

PUMA VCT 13

PROSPECTUS

## THIS DOCUMENT IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION

If you are in any doubt about the action to be taken, you should immediately consult a person authorised under the Financial Services and Markets Act 2000 ("FSMA") who specialises in advising on the acquisition of shares and other securities.

This document, which comprises a prospectus dated 5 August 2021 relating to Puma VCT 13 plc (the "Company") has been prepared in accordance with the Prospectus Regulation Rules of the Financial Conduct Authority ("FCA") made under section 73A of FSMA (the "Prospectus Regulation Rules"). This document has been approved by the FCA as competent authority under the UK version of Regulation (EU) 2017/1129 as it forms part of UK law by virtue of the European Union (Withdrawal) Act 2018 (the "UK Prospectus Regulation"). The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the UK Prospectus Regulation. Such approval should not be considered an endorsement of the Company that is, or the quality of the securities that are, the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the securities. This Prospectus has been drawn up as part of a simplified prospectus in accordance with article 14 of the UK Prospectus Regulation.

**The contents of this document and the information incorporated herein by reference should not be construed as legal, business or tax advice. Neither the Company nor any of its Directors or representatives are making any representation to any offeree or purchaser or acquirer of the Ordinary Shares regarding the legality of an investment in the Ordinary Shares by such offeree or purchaser or acquirer under the laws applicable to such offeree or purchaser or acquirer.**

**Your attention is drawn to the risk factors set out on pages 10 to 13 of this document. Prospective Investors should read the whole text of this document and should be aware that an investment in the Company involves a high degree of risk and should make the decision to invest only after careful consideration and, if appropriate, consultation with an independent financial adviser. All statements regarding the Company's business, financial position and prospects should be viewed in light of such risk factors.**

The Directors of the Company, whose names appear on page 15 of this document, together with the Company, accept responsibility for the information contained herein. To the best of the knowledge of the Directors and the Company the information contained in this document is in accordance with the facts and this document makes no omission likely to affect its import. To the extent information has been sourced from a third party, this information has been accurately reproduced and, as far as the Directors and the Company are aware, no facts have been omitted which may render the reproduced information inaccurate or misleading. In connection with this document, no person is authorised to give any information or make any representation other than as contained in this document.

The Ordinary Shares of the Company in issue at the date of this document are listed on the premium segment of the Official List and traded on the London Stock Exchange's main market for listed securities. Application will be made for the Ordinary Shares to be issued pursuant to the offer for subscription (the "Offer") to be admitted to a premium listing on the Official List of the Financial Conduct Authority. Application will also be made to the London Stock Exchange for such Ordinary Shares to be traded on its main market for Listed Securities. It is expected that such admission will become effective, and that trading will commence, in respect of such shares within 10 Business Days of their allotment.

Subject to FSMA, the Prospectus Regulation Rules and applicable laws, the delivery of this document shall not, under any circumstances, create any implication that there has been no change in the affairs of the Company since the date of this document or that the information in this document is correct as at any time after this date.

Howard Kennedy Corporate Services LLP is acting as sponsor and Puma Investment Management Limited is acting as promoter in connection with the Offer, both of whom are authorised and regulated by the Financial Conduct Authority. Neither Howard Kennedy nor Puma Investment Management Limited are advising any other person or treating any other person as a customer or client in relation to the Offer, nor, subject to the responsibilities and liabilities imposed by FSMA or the regulatory regime established thereunder, will they be responsible to any such person for providing the protections afforded to their respective customers or clients or for providing advice in connection with the Offer.

## KEY INFORMATION ON THE ISSUER

### Who is the Issuer of the Securities?

<b>Domicile and legal form</b>	<p>The Company is domiciled in England and was incorporated and registered in England and Wales on 15 September 2016 as a public company limited by shares under the Companies Act 2006 (the "Act") with registered number 10376236 (LEI:213800RT5DKKL9FMGO10).</p> <p>The principal legislation under which the Company operates is the Act and the regulations made thereunder.</p>
<b>Principal Activities</b>	<p>The Company is a generalist VCT (formed as a closed-ended investment company) which will target investments in unquoted companies with a strong management team, a proposition that is commercially validated through sales volume, a clear and comprehensive plan for growth, and operating in a well-defined market niche.</p> <p><b>Summary of Investment Policy</b></p> <p>In line with the legislative framework governing the Company, the Company's investment policy is designed to comply with VCT legislation, which is key to the proposition being offered to Investors.</p> <p>The Company will target investments in unquoted companies with a strong management team, a proposition that is commercially validated through sales volume, a clear and comprehensive plan for growth, which operate in a well-defined market niche.</p> <p>The Company seeks to build up a diversified portfolio of investments which should allow the Company to capture significant upside from individual positions but also provide resilience in the event of an economic downturn. Given current global macro-economic uncertainties, the Directors believe this is attractive positioning from a risk-adjusted-return perspective.</p> <p>Unquoted investments are likely to be in the form of ordinary shares but may use other instruments including, but not limited to, loan stock, convertible securities and fixed interest securities. The Company may also invest in stocks that are quoted on the London Stock Exchange (including AIM) and on AQSE; such stocks may include ordinary shares, preference shares and/or loan stock (which may be unsecured). As well as quoted securities, the Company may hold investments in permitted funds, including interest bearing money market open-ended investment companies (OEICs) in addition to cash on deposit.</p>

**Principal Activities**

(CONTINUED)

**Restrictions**

The Company has to satisfy a number of tests to qualify as a VCT and will be subject to various rules and regulations in order to continue to qualify as a VCT. In addition, the following restrictions are imposed upon the Company under the rules relating to admission to the Official List:

- (a) it, or any of its subsidiaries, must not conduct any trading activity which is significant in the context of the group as a whole;
- (b) it must not invest more than 10% in aggregate of the value of its total assets (at the time the investment is made) in other listed closed-ended investment funds except listed closed-ended investment funds which themselves have published investment policies to invest no more than 15% of their total assets in other closed-ended investment funds; and
- (c) it must manage and invest its assets in accordance with its investment policy, which contains information about the policies which it will follow relating to asset allocation, risk diversification and gearing and which includes maximum exposure.

**Major Shareholders**

As at 4 August 2021, being the last practicable date prior to the publication of this document, the Company was aware of the following:

50,000 Redeemable Preference Shares of £1 each in the capital of the Company were issued to Puma Investment Management Limited for the purposes of obtaining a trading certificate for the Company to commence its business.

3,895,834 Ordinary Shares were issued to the Management Team as part of the previous performance incentive arrangements, and represented 20 per cent of the issued Ordinary Share capital of the Company following the close of the initial fundraisings that were launched by the Company in 2017 and 2018. Of those shares, 1,383,021 Ordinary Shares are held by Shore Capital Group Investments Limited (which, as at 4 August 2021 (being the last practicable date prior to the publication of this document) represent 4.89% of the issued ordinary share capital of the Company).

As at the date of this document, the Directors are not aware of any person or persons who, or following the Offer will or could, directly or indirectly, jointly or severally, exercise control over the Company.

**Directors**

The Directors of the Company (all of whom are non-executive) are:

**What are the key risks that are specific to the issuer?**

**Set out below is a summary of the most material risk factors specific to the issuer**

- The Covid-19 pandemic and the measures taken to control the outbreak have led to volatility and a substantial decline in stock markets and other financial markets around the world and a downturn in the global economy. The future development and the long-term impacts of the outbreak are unknown and it remains to be seen how and when the global economy and financial markets will recover from the impact of the pandemic and what effect any secondary outbreaks may have on the global economy and financial markets. The exact effect of these on the Company's investee companies is, therefore, difficult to predict and, with general disruption caused by the pandemic, will make it more difficult to value the Company's investments in investee companies on an on-going basis and to determine future income streams from the Company's investment portfolio, which may have an effect on the price at which investors can sell their Ordinary Shares.
- The Finance Act 2018 introduced a new "risk-to-capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses, and away from investments which could be regarded as lower risk. The potential penalty for contravention of these rules can include loss of VCT status with a resultant clawback of VCT tax reliefs from Investors. HMRC have stated that VCT status will not be withdrawn where an investment is ultimately found to be non-qualifying if, after taking reasonable steps including seeking advice, a VCT considers that an investment is qualifying.
- Investments made by the Company may be in companies whose shares are not publicly traded or readily marketable and, therefore, may be difficult to realise. Such investments may also be highly volatile and, therefore, be exposed to losses if realisation is required when falls in value have been experienced. As a result the Company may be subject to substantial losses in relation to these investments.
- The income received from the Company's investment portfolio, whether prior to or after being fully invested, may not meet the Company's expectations. As a result, paying out an annual dividend may erode the capital value of the Company. The ability to pay the intended dividends to Investors may also be constrained by, amongst other things, the existence of realised profits, legislative requirements and the available cash reserves of the Company.
- The Company will invest in companies with gross assets of not more than £15 million immediately prior to investment (and £16 million immediately after the investment) and with fewer than 250 employees (or 500 employees in the case of a Knowledge Intensive Company) at the point of investment. Such companies are generally private companies that have a higher risk profile than larger "blue chip" companies. Such investments usually involve specific deal structuring and depend on the accuracy of due diligence. Standards of corporate governance in private companies are generally lower than in quoted investments and are often dependent on minority investor protections. These investments involve a higher degree of risk than would investments in larger or longer-established businesses and can result in substantial losses for the Company.
- There can be no guarantee that the Company will fulfil the criteria to obtain, or to enable it to maintain, full VCT status. If the Company loses its approval as a VCT before Investors have held their shares for five years, the 30% income tax relief obtained will have to be repaid by such Investors. Following a loss of VCT status, an Investor will be taxed on dividends paid by the Company, and, in addition, a liability to capital gains tax may arise on any subsequent disposal of Ordinary Shares.
- Corporate or UK Government bonds are loans to a company or the UK Government ("counterparty"). Should the counterparty to a loan become bankrupt or be unable to pay back the loan, the Company may lose some or all of such an investment.
- It is possible for Investors to lose their tax reliefs by themselves taking or not taking certain steps, and Investors are advised to take their own independent financial advice on the tax aspects of their investment.

