Characteristics

Paper cord is a durable material made of unbleached paper, which will gain a beautiful patina over time.

Care & Maintenance

- Paper cord is relatively low maintenance.
- Carefully use a soft damp cloth with a colorless soap to clean the paper cord.
- Do not use abrasive cleaning.
- Discoloration of the material may occur if liquid with intense colors is spilled on the cord without immediate removal.

The information included in these materials is guidance on the proper care and maintenance of GUBI products, but this guidance can not be considered a guarantee of specific results. GUBI is not liable for any damage resulting from care and maintenance activities. Information from suppliers of chemicals and cleaning solvents, including but not limited to label instructions, should always be followed.
