needed to thrive in your role, advance your career and develop teams.

Built around three key pillars

At the core of the Professional Map are three key components guiding your professional journey:

- **Technical expertise:** refers to the role-specific knowledge and skills you need to excel in your role, i.e. *what* you know.
- **Behaviours:** refer to the mind-set and actions that shape decision-making and work relationships, i.e. *how* you apply what you know.
- **Enablers:** refer to the awareness and understanding of aspects of your working environment that facilitate professional practice.

For practitioners and team leaders

The Professional Map empowers you to navigate your career development and build effective teams. Use it to:

- **Enhance your skillset:** Gain valuable insights to personalise your development journey.
- **Guide your career:** Prepare confidently for appraisals and job applications.
- **Empower your team:** Articulate expectations and promote a culture of growth.

Why not start by self-assessing your skills: ciigroup.org/en/professional-map/individuals/self-assess-your-skills

For employers

The Professional Map is a strategic asset for organisations: it identifies the future-focused skills needed to drive innovation and meet changing customer needs, underpinned by ethics and professionalism. Use it across the entire employee life cycle and connect talent management and professional development to better business and customer outcomes.

Testimonials

"The map outlines industry-wide competency standards across various roles, ensuring consistency and setting a benchmark for excellence" Claims manager

"I feel empowered to take charge of my professional development and it's helped me to communicate my goals to key stakeholders with ease" Graduate broker

Chartered Insurance Institute

Chartered status is the globally recognised badge of professionalism among employers, consumers and businesses. It demonstrates your commitment to putting customers first, upholding ethical standards, and maintaining your technical knowledge.

"It is very important to me that the financial planning industry becomes recognised as a leader in professionalism, integrity and trust. This is at the heart of everything I do and achieving Chartered status, in my eyes, is the benchmark that everyone in the industry should aspire to and also ensures that there is a framework in place for industry goals to be achieved."

Max Folland
Chartered Financial Planner

Accredited by your professional body

Chartered status is awarded to members of the Chartered Insurance Institute and Personal Finance Society who hold one of our Advanced Diplomas and have at least five years' experience within the insurance and/or personal finance professions.

Wearing the badge with pride

Attaining Chartered status is challenging and takes commitment. However, once you have achieved the accolade, you can proudly demonstrate your commitment by applying the Chartered logo to your stationery and personal communications.

Fellowship status demonstrates to the world that you have attained and maintained the highest and most prestigious level of professional achievement. Holders of the Advanced Diploma who meet the full eligibility requirements have the opportunity to apply for Fellowship.

The Fellowship programme has been designed on the basis that each individual is in the best position to evaluate what development needs they have and how best to address these needs. The programme is designed to give you control of the way you progress your own career while also working towards Fellowship. It gives you the ability to select a path to Fellowship which fits your own skills, interests and development needs.