## KEY INFORMATION ON THE SECURITIES

### What are the main features of the securities?

<b>Type, class and ISIN of securities</b>	The Company will issue new ordinary shares of £0.0005 each under the Offer. The ISIN of the Ordinary Shares is GB00BD5B1L68.
<b>Currency, par value and number to be issued</b>	The currency of the Ordinary Shares is Sterling, having a par value of £0.0005 each and pursuant to the Offer the Company will issue up to £25,000,000 of Ordinary Shares with an over-allotment facility for up to a further £5,000,000 of Ordinary Shares.
<b>Rights attaching to the securities</b>	<p><b>As regards Income:</b></p> <p>The holders of Ordinary Shares shall be entitled to receive such dividends as the Directors resolve to pay out in accordance with the Articles.</p> <p><b>As regards Capital:</b></p> <p>On a return of capital on a winding up or otherwise (other than on redemption or purchase of shares) the assets of the Company available for distribution shall be divided amongst the holders of Ordinary Shares pro rata to their respective holdings of such shares, in accordance with the Articles of Association.</p> <p><b>As regards voting and general meetings:</b></p> <p>Subject to disenfranchisement in the event of non-compliance with a statutory notice requiring disclosure as to beneficial ownership, and subject to any special terms as to voting upon which any shares may have been issued, or may for the time being be held, each holder of Ordinary Shares present in person or by proxy shall on a poll have one vote for every holder of Ordinary Share of which he is a holder.</p> <p><b>As regards Redemption:</b></p> <p>The Ordinary Shares are not redeemable.</p>
<b>Seniority of securities</b>	The Ordinary Shares that are the subject of the Offer will rank equally with the existing Ordinary Shares in the event of an insolvency of the issuer.
<b>Restrictions on the free transferability of the securities</b>	There are no restrictions on the free transferability of the Ordinary Shares.
<b>Dividend policy</b>	The Company intends to pay annual dividends as the portfolio matures. Over time it seeks to achieve an average dividend payment in the range 4p to 6p per Ordinary Share per annum. The Company expects to be in a position to make such annual payments from income received from its investments, which may also be paid in the form of special dividends if portfolio companies are sold at a profit. The income received from the Company's investment portfolio should increase over the life of the Company as the number of investments made rises. Accordingly, the Company anticipates that earlier dividends may be lower than this range but that annual dividends in subsequent years may be correspondingly higher so that the target of an annual dividend payment equivalent to 4p to 6p per Ordinary Share per annum is achieved. The Company's ability to pay dividends is not guaranteed and is subject to adequate distributable reserves, legislative requirements and the available cash reserves of the Company. No forecast or projection is expressed or implied.
<b>Where will the securities be traded?</b>	The existing Ordinary Shares are admitted to the premium segment of the Official List and admitted to trading on the London Stock Exchange's main market for listed securities Applications will be made to the FCA for the Ordinary Shares issued pursuant to the Offer to be admitted to the premium segment of the Official List and to the London Stock Exchange to be admitted to trading on the London Stock Exchange's main market for listed securities. It is expected that each such admission will become effective, and that dealings in those Ordinary Shares will commence, within ten Business Days of their allotment.
<b>What are the key risks that are specific to the securities?</b>	<p><b>Set out below is a summary of the most material risk factors specific to the securities</b></p> <ul style="list-style-type: none"> <li>It is anticipated that the Ordinary Shares issued pursuant to the Offer will be admitted to the premium segment of the Official List and will be traded on the London Stock Exchange's market for listed securities. The secondary market for VCT shares is generally illiquid and there may be a limited market in the Ordinary Shares. Investors may, therefore, find it takes longer to realise their investment, or that they cannot obtain a price for their Shares that reflects the underlying NAV of the Ordinary Shares, or that they cannot realise their investment.</li> <li>Investors who sell their Ordinary Shares within five years of allotment will have to repay some or all of their initial income tax relief depending on the sale proceeds.</li> </ul>

## KEY INFORMATION ON THE OFFER OF SECURITIES TO THE PUBLIC AND/OR ADMISSION TO TRADING ON A REGULATED MARKET

Under which conditions and timetable can I invest in this security?

### Amount of Offer

The Offer Shares will be offered at the Offer Price, payable in full upon application. The Company is proposing to raise up to £25,000,000 pursuant to the Offer (up to £30,000,000 if the over-allotment facility is utilised in full).

### Pricing of the Offer

The number of Ordinary Shares to be issued to each applicant will be calculated based on the following Allotment Formula ,

Number of Offer Shares = amount remitted, less

- (i) the Initial Fee
- (ii) the applicant's Adviser Charges
- (iii) an amount equal to 0.6% of the Investor's application monies (in relation to their contribution to the Offer Costs)

divided by latest published NAV per Ordinary Share as at the date of allotment, adjusted for any subsequent dividends for which the record date has passed, rounded down to the nearest whole Ordinary Share.

Subject to any discounts for existing Puma Investors, the Initial Fee is 3% of the investment amount for applications.

The Offer opens on 5 August 2021 and will close no later than 5 April 2022 for Ordinary Shares to be allotted in the 2021/22 tax year and no later than 2 June 2022 for Ordinary Shares to be allotted in the 2022/23 tax year. The Directors, in their absolute discretion, may decide to increase the Offer by a further £5,000,000, close the Offer earlier or extend the closing date to a date no later than 27 July 2022.

It is expected that the admission to trading on the London Stock Exchange's main market for listed securities of the Ordinary Shares that are the subject of the Offer will become effective within ten Business Days of their allotment.

### Expenses Charged to the Investor

The estimated expenses charged to the Investor by the Company are as follows:

#### **Investor not receiving financial advice**

For an Investor under the Offer who is not advised by a Financial Adviser or has elected to settle their Adviser Charge direct, the costs of the Offer will be the Initial Fee attributable to the subscription for Ordinary Shares, being up to 3% of the value of the amount of the subscription monies received by the Company in respect of that Investor's application (any lower amount being at the discretion of the Investment Manager), although this is not an expense charged directly to an Investor by the Company as it is charged to the Company by the Promoter. An Investor will also bear the responsibility in relation to certain Offer Costs (see below).

#### **Investor receiving financial advice**

For an Investor under the Offer who is advised by a Financial Adviser and has agreed that the Registrar should make the payment of its Adviser Charge on its behalf, the costs of the Offer will be the Initial Fee attributable to the subscription for Ordinary Shares, being 3% of the value of the amount of the subscription monies received by the Company in respect of that Investor's application after the deduction of any Adviser Charges, payment of which is made by the Registrar on behalf of the Investor prior to subscription for Ordinary Shares. In addition, the Investor will bear the responsibility in relation to certain Offer Costs (see below).

#### **Costs and commissions**

Out of these Initial Fees the Investment Manager will be responsible for paying initial and trail commission to execution only brokers.

In relation to each Investor's application, the Allotment Formula set out above (which will be used to determine how many Offer Shares an Investor will receive in relation to their application monies) will factor into each application the Investor's contribution to the Offer Costs. Such a contribution to the Offer Costs will reduce the number of Offer Shares allotted to an Investor in relation to their application monies.

**Under which conditions and timetable can I invest in this security?**

(CONTINUED)

Authorised financial intermediaries in respect of execution only clients where no advice or personal recommendation has been given will usually be entitled to an initial commission of 1% of the amount payable in respect of the Ordinary Shares allocation for each Application. Additionally, provided that such intermediary continues to act for the client and the client continues to be the beneficial owner of the Ordinary Shares, such authorised financial intermediaries will usually be paid an annual trail commission by the Promoter of 0.35% of the Net Asset Value for each such Share for 5 years. The Investment Manager may, in certain circumstances, agree to pay enhanced commission over and above these terms, but any such enhanced commissions will not be payable by either the Investors or the Company.

The Directors may, at their discretion, allow an enhanced share allocation for Investors who have invested in other Puma VCs or for any other Investors at their discretion.

**Dilution**

The existing issued Ordinary Shares will represent 55.2% of the enlarged Ordinary Share capital of the Company immediately following the Offer, assuming (i) the Offer is fully subscribed, including the over-allotment facility, (ii) with an Offer Price based on the applicable NAV per Ordinary Share for allotment of 125.77p and (iii) an Initial Fee of 3% applies to all subscriptions, and on that basis Shareholders who do not subscribe under the Offer will, therefore, be diluted by 44.8%.

**Why is this prospectus being produced?**

The reason for the Offer is to enable the Company to raise funds and then use a minimum of 80% of the proceeds of the Offer to acquire over a period not exceeding three years (and subsequently maintain) a portfolio of Qualifying Investments in accordance with its published investment policy.

Assuming a full subscription of £30,000,000 of Ordinary Shares (with the over-allotment facility fully utilised) and an Initial Fee of 3% on all such subscriptions, the estimated maximum net proceeds of the Offer is £28.92 million.

The Offer is not subject to an underwriting agreement.

No conflict of interest is material to the Offer.

Prospective Investors should consider carefully the following material risk factors, as well as the other information in this Prospectus, before investing. Prospective Investors should read the whole of this Prospectus and not rely solely on the information in this section entitled "Risk Factors". The business and financial conditions of the Company could be adversely affected if any of the following risks were to occur and as a result the market price of the Ordinary Shares could decline and Investors could lose part or all of their investment.

Prospective Investors should be aware that the value of Ordinary Shares can fluctuate and that they may not get back the full amount they invest. In addition, there is no certainty that the market price of Ordinary Shares will fully reflect the underlying net asset value, that Shareholders will be able to realise their shareholding or that any dividends will be paid. An investment in the Company should be viewed as a higher-risk, longer-term investment.

The Directors draw the attention of potential Investors to the following risk factors which may affect an investment, the Company's performance and/or the availability of tax reliefs. The Company and the Directors consider the following risks to be material for prospective Investors, but the risks listed below do not necessarily comprise all those associated with an investment in the Company. Additional risks and uncertainties currently unknown to the Company and the Directors (such as changes in legal, regulatory or tax requirements), or which the Company and the Directors currently believe are immaterial, may also have a materially adverse effect on the financial condition or prospects of the Company or on the market price of Ordinary Shares.

### **RISKS RELATING TO THE ORDINARY SHARES**

- It is anticipated that the Ordinary Shares issued pursuant to the Offer will be admitted to the premium segment of the Official List and will be traded on the London Stock Exchange's market for listed securities. The secondary market for VCT shares is generally illiquid and there may be a limited market in the Ordinary Shares. Investors may, therefore, find it takes longer to realise their investment, or that they cannot obtain a price for their Shares that reflects the underlying NAV of the Ordinary Shares, or that they cannot realise their investment.
- Investors who sell their Ordinary Shares within five years of allotment will have to repay some or all of their initial 30% income tax relief depending on the sale proceeds and it is, therefore, probable that the market in the Ordinary Shares will be illiquid for at least five years.

- If the Company loses its approval as a VCT before Investors have held their shares for five years, the income tax relief obtained will have to be repaid by such Investors. Following a loss of VCT status, an Investor will be taxed on dividends paid by the Company and, in addition, a liability to capital gains tax may arise on any subsequent disposal of their Ordinary Shares.

