5 4 questions	Understand the management of underwriting by the coverholder/managing general agent (MGA).	5.1	Explain why certain classes of business are most commonly underwritten within delegated authority.	5.1.1	Nature and characteristics of homogeneous and heterogeneous risks.
				5.1.2	Reasons why certain risks would be bound with a delegated authority.
		5.2	Examine how a delegated underwriting function and portfolio is assessed and managed by the coverholder/MGA.	5.2.1	Role of a business plan in a coverholder/MGA's business strategy.
				5.2.2	Main considerations for a coverholder/MGA when establishing a delegated authority.
				5.2.3	Specific issues relating to multiple delegated authorities.
				5.2.4	Management information, including main areas to review.
		5.3	Explain how aggregate exposures can be managed.	5.3.1	Definition of exposure management.
				5.3.2	How to analyse exposure, including risks to an insurer.
		5.4	Explain the underwriting process including where risks fall outside authority.	5.4.1	The main stages of the underwriting process.
				5.4.2	Main factors to consider when evaluating a presented risk.
				5.4.3	Main factors to consider when accepting a risk.
				5.4.4	Dealing with risks that fall outside a delegated authority.
6 4 questions	Understand the management of claims by the coverholder/MGA.	6.1	Examine the different approaches to claims management under delegated authorities.	6.1.1	The options for claims handling.
				6.1.2	The benefits and risks of delegating authority for claims.
		6.2	Explain good claims handling practice and key claims issues by the coverholder/MGA.	6.2.1	Definition of claims handling.
				6.2.2	Stages of claims handling.
				6.2.3	Legal and regulatory issues, including ICOBS rules on claims.
				6.2.4	The role of data, including analysis and audit.
		6.3	Explain the purpose, benefits and risks of loss funds.	6.3.1	Main types of loss fund, including their purpose in the claims process.
				6.3.2	Benefits and risks to an insurer and coverholder/MGA of a loss fund.
				6.3.3	Operation of a loss fund.

Learning Outcome		Assessment Criteria		Indicative Content	
7 5 questions	Understand key business support functions within the coverholder/MGA.	7.1	Explain ways in which business can be marketed and developed.	7.1.1	Main factors an insurer would consider in using a delegated authority for business development.
				7.1.2	Main sources of business generation from a delegated authority.
				7.1.3	Commercial benefits and risks to an insurer from using a delegated authority.
		7.2	Explain policy documentation processes and procedures.	7.2.1	The policy documentation that can be issued under a delegated authority.
				7.2.2	Benefits and risks of policy issuance under a delegated authority.
				7.2.3	Specific issues relating to policy issuance, including record keeping requirements.
		7.3	Explain the handling of premiums and claims monies.	7.3.1	The premium handling and claims fund processes under a delegated authority.
				7.3.2	Main factors to consider when handling premium and claim monies.
				7.3.3	The claims settlement process, including the use of a loss fund.
				7.3.4	Main risks to an insurer from a coverholder/MGA handling premium and client monies.
		7.4	Explain data capture and the reporting requirements under delegated authorities.	7.4.1	Reasons for data capture, including identification of relevant data.
				7.4.2	The main reporting requirements for an insurer.
				7.4.3	Reporting requirements on a coverholder/MGA, including Lloyd's reporting standards.
				7.4.4	Reporting requirements under a lineslip and a consortium.
				7.4.5	Benefits to an insurer and coverholder of good IT systems.

Learning Outcome		Assessment Criteria		Indicative Content	
8 6 questions	Understand the monitoring and auditing of the delegated authority by the insurer.	8.1	Explain the indicators of good and poor coverholder/MGA financial performance and operational controls.	8.1.1	The main indicators of performance, including the differences between good and poor performance.
				8.1.2	Standard approach, including the six-step process.
		8.2	Explain how performance can be monitored.	8.2.1	Main types of performance monitoring, including bordereau analysis.
				8.2.2	Use of service levels, including the main categories.
		8.3	Explain how to manage on-going quality and underperformance.	8.3.1	Reasons for underperformance within a delegated authority.
				8.3.2	Options for an insurer when assessing underperformance.
		8.4	Explain how audits are conducted and the benefits to all parties of regular audits.	8.4.1	Audits, including their purpose and operation.
				8.4.2	Benefits of an audit.
				8.4.3	The standard audit template, including the main sections and content.
