Financial and operational update

- Global portfolio generation for the third quarter was 9.8% above budget, supported by solar resource 10.7% ahead of expectations. The UK and Australia were the principal drivers, as above-budget generation helped more than offset weaker performance in Spain.
- For the nine months to 30 September 2026, global portfolio generation was 0.8% below budget, while solar resource was 4.3% ahead of expectations. Financial performance was strong, with earnings before interest, tax, depreciation and amortisation (EBITDA) 8% above budget.
- The Investment Manager is progressing with targeted sales. One of the negotiations it has been working on has moved into exclusivity. The Company will update the market in due course.