### **RISKS RELATING TO THE COMPANY**

- The Covid-19 pandemic and the measures taken to control the outbreak have led to volatility and a substantial decline in stock markets and other financial markets around the world and a downturn in the global economy. The future development and the long-term impacts of the outbreak are unknown and it remains to be seen how and when the global economy and financial markets will recover from the impact of the pandemic and what effect any secondary outbreaks may have on the global economy and financial markets. The Company's investee companies may be impacted by the pandemic, the UK Government's restrictions and the resulting disruption caused to consumer demand. The UK Government has provided financial support and implemented fiscal measures to support small businesses. The UK Government may vary significantly the restrictions it has imposed on business activities, the financial support it is currently providing to businesses and the other fiscal measures it has taken. The exact effect of these on the Company's investee companies is, therefore, difficult to predict and, with the general disruption caused by the pandemic, will make it more difficult to value the Company's investments in investee companies on an on-going basis and to determine future income streams from the Company's investment portfolio, which may have an effect on the price at which investors can sell their Ordinary Shares.
- The Finance Act 2018 introduced a new "risk-to-capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses, and away from investments which could be regarded as lower risk. The potential penalty for contravention of these rules can include loss of VCT status with a resultant clawback of VCT tax reliefs from Investors. HMRC have stated that VCT status will not be withdrawn where an investment is ultimately found to be non-qualifying if, after taking reasonable steps including seeking advice, a VCT considers that an investment is qualifying.
- The income received from the Company's investment portfolio, whether prior to or after being fully invested, may not meet the Company's expectations. As a result, paying out an annual dividend may erode the capital value of the Company. The ability to pay the intended dividends to Investors may also be constrained by, amongst other things, the existence of realised profits, legislative requirements and the available cash reserves of the Company.
- The Company will invest in companies with gross assets of not more than £15 million immediately prior to investment (and £16 million immediately after the investment) and with fewer than 250 employees (or 500 employees in the case of a Knowledge

Intensive Company) at the point of investment. Such companies are generally private companies that have a higher risk profile than larger "blue chip" companies. Such investments usually involve specific deal structuring and depend on the accuracy of due diligence. Standards of corporate governance in private companies are generally lower than in quoted investments and are often dependent on minority investor protections. These investments involve a higher degree of risk than would investments in larger or longer-established businesses and can result in substantial losses for the Company.

- There can be no guarantee that the Company will fulfil the criteria to obtain, or to enable it to maintain, full VCT status. If the Company loses its approval as a VCT before Investors have held their shares for five years, the 30% income tax relief obtained will have to be repaid by such Investors. Following a loss of VCT status, an Investor will be taxed on dividends paid by the Company and, in addition, a liability to capital gains tax may arise on any subsequent disposal of Shares.
- It is possible for Investors to lose their tax reliefs by themselves taking or not taking certain steps, and Investors are advised to take their own independent financial advice on the tax aspects of their investment.
- Unquoted investments of the Company will be valued at fair value in accordance with the IPEV Guidelines. However, in many cases valuations may take into account stock market price earnings ratios for the relevant industry sectors, discounted for non-marketability. The general disruption caused by the virus, and its effects on stock markets globally, may make the valuation of the Company's investments on an on-going basis more difficult.
- The Company intends to pay annual dividends as the as the portfolio matures. Over time it seeks to achieve an average dividend payment in the range 4p to 6p per Ordinary Share per annum. The Company expects to be in a position to make such annual payments from income received from its investments and proceeds from disposals of those investments, which may also be paid in the form of special dividends if portfolio companies are sold at a profit. The income received from the Company's investment portfolio should increase over the life of the Company, as the number of investments made rises. Accordingly, the Company anticipates that earlier dividends may be lower than this range but that annual dividends in subsequent years may be correspondingly higher so that the target of an annual dividend payment equivalent to 4p to 6p per Ordinary Share per annum is achieved. However, this is not guaranteed and, in any event, the income received from the Company's investment portfolio, whether prior to or after being fully invested, may not meet the Company's current expectations. As a result, paying out such a dividend may erode the capital value of the Company. The ability to pay the intended dividends and is subject to, amongst other things, adequate distributable reserves, legislative requirements and the available cash reserves of the Company.
- Investment in unquoted companies, by its nature, involves a higher degree of risk than investment in listed companies. In particular, small companies often have limited product lines, markets or financial resources and may be dependent for their management on a small number of key individuals and may be more susceptible to political, exchange rate, taxation and other regulatory changes. In addition, the market for securities in smaller companies is usually less liquid than that for securities in larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such securities. Returns for investors will, therefore, be uncertain and involve a higher degree of risk than investment in a listed company.
- The process of the UK leaving the European Union was completed on 31 December 2020. This may lead to unpredictable economic circumstances, in particular, in relation to currency movements which may have a positive or negative impact. In addition, regulatory changes brought about as a result of Brexit may have an unfavourable impact on the Company and the Investment Manager, in particular, the emerging terms may adversely affect the Company's business model, business operations, or financial results or have an impact on sales demand, material and labour costs, and the availability and cost of finance, for an underlying investee company. These factors could have an adverse effect on the Net Asset Value per Share, the operations of the Company and the success of future capital raisings by the Company.
- The ability to pay dividends will be constrained by, in particular, the existence of realised profits, regulations and the available cash reserves of the Company. There can be no assurance that any dividends or distributions will be paid in respect of any financial year or period and no guarantee as to the level of any future dividends or distributions to be paid by the Company. No forecast or projection is implied or inferred.

## RISKS CONCERNING VCTs AND TAX RELIEF

- The Directors are committed to maintaining the Company's VCT status but there can be no guarantee that the Company will fulfil the criteria to obtain, or to enable it to maintain full VCT status thereafter. If the Company loses its approval as a VCT before Investors have held their Shares for five years, the 30% income tax relief obtained will have to be repaid by such Investors. Following a loss of VCT status, an Investor will be taxed on dividends paid by the Company, a liability to capital gains tax may arise on any subsequent disposal of Shares by an investor and the Company may be subject to corporation tax on any gains it makes.
- Following recent legislative changes, restrictions imposed in relation to the non-qualifying investments which may be held by VCTs have been clarified. The Non-Qualifying Investments described in this document, which may be held by the Company, are based on the current interpretation of applicable legislation and practice following advice received by the Company from its advisers. However, there is a risk that

# 12 Risk factors

## (continued)

HMRC's interpretation of what constitutes a permitted Non-Qualifying Investment may be more restrictive.

- The Finance Act 2018 introduced a new "risk-to-capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses, and away from investments which could be regarded as lower risk. The Company may not make any prohibited non-qualifying investments, including those which breach the "risk-to-capital" condition, and the potential penalty for contravention of these rules can include loss of VCT status with a resultant clawback of VCT tax reliefs from Investors. HMRC have stated that VCT status will not be withdrawn where an investment is ultimately found to be non-qualifying if, after taking reasonable steps including seeking advice, a VCT considers that an investment is qualifying. However, HMRC may require rectification of the breach, which may mean that the VCT is forced to dispose of the investment at a loss.
- It is possible for Investors to lose their tax reliefs by themselves taking or not taking certain steps, and Investors are advised to take their own independent financial advice on the tax aspects of their investment.
- Investors who sell their Ordinary Shares within five years of allotment will have to repay some or all of their initial income tax relief depending on the sale proceeds.
- There may also be constraints imposed on the realisation of investments in order to maintain the VCT tax status of the Company, and this could have an adverse effect on investor returns.

### **RISKS RELATING TO THE TYPE OF INVESTMENTS THE COMPANY MAY MAKE PURSUANT TO ITS INVESTMENT POLICY**

- Investments made by the Company may be in companies whose shares are not publicly traded or readily marketable and, therefore, may be difficult to realise. The fact that a share is traded on AIM or AQSE does not guarantee its liquidity. There may also be constraints imposed on the realisation of investments to maintain the VCT tax status of the Company.
- The Company may construct for itself a diversified portfolio of such investments. These underlying investments in the portfolio may be highly volatile and therefore be exposed to losses if realisation is required when falls in value have been experienced. Some of these investments may not be regularly traded on an exchange which may impact upon the accuracy of the determination of the net asset value of these investments. These investments may also be illiquid and, therefore, difficult to realise. As a result the Company may be subject to substantial losses in relation to these investments.
- It can take a number of years for the underlying value or quality of the businesses of smaller companies, such as those in which the Company invests, to be fully reflected in their market values which are often also materially affected by

general market sentiment, which can be negative for prolonged periods. This may adversely affect the performance of the Company.

- The Company's portfolio of investments may be subject to market fluctuations including but not limited to changes in inflation and interest rates. There can be no assurance that appreciation will occur or that losses will not be incurred. The ability of the Company to return funds to Shareholders may be adversely affected by illiquidity in underlying assets. It may be difficult to deal in investments for which there is no recognisable market or to obtain reliable information about their value or the extent of the risks to which such investments are exposed. These factors could have an adverse effect on investor returns.
- Securities held by the Company may have redemption or lock-in periods that affect liquidity and which could result in the premature or delayed realisation of investments.
- Corporate or UK Government bonds (in which the Company may invest) are loans to a company or UK Government ("counterparty"). Should the counterparty to a loan become bankrupt or be unable to pay back the loan, the Company may lose some or all of such an investment. Corporate bonds and corporate bond funds are exposed to the risks of changes in bond yields, particularly for medium and longer-dated securities. Capital values may fall as a result of rises in comparative bond yields after an investment is made or as a result of the worsening of the perceived creditworthiness of bond issuers. Any of these factors could have an adverse effect on investor returns.
- Investments in private companies, usually with limited trading records, require specific deal structuring and detailed due diligence, the conclusions of which may subsequently be shown to be incorrect. Standards of corporate governance in private companies are generally lower than in quoted investments and are often dependent on minority investor protections which the Company is able to negotiate in advance. While investments in private companies can offer opportunities for above average capital appreciation, these investments involve a higher degree of risk than would investments in larger or longer-established businesses and can result in substantial losses.
- The Company will invest in companies in accordance with the requirements and restrictions of any VCT legislation in force at the relevant time, currently companies with gross assets of not more than £15 million immediately prior to the investment (and £16 million immediately after the investment) and with fewer than 250 employees (or 500 employees in the case of a Knowledge Intensive Company) at the point of investment. Such companies generally have a higher risk profile than larger "blue chip" companies.
- Underlying investment funds in which the Company may invest may utilise such investment techniques as option transactions, concentrated portfolios, margin transactions, short sales and

futures and forward contracts and other leveraged or derivative transactions which practices can, in certain circumstances, significantly exacerbate any losses and so cause a diminution in the Company's assets.

