Join us for a *tiger-iffic* group day out

Will you spot our new arrivals when you enjoy the Safari Park – the first to open outside of Africa? These four cubs arrived in 2024 to mum Yana and dad Red. They are now exploring Tiger Territory and may be out when you travel through on your coach.

The park is home to the famous Lions of Longleat as well as more than 100 other wild animals including our other new residents, a pack of African painted dogs, which can be seen through a glass fronted look out in African Village, where you can also feed giraffes in the summer season!
