CII POLICY STATEMENT ON WELSH-MEDIUM QUALIFICATIONS

The CII is committed to the provision of high-quality qualifications and assessments to learners in Wales. However, due to low demand, the CII does not currently offer, or propose to offer, regulated qualifications through the medium of Welsh.

All qualifications and assessment policies are reviewed periodically or in response to regulatory and legislative change, trends in professional or educational practice or other customer and member needs.

If you have identified a requirement for a Welsh language qualification, please contact feedback@cii.co.uk to share your suggestion.