- Higher income yielding investments do not always return the initial capital intact. Companies which offer higher yields usually carry higher risk than lower yielding companies and may offer higher yields only to compensate for these greater risks.
- Businesses in which the Company invests may incur unplanned costs and delays as a result of statutory and regulatory requirements in areas such as labour and health and safety, or where construction operations do not proceed as planned, which may prevent them from fulfilling their business plans and reduce the level of returns to the Company. Any of these factors could have an adverse effect on investor returns.
- The level of returns from investments may be reduced if there are delays in the investment programme, such that part of the net proceeds of the Offer are held in cash or cash-based similarly liquid investments for longer than anticipated, or if the investments cannot be realised at the expected time and values.

#### **RISKS RELATED TO THE INVESTMENT MANAGER**

- The past performance of the Investment Manager or other funds it manages or advises is no indication of its future performance.
- The Investment Manager will provide discretionary and advisory investment management services to the Company in respect of its portfolio of investments. If the Investment Manager does not perform its obligations in accordance with the agreement regulating the provision of these services, the performance of the Company and/or its ability to achieve or maintain VCT status, may be adversely affected. Shareholders have no direct right of action against the Investment Manager.

# Forward looking statements

Investors should not place undue reliance on forward-looking statements. This Prospectus includes statements that are (or may be deemed to be) "forward looking statements", which can be identified by the use of forward-looking terminology including the various terms "believes", "continues", "expects", "intends", "aims" "may", "will", "would", "should" or, in each case, their negative or other variations or comparable terminology. These forward-looking statements include all matters that are not historical facts. Forward looking statements involve risk and uncertainty because they relate to future events and circumstances. Save in relation to statements concerning working capital adequacy, forward-looking statements contained in this Prospectus, based on past trends or activities, should not be taken as a representation that such trends or activities will continue in the future. Any forward looking statements in this Prospectus do not in any way seek to qualify the working capital statement set out in paragraph 6.13 of this Part 5 of this document, and such statements will be updated as and when required by the FSMA, the UK Prospectus Regulation, the Listing Rules, the DGTR and UK MAR, as appropriate.

This Prospectus contains references to the intention or expectation of the Company to pay annual dividends and over time to seek to achieve an average dividend payment in the range 4p to 6p per Share per annum. The Company expects to be in a position to make such payments from income received from its investments and special dividends if portfolio companies are sold at a profit. The income received from the Company's investment portfolio, whether prior to or after being fully invested, may not meet the Company's current expectations. Accordingly, there can be no guarantee that any such dividend can be maintained and, accordingly, no profit forecast is to be inferred or implied from such statements.

## GOVERNING LAW

Unless otherwise stated, statements made in this Prospectus are based on the law and practice currently in force in England and Wales.

## NON-MAINSTREAM POOLED INVESTMENT STATUS AND UK MIFID LAWS

As the Company is a closed-ended investment company, the Ordinary Shares will be "excluded securities" under the FCA's rules on non-mainstream pooled investments. Accordingly, the promotion of the Ordinary Shares is not subject to the FCA's restriction on the promotion of non-mainstream pooled investments. The Company intends to conduct its affairs so that its Ordinary Shares can be recommended by financial advisers to retail investors in accordance with the rules on the distribution of financial instruments under the UK MiFID Laws. The Directors consider that the Ordinary Shares should be considered "non-complex" for the purposes of the MiFID.

## WEBSITES

Without limitation, neither the contents of the Company's or the Investment Manager's website (or any other website referred to in this Prospectus) nor the content of any website accessible from hyperlinks on the Company's or the Investment Manager's website (or any other website referred to in this Prospectus) is incorporated into, or forms part of this Prospectus.

## WITHDRAWAL

The Company may update the information provided in this Prospectus by means of a supplement if a significant new factor that may affect the evaluation by prospective investors occurs after the publication of this Prospectus or if this Prospectus contains any material mistake or substantial inaccuracy. Any such supplement will be subject to approval by the FCA and will be made public in accordance with the Prospectus Regulation Rules. In the event that the Company is required to publish a supplement prospectus prior to Admission, applicants who have applied for Ordinary Shares under the Offer shall have the right to withdraw their applications for Shares made prior to the publication of the supplement prospectus. Such withdrawal must be made within the time limits and in the manner set out in any such supplement prospectus (which shall be at least two clear Business Days following the publication of the relevant supplement prospectus). If the application is not withdrawn within the stipulated period, any offer to apply for Ordinary Shares under the Offer will remain valid and binding.

# Overview of Puma VCT 13 plc

## > INVESTMENT EXPERTISE

The Investment Manager is part of an organisation that raised its first private equity fund in 1996 and has a 25-year track record of investing in small and medium-sized enterprises in the UK.

## > VCT MANAGEMENT EXPERTISE

Puma VCT 13 is one of 14 Puma VCTs that have been established since 2005, and as a series, the Puma VCTs have invested into 50 qualifying companies, achieving 32 full exits.

## > SCALE-UPS NOT START-UPS

The Company invests in scale-up businesses with a proven product and experienced management teams. By investing in scale-up, high-growth businesses there is the potential to achieve start-up levels of return at lower risk. When examining potential investment targets, the Investment Manager will focus on leadership quality, the proposition's commercial validity and clarity of the growth plan.

## > DIVERSIFICATION

The Company's sector agnostic investment mandate offers portfolio diversification and allows the Investment Manager to source opportunities across the market. The Company is also able to co-invest alongside other Puma Funds, enabling swifter deployment of funds whilst giving Investors access to a wider pool of investments.

## > TAX RELIEFS

Upfront 30% income tax relief available to UK taxpayers on an investment of up to £200,000 per tax year; 100% tax-free dividends; and 100% tax-free capital gains on the sale of Company shares.

## > INCOME STRATEGY

The Company aims to pay a regular annual dividend, with the potential for special dividends if portfolio companies are sold at a profit. In accordance with the Company's dividend policy, and subject to the level of realised profits, available cash reserves and the application of regulations at the time, the Directors intend that the Company pays a first interim dividend in December 2021 and a second interim dividend in March 2022 (no forecast or projection is to be implied or inferred).

## > ECONOMIC SUPPORT

Investors in Puma VCT 13 support the UK economy by providing growth funding to small and medium-sized businesses. To date, Puma VCT 13 has invested some £12.48 million in nine UK businesses (with the investment in one of those businesses – Pure Cremation – having subsequently been sold by the Company for a significant uplift).

## Dear Investor,

Following the successful launch of Puma VCT 13 in 2017, and its subsequent fundraisings in 2018 and in 2020, which together raised more than £25.7 million (before issue costs), we are pleased to let you know the VCT board has decided to re-open the VCT for investment by new and existing shareholders.

The investment manager has made nine qualifying investments, totalling £12.48 million since inception. The new fundraising will facilitate continued investment into a diverse selection of attractive opportunities, at sensible valuations, as the market emerges from the Covid-19 pandemic.

## THE INVESTMENT MANAGER

Puma VCT 13 is managed by Puma Investments (the Investment Manager). The Investment Manager and its wider organisation have a 25-year track record of investing in smaller companies and have been managing VCTs since the launch of Puma VCT and Puma VCT II in April 2005. Puma Investments was initially established to focus on VCT investing, and there has now been a total of 14 Puma VCTs raising over £260 million. Together, the Puma VCTs, Puma EIS and Puma Alpha EIS have invested more than £247 million into 71 qualifying companies, with 34 full exits.

## VCT INVESTMENT STRATEGY

The Company invests in growing UK small and medium sized enterprises (SMEs), with experienced management teams. With an emphasis on scale-up and not start-up companies, the VCT focuses on those businesses established enough to demonstrate a greater level of commercial maturity but at an early enough stage in their journey, thereby seeking (in time) to produce regular, tax-free distributions to Shareholders from its asset base primarily of a portfolio of unquoted companies.

The Company's investments in unquoted UK companies will primarily be in the form of ordinary equity, potentially with loan notes alongside. The Investment Manager's sector agnostic mandate and national coverage underpins diversification in the VCT and enables the team to seek out the best opportunities across the country.

In addition to the experience of the Management Team, other criteria for investment include:

- a proposition that is commercially validated through sales volume; and
- a well-defined market niche and a clear and comprehensive plan for growth.

Puma VCT 13 also has the option to co-invest alongside other Puma Funds, enabling swifter deployment of funds and giving Investors access to a wider pool of investments.

Given the impact of the Covid-19 pandemic, our agility in looking across the entire market for those businesses that have

demonstrated resilience during unprecedented levels of turbulence enables the team to be opportunistic in seeking the best possible scenarios for investment.

## WHY CHOOSE PUMA VCT 13?

Puma VCT 13 will benefit from an unusual combination of having an existing portfolio of innovative companies, having, subject to the success of this fundraise, funds with which to make new investments in the post-Covid environment, and having both in a VCT that is still small enough for exits to generate material increases in value for investors. The Company invests into businesses that have graduated from start-up to scale-up yet are still small enough and young enough to grow and create meaningful returns for investors.

The current sector diversification within the investment portfolio of later stage investee companies as well more recent investments, enables the VCT to capture any significant upside from individual investments but also hedge against the failure or underperformance of any one company.

The Investment Manager's proven approach targets businesses that have an established product. As some of the more mature companies in the portfolio move closer to exit, this also gives the possibility for earlier returns than one might expect on this round of fundraising.

To date, Puma VCT 13 has invested some £12.48 million in nine VCT Qualifying Investments (with the investment in one of those businesses – Pure Cremation – having subsequently been sold by the Company for a significant uplift).

## DIVIDEND TARGETS

The Company intends (although there is no guarantee) to pay annual dividends as the portfolio matures. Over time it seeks to achieve an average dividend payment in the range 4p to 6p per Share per annum.

The Company expects to be in a position to make such annual payments from income received from its investments. The income received from the Company's investment portfolio should increase over time as the number of investments made rises. Accordingly, the Company anticipates that earlier dividends may be lower than this range but that the annual dividends in subsequent years may be correspondingly higher so that the target of an annual dividend payment equivalent to 4p to 6p per annum is achieved. The Company's ability to pay dividends is subject to the adequate distributable reserves, legislative requirements and the available cash reserves of the Company.

As a result of the Company's investment activities to date (including a recent significant realisation), in accordance with the Company's dividend policy, the Directors anticipate that the Company should be in a position to commence dividend payments following the publication of its next interim results in November 2021 (subject to the existence of realised profits, the available cash reserves of the Company and the application of regulations at the time). However, there can be no assurance that any interim dividend will be paid, and no guarantee as to the level of that proposed dividend to be paid, by the Company (and no forecast or projection is to be implied or inferred).

