Egis group

Egis is an international player active in the consulting, construction engineering and mobility service sectors.

We design and operate intelligent infrastructure and buildings capable of responding to the climate emergency and helping to achieve more balanced, sustainable and resilient territorial development.

With operations in 120 countries, Egis places the expertise of its 18,000 employees at the disposal of its clients and develops cutting-edge innovation accessible to all projects.

Improving people's quality of life and supporting communities in their social and economic development, whilst drastically reducing carbon emissions and achieving vital 2050 net zero targets, that's our purpose.

Egis has been in Ireland for 30 years and our services span all aspects of transport, infrastructure and the built environment. JB Barry and Partners joined Egis in 2023, bringing an engineering pedigree established over sixty years in Ireland. Together we offer an end-to-end service to our clients, from idea to design to operation.

Our global offering

Throughout the project value chain

Mobility

Urban transport

- Metro
- Tram
- Bus
- Cable cars

Structures

- Tunnels
- Bridges and viaducts

Intercity and long distance transportation

- Railways