# 18 Letter from the Chairman

## (continued)

In relation to the first £5 million of valid applications received under the Offer, or those valid applications which are received on or before 24 November 2021 (whichever is the earlier), the Directors intend to allot Offer Shares so that in relation to those applications the relevant investors are issued with Offer Shares so that they should be eligible to receive any interim dividend payable by the Company on the Shares (which is expected to become payable in December 2021).

In relation to the following £20 million of valid applications received under the Offer, or those valid applications which are received on or before 28 February 2022 (whichever is the earlier), the Directors intend to allot Offer Shares so that the relevant investors in relation to those applications are issued with shares which should be eligible to receive a further interim dividend which the Directors anticipate to pay on the Shares (expected to become payable in March 2022).

Again, the declaration of any further interim dividend will be subject to the existence of realised profits, available cash reserves of the Company and the application of regulations at the time and, accordingly, there can be no assurance as to whether, and if declared, any guarantee as to the level of, any dividend to be paid by the Company (and no forecast or projection is to be implied or inferred as to any such dividend).

### CORE INVESTMENT STRATEGY

Qualifying Investments comprise, among other things, investments in companies which are carrying out a qualifying trade (as defined under the relevant VCT legislation), and which must satisfy certain other criteria as set out in the relevant VCT legislation (see page 41 of this document for more details). Qualifying Investments will be focused on well-managed, established, unquoted companies, primarily in the form of ordinary equity offered together with loan notes.

Initially, whilst suitable Qualifying Investments are being identified, the Investment Manager will manage the funds with the intention of ensuring that the Company has sufficient liquidity to invest in Qualifying Investment opportunities as and when they arise. Subject to the Investment Managers' view from time to time of desirable asset allocation and rules applicable to VCTs (as set out on pages 40 and 41 of this document), the net proceeds of the Offer will be invested into a range of investments intended to generate a positive return and/or an attractive running yield, including fixed income and other securities, as well as holding cash. The Company will continue to hold a proportion of its assets in such investments after the end of the Company's third accounting period.

### PORTFOLIO

As at 28 February 2021, the latest date for which audited accounts have been prepared, the Company had invested over 87% of its funds into Qualifying Investments. Full details of the portfolio of the Company as at the date of this document are set out in Part 4 (Investment Portfolio of the Company) of this document.

### EXPECTED LIFE

In relation to those investors who subscribed for Ordinary Shares in the Company under the 2017 Offer and the 2018 Offer, the Company intends to offer those investors an opportunity to realise their investments in three or four years' time by making a tender

offer to those shareholders wishing to exit the Company at that stage, subject to prevailing market conditions, available cash reserves and regulation.

### THE OFFER

The Offer seeks to raise up to £25,000,000, with the Directors having a discretion to increase the Offer to seek up to a further £5,000,000, and will be open from 5 August 2021 until 5 April 2022 unless:

1. the Offer is fully subscribed before this date;
2. the Directors (at their discretion) decide to bring forward the Initial Closing Date; or
3. the Directors (at their discretion) decide to extend the Initial Closing Date, in which case the Offer will be open until no later than 27 July 2022.

Application will be made for the Offer Shares to be listed on the premium segment of the Official List and will be traded on the London Stock Exchange's main market.

### THE TAX BENEFITS

Investors in a VCT gain access to a range of tax incentives, subject to their individual personal circumstances and provided shares are held for at least the five-year qualifying period. These include:

- Up to 30% upfront income tax relief on investments of no more than £200,000 per tax year
- Tax-free dividends
- Tax-free capital gains on disposal of the shares

Investment in a VCT carries risk. Please refer to the risk factors set out on pages 10 to 13 for more information.

We recommend that Investors consult with their independent financial adviser before making a decision to invest. Applications must be made by completing an Application Form which is available from your financial adviser or online at [www.pumainvestments.co.uk](http://www.pumainvestments.co.uk).

If you have any further questions, please feel free to contact the investor enquiries helpline on 020 7408 4100. We cannot offer investment advice, but would be happy to answer any other questions you might have about the VCT.

We look forward to welcoming you as a Shareholder of Puma VCT 13.

# The Offer

Venture Capital Trusts (VCTs) are companies that are listed on the London Stock Exchange and invest into smaller businesses in order to help them grow. As smaller businesses generally present more risks than larger, more established ones, the UK Government introduced VCTs in 1995 as a way of encouraging investment into these businesses. Having a healthy ecosystem of smaller companies is vital to the UK's economy and this investment stimulates economic growth and creates more jobs.

Investors in a VCT gain access to a portfolio of growing companies that can potentially deliver attractive returns alongside certain tax reliefs – and the opportunity to help support the UK's economy. Below is a breakdown of the different benefits.

## TAX INCENTIVES

To compensate for the risks presented by investing in younger companies, investors can access a range of tax incentives on investments of up to £200,000 each year, provided they are eligible to claim these reliefs and the investment is held for at least five years. These include:

- Income tax relief: investors can claim up to 30% upfront income tax relief on an investment of up to £200,000 per year.
- Tax-free dividends: if the VCT pays dividends, investors will not need to pay tax on those dividends or declare them on a tax return.
- Tax-free capital gains: if selling their VCT shares at a profit, investors will not have to pay capital gains tax on the proceeds.

However, it is important to remember that tax treatment depends on individual circumstances and tax rules can change in the future. Tax reliefs also rely on a VCT maintaining its qualifying status, and these reliefs are offered to compensate investors for the risks that VCTs present. For more information on these risks, please see pages 10 to 13.

## GROWTH POTENTIAL

VCTs invest in smaller, unlisted but often fast-growing companies that adhere to VCT investment criteria set by the UK Government. These companies are at an early stage of their lifecycle which means they offer the potential to grow significantly: smaller, younger companies can grow much faster than older ones. To reduce the risks they present, however, the Puma VCTs only invest in growing companies that have already proven their product in the marketplace and have reached the scale-up phase of their growth journey, rather than the start-up phase, when they are more likely to fail.

## DIVERSIFICATION

Smaller, unlisted companies follow a different investment lifecycle to mainstream investments which may be more susceptible to public market fluctuations. Instead, the value of these companies is typically more reflective of their underlying fundamentals. This distinction means that VCT investments can help diversify an investor's portfolio and spread their investment risk.

## ALTERNATIVE ASSET CLASS

As well as diversifying risk, VCTs can complement different investments in a portfolio, such as pension plans, Individual Savings Accounts (ISAs) and other longer-term investments. Recent changes to pension rules have added restrictions on how much can be invested in a pension, so VCTs can offer a useful alternative to complement retirement planning. The tax-free dividends that VCTs deliver can also provide a valuable source of income within an investor's financial plan.

## SUPPORTING THE BRITISH ECONOMY

Not only do VCTs offer benefits to investors, they also allow investors to support the UK economy. SMEs account for 99.9% of the business population<sup>5</sup> and are important to the UK's prosperity. Investing in SMEs helps the economy grow and thrive, fosters innovation and boosts employment.

Having launched its first VCT in 2005, Puma Investments is a well-established and recognised investment manager in the VCT market.

Puma VCT 13 is managed by Puma Investments. The Investment Manager and its wider organisation have a 25-year track record of investing in smaller companies and has been managing VCTs since the launch of Puma VCT and Puma VCT II in April 2005. Puma Investments was initially established to focus on VCT investing, and there has now been a total of 14 Puma VCTs.

Since being launched in 2017, Puma VCT 13 has made nine Qualifying Investments in the following sectors: engineering and manufacturing, hospitality, ecommerce, digital engagement technology, digital marketing, HR technology, end of life services and digital product design technology. Further details are set out in Part 4 of this document.

The Company is seeking to raise up to £25,000,000, with the Directors having a discretion to increase the Offer to seek up to a further £5,000,000. Since its initial launch, the Company has raised £25.7 million (before issue costs).

Details of the Management Team are set out on pages 42 to 44 and details of the Directors are set out on page 42.

The Company's objective is to provide funding to growing SMEs in the UK, aiming to give Investors exposure to quality operating businesses with strong management teams in sectors providing structural support for growth. Investors into Puma VCT 13 benefit from the combination of a maturing VCT with an existing portfolio of innovative companies, small enough for exits to potentially generate material increases in value for investors. The VCT invests in scale-up businesses that have already proven themselves in their market, and targets companies that have the potential to deliver start-up levels of

<sup>5</sup> [www.fsb.org.uk/uk-small-business-statistics.html](http://www.fsb.org.uk/uk-small-business-statistics.html)

return at lower risk. The average revenue of companies receiving a first-time Qualifying Investment from the Company in 2020 was approximately £3.5 million (in the twelve months running up to the point of investment).

When examining potential investment targets, the Management Team will focus particularly on the quality and experience of the team leading the target business. In addition, they will look for businesses with a proposition that is commercially validated, operating in a well-defined market niche with a clear and comprehensive plan for growth. This will enable Investors to support such companies and capitalise on their success. The Company has a sector agnostic mandate and seeks to provide funding to assist the growth of a diversified portfolio of investments which should allow the Company to capture significant upside from individual positions but also provide resilience in the event of an economic downturn.

The Company provides an opportunity for Investors to access a VCT in the early stages of its growth journey. Raising additional funds should enable it to respond to the current climate with agility, building up a portfolio of investments best-suited to the economic environment. The Company can also co-invest alongside Puma Alpha EIS and Puma Alpha VCT, which have the same investment mandate, allowing for swifter deployment of funds and giving Investors access to a wider pool of investments.

Avoiding the volatility that comes with the riskier start-up space, Puma VCT 13 aims to provide Investors with attractive but stable returns from more established companies – that are still small enough and young enough to grow and create meaningful investment exits.

Puma VCT 13 is a VCT that aims to provide a return in the form of annual dividends or growth. The Company expects to be able to make such annual payments from income received from its investments or from exits. The Company also hopes to pay special dividends if portfolio companies are sold at a profit. The income received from the Company's investment portfolio should increase as the number of investments rises and over time it seeks to achieve an average dividend payment in the range 4p to 6p per Share per annum. Accordingly, the Company anticipates that earlier dividends may be lower than this range but that later annual dividends may be correspondingly higher. This should enable the Company to achieve its target of an annual dividend payment equivalent to 4p to 6p per Share per annum although this is not guaranteed and no projection or forecast is expressed or should be inferred or implied from such statement. The Company's ability to pay dividends is subject to adequate distributable reserves, legislative requirements and the available cash reserves of the Company.

The initial proceeds of the Offer may be invested in a portfolio of equities, fixed income and other securities, including UK Government bonds, highly rated corporate bonds and cash deposits, or in investment opportunities already being considered at the relevant time. The Company may continue to hold a proportion of its assets in such investments after the end of its third accounting period.

The Qualifying Investments Portfolio is expected to be made up of investments in established, unquoted UK-based companies. These investments will typically be in the form of ordinary shares but may include the use of unsecured loan notes. The Finance Act 2018 introduced a new "risk to capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses and away from investments which could be regarded as lower risk.

In order to qualify for VCT funding, investee companies need to have a permanent establishment in the UK and conduct what HMRC refers to as a 'qualifying trade'. While most trades are allowed, notable exceptions include financial activities, forestry, farming, hotels and energy generation.

Broadly, the Company must hold at least 80% of its assets (by value) in Qualifying Investments by the start of the accounting period in which the third anniversary of the date the shares were issued, falls. At least 30% of all new funds raised must be invested in Qualifying Investments within 12 months of the end of the accounting period in which the Company issued the shares. Qualifying Investments will be made in companies which are carrying out a qualifying trade and have a permanent establishment in the UK, although some may trade overseas. The Qualifying Companies in which investments are made must have no more than £15 million of gross assets immediately prior to the investment (and £16 million immediately after the investment), fewer than 250 employees (or 500 employees in the case of a Knowledge Intensive Company) and generally cannot have been trading for more than seven years (or 10 years in the case of a Knowledge Intensive Company) at the time of the Company's investment. It must also meet several other conditions to be classed as a VCT qualifying investment, further details of which are set out on page 41.

As noted above, the Company is not required to have all its funds invested in Qualifying Investments at any given time in order to allow for liquidity management. Accordingly, funds not yet invested in Qualifying Investments will be managed with the intention of ensuring the Company has sufficient liquidity to invest in Qualifying Investments as and when opportunities arise.

The Offer seeks to raise £25,000,000, with the Directors having a discretion to increase the Offer to seek up to a further £5,000,000. It is intended that the Offer Shares will be listed on the Official List and will be traded on the London Stock Exchange's main market. The Offer will open on 5 August 2021 until 5 April 2022. The Offer may close in advance of this date in the event that the maximum subscription is reached or the Directors (at their discretion) decide to bring forward the Initial Closing Date. The closing date of the Offer, and the deadline for receiving applications for the final allotment with respect to the Offer, may be extended by the Directors to a date no later than 27 July 2022.

### REASONS FOR THE OFFER

The Offer is suitable for those seeking to invest primarily in a portfolio of unquoted companies and has been designed to fund the growth of UK SMEs whilst enabling the Company and its Investors to benefit from VCT tax reliefs. The Investment Manager has a strong pipeline of suitable investment opportunities for the Company.

### THE INVESTMENT MANAGER – A 25-YEAR INVESTMENT MANAGEMENT TRACK RECORD<sup>6</sup>

The Investment Manager and its wider organisation have a 25-year history of investment and asset management. This experience spans a range of asset classes and includes several quoted funds targeting institutional investors. The organisation's first growth capital fund was launched in May 1996 delivering net returns to investors of 76.1% per annum at the point of realisation.

In 2005, the remit of the Puma Funds expanded to include VCTs, and the first Puma VCT was launched that year. Since then, the Puma VCTs have a long track record of investing in qualifying companies stretching back to 2005. The Puma VCTs together with Puma EIS and Puma Alpha EIS have raised over £332 million since 2005. Together, the Puma VCTs have invested into 50 qualifying companies, achieving 34 full exits. When combined with investments from Puma EIS and Puma Alpha EIS, those figures rise to over £247 million invested into 71 qualifying companies.

In addition to VCTs and EISs, the Investment Manager has also branched out into other investments, such as the Puma AIM Inheritance Tax Service — which invests in the Alternative Investment Market — and the Puma Heritage Estate Planning Service — which finances professional property developments. These Puma Funds have a relatively narrow breadth — investing either in private equity, real estate or listed securities — which means the Investment Manager has developed deep expertise in these areas. Since it started investing, the Investment Manager has honed its approach to protect investors' money and achieve impactful investments.

Since inception, the Investment Manager's team has grown significantly, but its cultural values remain the same.

Further information on the funds raised for Puma VCTs and for Puma EIS funds are set out in the tables below.

## DEAL FLOW

Over the significant period of operation described above, the Investment Manager has built up an extensive network of brokers, intermediaries and entrepreneurs, all of whom facilitate a high level of deal flow. Accordingly, the Investment Manager continues to regularly identify or receive approaches for attractive investment opportunities across a number of sectors. In the 2020 calendar year the Puma Investments private equity team analysed approximately 450 potential deals.

The ongoing difficulty in obtaining finance from traditional sources means that even high-quality, successful SMEs are being starved of growth capital. As a result, the Directors believe there are significant opportunities to invest in strong businesses that are struggling to source funding for growth. Accordingly, the Investment Manager continues to have a strong pipeline of potential investments.

As the market emerges from the Covid-19 pandemic, the Investment Manager anticipates seeing considerable demand for equity finance from strong but cash starved UK growth businesses, resulting in a strong pipeline of investment opportunities.

## THE INVESTMENT MANAGER'S ESG APPROACH<sup>7</sup>

The Investment Manager is committed to a range of environmental, social and governance (ESG) principles to help it operate and invest responsibly. Through these principles, the Investment Manager aims to positively impact its internal and external stakeholders and wider communities.

As ESG considerations cover a broad scope, the Investment Manager has produced bespoke ESG policies for each of its business areas which take into account its exposure to different opportunities and risks. The business heads for each area of the Investment Manager's business are accountable for implementing these policies within their division and the relevant decision makers also incorporate these policies when assessing investments or funding opportunities.

## THE INVESTMENT MANAGER'S ESG PRINCIPLES<sup>7</sup>

At an overarching group level, the Investment Manager has committed to the following ESG principles which underpin its business activities. Across the five key categories of governance, environment, marketplace, workplace and community, Puma seeks to do the following:

### Governance

- Be honest and transparent, and act with integrity in all its dealings
- Abide by applicable laws and regulations, and uphold international standards of good practice
- Embed policies and procedures to manage and monitor its ESG considerations and risks

### Environment

- Implement and uphold sustainable policies that minimise its environmental footprint
- Protect the environment and use resources responsibly

### Marketplace

- Assess the sustainability and supply chains of the companies in which the Puma Funds invest and the suppliers with whom they partner, ensuring synergies between ESG principles where possible
- Create equity offers that are responsibly structured and transparent
- Provide excellent service to its customers and the shareholders of the Puma VCTs, and the businesses in which the Puma Funds makes investments
- Market and communicate the Puma VCTs' share offers responsibly, clearly and in compliance with relevant laws and regulations

### Workplace

- Foster a culture and workplace practices that support diversity, equality and inclusion at all levels, ensuring an environment where everyone is treated fairly
- Look after the welfare of the Investment Manager's employees through effective health and wellbeing initiatives

### Community

- Support and contribute to the wider community through a range of programmes
- Consider the impact of Puma-led investments on local and wider communities
- Support charitable causes chosen by the Investment Manager's employees

### DRAWING ON EXTERNAL GUIDANCE<sup>8</sup>

In addition to its ESG principles, the Investment Manager abides by the Modern Slavery Act. Puma Investments is a regulated business and subject to the Financial Conduct Authority's rules and regulations. The Investment Manager will not engage with any person or entity on an internationally recognised 'deny list'.

The Investment Manager considers that its ESG principles should be dynamic and reflect the changing landscape as it evolves. To achieve this, it will continue to review and update its approach wherever needed, both at an overarching group level and within its business divisions.

### PUMA PRIVATE EQUITY'S ESG PERSPECTIVE<sup>8</sup>

Puma Private Equity (PPE) is the private equity division of the Investment Manager and is responsible for deploying the funds raised by the Puma VCTs and Puma's EIS offers into SMEs.

PPE specialises in investing into businesses in order to help them scale up and achieve transformational change. The team runs a sector agnostic investment mandate to support businesses involved in a range of different activities. It has established a bespoke ESG framework, which is applied to its investment activity and is aligned with the ESG principles set out by the wider Puma Investments group.

Growth companies of the type PPE backs typically develop innovative products, services or offers that enhance the lives of their customer base. PPE's portfolio companies generate employment and help grow the economy, creating returns for their management teams, other shareholders and Puma Funds' investors, as well as contributing to UK tax revenues. Investments of the form PPE undertakes aim to provide a strong social good.

The PPE team is also aware of the potential opportunities available to companies by integrating ESG considerations into decision making and so seeks to factor this into its ongoing work with the portfolio companies it supports through VCT and EIS investment.

### DELIVERING RETURNS<sup>8</sup>

Investments by the Puma Funds seek to deliver strong financial returns. However, some of the business Puma has invested into have also delivered clear social returns. For instance:

On behalf of the Puma Funds, the Investment Manager has invested £3.7 million into MyKindaFuture. It is the UK's largest emerging talent specialist and focusses on helping students develop employability skills whilst supporting employers with their specific recruitment needs across the board – from work experience and apprenticeships through to graduate programmes.

In 2021, MyKindaFuture expanded its mentoring initiative with the Department for Work and Pensions. The initiative will support under-represented people who are either looking for a job or looking to start up a business, and will enhance MyKindaFuture's work to help under-represented talent get into employment, excel and feel like they belong there.

Tictrac, meanwhile, is an award-winning provider of digital platforms designed to increase health and wellbeing engagement amongst employees and customers. In 2020, the Puma Funds deployed £5 million to help Tictrac expand its Employee Wellbeing (SaaS) platform to more businesses and to further scale its already successful Enterprise platform, which enables insurance companies and health providers to engage their customers better and provide them with tailored products and services.

During the pandemic, Tictrac rolled out its employee wellbeing solution for free, delivering wellness content to employees to help support them as they navigated some of the challenges brought on by Covid-19.

The Investment Manager has also invested £5 million on behalf of the Puma Funds into NRG gyms to expand their affordable gym offerings in Southern England. NRG gyms provide 24-hour exercise facilities at competitive prices.

In addition, Puma Funds have also financed a number of children's nurseries around the UK, including establishments that deliver education for children with special needs.

Going forward, the Investment Manager will continue to assess investment opportunities through its ESG framework to consider how these businesses are governed, and to understand the impact they will have on their communities and environment – in addition to the crucial economic benefit of supporting growing businesses across the UK.

### EXAMPLES OF INVESTMENTS MADE BY PUMA VCTS AND EIS FUNDS TO DATE<sup>9</sup>

As set out above, the Puma VCTs – as well as Puma EIS and Puma Alpha EIS – have invested over £247 million into companies that were qualifying at the time of the investment, accounting for 71 individual companies, 34 of which have been fully exited. Currently, the investment team manages a portfolio of 22 companies across eight sectors, accounting for £95 million of invested capital.

Below is a summary of some of the current and exited portfolio companies that have received investment from Puma VCTs and EIS funds.

### THE COMPANY'S VCT QUALIFYING PORTFOLIO

## Tictrac

#### Summary

Investment:	£5 million (of which Puma VCT 13 invested £1,850,000)
Sector:	Health Engagement Platform
Location:	London, UK
Established:	2010
Expansion:	Roll out of SaaS (Software as a Service) model

#### INVESTMENT OVERVIEW

In 2020, the Puma Funds invested £5 million of equity into Tictrac. Tictrac offers an advanced health and wellness app for insurance companies and corporate clients to provide to their user bases. The app integrates data from wearable technology, delivering it to end users in a digestible format to drive up levels of engagement and increase customer loyalty.

Tictrac has an impressive client base that ranges from globally recognised insurance providers such as Aviva, Allianz and Prudential to government health bodies. Created in 2010, its founders have assembled a high-quality management team to propel the business's future growth.

Tictrac sits at the juncture between two powerful trends – the use of technology to reshape insurance operations, and growing consumer engagement in health and wellness (driven by the rise in wearable technology). Having already gained a strong foothold in the industry, the company is well positioned to capitalise on these trends and enjoy material revenue growth.

The Covid-19 pandemic accelerated an existing trend amongst employers to focus on the health and wellness of employees, highlighting the need for flexible, scalable digital solutions. Tictrac is well placed to benefit from this trend. Whilst corporate spending was scrutinised in most areas during 2020, Tictrac's multi-year contracts with large insurers provided a buffer from this scrutiny and afforded the business with good levels of revenue visibility. The business has been able to remain in growth mode and continue to develop the skillsets it needs for expansion.

#### INVESTMENT RATIONALE

- Tictrac has a strong management team that has spent years developing its leading the health and wellness app
- The team has established long-term relationships with insurers and government health bodies
- The company has a strong pipeline of new clients – which includes rolling out its offering to corporates as a health and wellness initiative for employees
- Health and wellness is a key global trend with Tictrac providing an engaging tool for people to learn more about their health, drive new wellness habits and access relevant content

#### OUR INVESTMENT VIEW:

*Health and wellness is a central topic in today's climate, for consumers as well as insurers, government health bodies and corporates, who are increasingly focused on the wellness of their employee base. Tictrac's solution is well positioned to take hold of this market by providing end users with engaging content on their own health and the latest wellness trends, and corporate sponsors with ways of interacting with staff and customers that are otherwise almost impossible to replicate."*

**Rupert West,**  
Managing Director, Puma Private Equity

#### TICTRAC'S VIEW:

*The aim at Tictrac is to inspire people to become more accountable for their own health and change the way they look after themselves, for good. We're confident our Employee Wellbeing platform will help achieve that. We are delighted to partner with Puma Investments, whose funding allows us to achieve our aim of bringing our Employee Wellbeing platform to market and moving to the next phase of our business growth."*

**Martin Blinder,**  
CEO and Co-Founder, Tictrac

# MyKindaFuture

## Summary

Investment:	£3.7 million (of which Puma VCT 13 invested £1,800,000)
Sector:	Human Resources Technology
Location:	London, UK
Established:	2011
Expansion:	Nationwide

## INVESTMENT OVERVIEW

In 2019, Puma Investments completed an initial £2.75 million investment into MyKindaFuture (MKF), the UK's largest emerging talent specialist whose clients include BT, Deloitte, Cisco and Burberry.

Focusing its recruitment on young people, MKF aims to help students from a range of backgrounds develop employability skills and succeed in the workplace, whilst also supporting employers with their recruitment needs — from work experience and apprenticeships through to graduate programmes.

Founded in 2011, MKF's core mission is to support under-represented and disadvantaged groups into employment and then to succeed in the workplace. Initially focusing on young people, MKF has expanded its offering to support returners to work with corporate clients and the unemployed. MKF delivers its core proposition through Connectr, its proprietary tech platform developed and launched following Puma's investment in 2019, with digital revenue growth exceeding 100% in the same period and now forming MKF's primary revenue stream.

Throughout the Covid-19 crisis, MKF has continued to work closely with its customer base to help manage their HR engagement challenges, supporting clients to deliver innovative solutions for candidates and employees including increased mentoring tools and virtual internship programmes.

In 2021, MKF launched a partnership with the Department of Work and Pensions and Jobcentre Plus to provide digital content, mentoring and training support for unemployed people looking to get back into work or start their own business. To support the programme MKF has signed a number of blue chip employers on contracts including Sage, LinkedIn, Grant Thornton and KPMG with a strong pipeline of opportunities to continue the roll out.

## INVESTMENT RATIONALE

- MKF has an extensive client base which has been bolstered by the UK Government's Apprenticeship Levy, which incentivises corporates to invest in their own apprenticeships.
- The company has robust plans to expand its offering, supported by the scalability of its solutions when addressing a range of retention issues.
- MKF has an award-winning digital delivery platform, Connectr, making it well-placed to capitalise on both the shift towards digital media when engaging young people and growing demand for integrated automation in recruitment.
- The company has an expert management team with an established reputation in the market as thought leaders, as well as significant technical and commercial experience.

## OUR INVESTMENT VIEW:

*MKF creates a positive social impact for businesses and young people across the UK whilst operating a successful, scalable business. Our investment allows MKF to continue setting the standard for its sector, build out its tech platform to solve more customers' problems and address the skills gap currently holding back corporates, educators and young people."*

**Ben Leslie,**  
Investment Executive, Puma Private Equity

## MKF'S VIEW:

*This new funding from Puma Investments will enable us to continue building on our success within the emerging talent space, supporting diversity and inclusion in the workplace and achieving our goal - to reduce youth unemployment."*

**Will Akerman,**  
Founder, MyKindaFuture

## Influencer

### Summary

Investment:	£3 million (of which Puma VCT 13 invested £1,800,000)
Sector:	Technology
Location:	London, UK
Established:	2015
Expansion:	US and Europe

### INVESTMENT OVERVIEW

In 2019, the Puma Funds invested £3 million into Influencer, a leading influencer marketing platform run by renowned entrepreneurs Ben Jeffries, Caspar Lee and Adam Ludwin.

Launched in 2017, Influencer's proprietary technology simplifies the influencer marketing process for both brands and creators. Its data-driven, end-to-end platform provides brands around the world with access to a network of premium social media influencers who are vetted for authenticity, quality and creativity. The platform empowers these businesses to make smarter decisions on their influencer activities by combining the discovery and relationship management of creators, along with campaign management, campaign reporting and rich actionable insights.

Building on the company's impressive growth, management expertise and niche understanding of this fast-growing sector, this funding should help drive new innovations within the platform and expand Influencer's global presence. The business intends to double headcount and open its first US office in New York, with further plans to expand to the West Coast.

Influencer has continued to work with both new and existing clients throughout the Covid-19 period. Lockdowns across the Western world have accelerated several trends towards digitisation which have presented new opportunities for the business. Although a slowdown in activity in the travel and hospitality sectors saw the company face client retrenchment in those sectors, this prompted Influencer to push into other sectors and expand its focus, with the business achieving some significant client wins.

### INVESTMENT RATIONALE

- Influencer operates in a lucrative environment, with influencer marketing projected to become a \$15 billion industry by 2022.
- The company has a robust pipeline and already works with many of the world's leading brands, including Pepsi, Starbucks, Uber Eats, Alibaba and Apple Music.
- Its experienced management team incorporates scale-up expertise, business management experience and in-depth market knowledge - setting the business apart from competitors.
- Influencer's proprietary technology is market leading. Compatible with multiple social media platforms, its easy-to-use tools provide advanced campaign management, actionable insights and performance analysis.

### OUR INVESTMENT VIEW:

*With its disruptive approach, strength of technology and creator credentials, Influencer is ideally placed to continue its explosive growth. We are delighted to be working with the company and look forward to helping them achieve their aggressive goals for the business over the coming years."*

**Harriet Rosethorn,**  
Investment Manager, Puma Private Equity

### INFLUENCER'S VIEW:

*Puma Investments shares our vision and I'm thrilled to be working with them. Their backing validates our proposition and will enable us to significantly scale our offering globally and continue to solve the problems currently facing brands and creators."*

Co-Founder and CEO, Influencer

# Open House

## Summary

Investment:	£5 million (of which Puma VCT 13 invested £1,800,000)
Sector:	Pubs & restaurants
Location:	London
Established:	2015
Expansion:	New venues in London

## INVESTMENT OVERVIEW

In February 2019, Puma Funds invested £5 million of equity into Open House London, the company that owns and operates popular dining and drinking venues, The Lighterman and Percy & Founders.

Open House was launched in 2015 by the team behind the Cubitt House Group, which had established four high-end restaurants in central London that were later sold to private investors in a competitive acquisition.

Since launching Open House, the skilfully developed brand has gained a considerable following at its desirable locations in London's Fitzrovia and King's Cross. Demonstrating its strong performance, in 2019 the company achieved revenues of more than £11 million from its two current units. Open House's clear proposition, ongoing success and management expertise has created an exciting platform from which to continue the brand's expansion.

Our investment is supporting the business to achieve its plans for future growth through further flagship units across London.

## INVESTMENT RATIONALE

- Open House is led by a respected management team who previously brought the Cubitt House Group from formation to exit and have built up an expert operational team, ready to scale.
- The company's existing venues are in sought-after, strategic locations and deliver significant cash generation, underpinning the investment.
- The company has a clear strategy of developing further large-format, standalone venues in major growth areas within London.
- It also has a secured pipeline of new venues.

## OUR INVESTMENT VIEW:

*Open House's skilled management team has developed an offer that really stands out in London's competitive pub and restaurant sector, where they have created unique destination venues in both The Lighterman and Percy & Founders. The team's longstanding experience and clear vision have seen their existing venues achieve impressive growth since launch, and we look forward to supporting the group as they continue to expand."*

**Rupert West,**  
Managing Director, Puma Private Equity

## OPEN HOUSE'S VIEW:

*We are extremely pleased to have partnered with Puma and have found their interest and engagement in the day-to-day running of the business reassuring, whilst also being highly resourceful and supportive with ideas and problem solving. For instance, we were having constant issues with a payment provider but a few phone calls through the Puma network unlocked the issue within days. I would highly recommend them as investment partners and find their personable and human approach to all aspects of business operations one of their many strengths."*

### Hot Copper from an investment in Knott End Pub Company ("Knott End")

#### Summary

Investment:	£22.2 million (of which Puma VCT 13 invested £847,000)
Sector:	Leisure
Location:	Multiple locations
Established:	2015

#### INVESTMENT OVERVIEW

Puma Funds cumulatively invested £22.2 million in Hot Copper Pub Company ("Hot Copper"), a pub company that entered into a franchise agreement with Brewhouse & Kitchen Limited ("B&K") to roll out a portfolio of pubs offering on-site craft micro-brewing activities and good quality food. B&K is an award winning national branded operator, offering craft brewing activities and is operated by an experienced management team. Puma Investments has backed B&K since its first outlet and the branded estate has now grown to 24 units. Knott End operated two pubs, one in Milton Keynes, Buckinghamshire and the other in Horsham, West Sussex.

In December 2020, B&K agreed to all of their franchisee companies merging into one trading group. The outcome of this has been to broaden shareholder exposure from two to nine sites, giving a more diverse and robust portfolio, and to put the company in a stronger position to trade through the current environment. To achieve this, another franchise company, Hot Copper Pub Company Limited acquired 100% of both Knott End and Warm Hearth Limited, with the shareholding in Knott End acquired in return for equity in Hot Copper Pub Company. The group is well capitalised, debt free (other than a Bounce Back loan) and all freeholds are unencumbered. This investment remains qualifying for VCT purposes after the restructure.

B&K itself continues to be well funded and has invested into a "B&K On Tap" app, which allows it to digitise the customer journey, accommodating order-from-table and pay-from-table functionality. This new digital solution will not only allow the business to gain better labour efficiencies and reduce wage bills but will also facilitate a better understanding of the brand's customer-base.

#### INVESTMENT RATIONALE

- Opportunity to capitalise on the strong growth trends within the craft beer sub-market.
- Ability to leverage the success of the B&K brand and its experienced management team.
- Strong working relationship developed with B&K as a result of Puma Investments' early involvement with the company.
- Through having the microbrewery and related experiences as key features of the pubs, this provides B&K with a distinctive offering in the market compared to its competitors.

#### OUR INVESTMENT VIEW:

*Although Hot Copper operates in a challenging environment, the company is well funded and robust. There will be a number of casualties in the sector, and brands that are able to be agile, innovative and customer focused will win. We believe the refreshed B&K offering is well positioned to operate in this current environment.*

**Kelvin Reader,**  
Investment Manager, Puma Private Equity

#### HOT COPPER'S VIEW:

*We've worked with Rupert and the team at Puma as co-investors and franchise partners within Brewhouse & Kitchen for five years. Puma has been front and centre in facilitating the rapid growth of B&K, including our development of Knott End. We enjoy a warm, supportive and collaborative relationship and we look forward to continuing to build our business alongside Puma as we progress."*

# Dymag Group

## Summary

Investment:	£6.5 million (of which Puma VCT 13 invested £1,563,000)
Sector:	Automotive
Location:	Wiltshire, UK
Established:	1974
Expansion:	UK, North America and Japan

## INVESTMENT OVERVIEW

In 2018, the Puma Funds invested £3.6 million of equity into Dymag Group, the British designer and manufacturer of carbon hybrid automotive wheels. To enable further growth, in early 2020 a second investment of £1.2 million was made. A further investment of £1.7 million in two tranches, the first of which was in late 2020 and the second in early 2021, was made including funds from Puma VCT 13.

Established in 1974, Dymag is a pioneer in carbon wheel technology: it launched the first commercial carbon motorcycle wheel in 1996 and the first carbon hybrid car wheel in 2004. Having successfully expanded from motorcycle to car wheels, the company continues to grow its presence in the aftermarket and original equipment manufacturer (OEM) channels, working with strategic regional aftermarket partners and several of the world's leading performance OEMs.

Dymag's objective is to position itself as the provider of the technology of choice, available worldwide. Through our initial funding, the company was able to expand and relocate its operations - increasing its design and production capabilities and positioning the business for further growth. The Puma Funds' recent investments have supported an ongoing process of driving efficiencies in Dymag's production processes to lower unit cost, including relocation to a new factory in Chippenham which was open and fully operational by mid-February 2021. Investment has also been used to develop Dymag's sales and marketing function.

Dymag was able to use the pandemic to focus on deepening its distributor relationships and working through engineering projects with long lead times.

## INVESTMENT RATIONALE

- With more than 30 years' experience in carbon wheel technology, Dymag is strongly positioned to become a market leader.
- The company has a highly-experienced management team with longstanding sector expertise and deep knowledge of international automotive markets.
- Having successfully diversified into the premium sports car market, Dymag is building international traction through partnerships in North America, with plans for further expansion into Japan.
- Dymag's growth plans are underpinned by the automotive sector's desire to utilise carbon wheel technology to improve efficiencies

## OUR INVESTMENT VIEW:

*Dymag is positively disrupting the automotive wheel market with its new carbon wheel products.*

*Significant investment in its products and processes has strengthened the business and allowed the team to build on the brand's longstanding motorcycle racing heritage. The company is now well-placed to accelerate growth and establish itself as the global leader in this market."*

**Jonathan Wyles,**  
Investment Manager, Puma Private Equity

## DYMAG'S VIEW:

*Following a comprehensive search for the right investor to help us, we chose to work with Puma Investments given the team's understanding of technology and manufacturing, plus their longstanding commitment to supporting British businesses."*

## Le Col

### Summary

Investment:	£4.85 million (of which Puma VCT 13 invested £1,000,000)
Sector:	Sports apparel
Location:	London, UK
Established:	2011
Expansion:	Continued global growth

### INVESTMENT OVERVIEW

In 2018 Puma Funds invested £2.35 million of equity into Le Col, a leading British cycling brand founded by ex-professional cyclist Yanto Barker. Le Col uses the latest technology to bring high-performance kit to consumers with a quality formerly reserved for professionals. Following the company's continued strong performance, a second investment of £2.5 million was made by Puma Funds in 2020.

Le Col's revenues have, on average, quadrupled year-on-year since 2017.

Our investment has helped:

- Develop the marketing strategy to drive growth in online sales
- Support retail partnerships with e-tailers such as Wiggle
- Build high-profile partnerships including sponsorship of a World Tour Cycling Team (Team Bahrain McLaren)

Having grown well for several years since the initial investment by the Puma Funds, Le Col entered the Covid-19 crisis with a strong platform. Like all businesses, Le Col faced great uncertainty in the initial stages of the crisis but experienced a boom in sales during lockdown due to an increased focus on exercise and, in particular, an emphasis on cycling. Successful marketing initiatives have driven sales throughout the pandemic. These included multi-sport Strava challenges, partnerships with Wahoo (an indoor cycling kit brand), Zwift rides (an online cycling training programme) and ongoing sponsorship of Team Bahrain McLaren, a leading Grand Tour team.

### INVESTMENT RATIONALE

- Le Col has a compelling combination of in-demand products, professional insight and management experience.
- Since our initial investment, Le Col has continued to achieve strong growth through a focus on product, marketing and e-commerce.
- Le Col's robust growth plan is complemented by a supportive sector. Cycling products contribute £700 million annually to the UK economy and this figure will likely rise as the UK Government strives to double cycling volumes by 2025.
- Based in the UK and exporting to 50 countries, Le Col owns its own factory, increasing its manufacturing and supply chain control.

### OUR INVESTMENT VIEW:

*Guided by Yanto's performance insight, design expertise and drive for perfection, Le Col is becoming the go-to brand for cyclists looking for the best kit. Our investment is supporting the team to leverage the explosive growth it's achieved in recent years, ensuring Le Col continues on its exciting journey."*

**Harriet Rosethorn,**  
Investment Manager, Puma Private Equity

### LE COL'S VIEW:

*We are delighted to partner with Puma Investments; their support has been key in facilitating the next phase of Le Col's growth. The gains we've made in recent years have been exceptional and this latest investment will be instrumental in taking our market leading products to a global cycling audience."*

**Yanto Barker,**  
Founder, Le Col

# Pure Cremation

## Summary

Investment:	£7.35 million (of which Puma VCT 13 invested £1,297,000)
Sector:	Direct cremations
Location:	Andover, Hampshire
Established:	2015
Expansion:	A disruptive direct cremation business expanding to service the whole of the UK

## INVESTMENT OVERVIEW

Between 2017 and 2018, Puma Funds invested £7.35 million of growth capital into Pure Cremation – the UK's leading provider of direct cremations.

The company's revenue grew significantly during Puma's investment period, through consistent growth, and it moved into profitability. Puma's investment helped marketing activity, increasing awareness of the business's direct cremations and prepaid funeral plans. The investment also helped the company build its own bespoke crematorium facility, driving down per-unit costs and providing a platform for considerable further growth.

Pure Cremation has been the driving force behind the UK-wide adoption of direct cremations, a straightforward and flexible alternative to traditional funerals, enabling loved ones to hold a more personal event to commemorate the deceased's life, away from a crematorium.

Pure Cremation's experienced management team has delivered impressive growth in a sector poised for rapid expansion. The company now delivers its low-cost service across England, Scotland, Wales and Northern Ireland, and has ambitious future plans.

The business experienced very high demand during the Covid-19 crisis and was able to continue operating safely. Throughout this period it expanded into adjacent end-of-life services and sectors; recruiting a legal team in Birmingham, and additional staff both to support the business's existing trade networks and to drive at-need business in local markets. These efforts have been supported by the expansion of the company's marketing capacity, with new marketing channels added, including a digital focus to extend reach to new markets.

## INVESTMENT RATIONALE

- Pure Cremation is the UK's leading independent provider of direct cremations, with a clear strategy to maintain its prime position
- The company combines an experienced management team with a disruptive business model and operates within a fast-growing market segment
- Its new, purpose-built crematorium facility has delivered considerable operational efficiencies
- The end-of-life sector is experiencing high growth returns, with both strategic companies and financial firms participating in a very active market. As the market leader, Pure Cremation benefits from numerous attractive exit opportunities

Throughout the investment period the private equity division of Puma Investments – worked in partnership with Pure Cremation's team to help them execute a number of their strategic ambitions, including:

- Expansion to Scotland and Northern Ireland
- Development of a comprehensive hiring plan and related organisational changes
- Expansion of marketing activities
- Building scalable processes, systems and reporting frameworks to support wider growth

The team made a number of key introductions during the holding period of the Puma Funds, including the company's now well-established finance director.

## EXIT:

Pure Cremation's revenues grew nearly 10x over the holding period and the company moved into profitability. Puma's private equity division helped the company explore the abundance of strategic options available to it, including meeting with potential acquirors. An exit was secured for the Puma VCTs in June 2021, with Puma VCT 13 achieving a 4x money multiple on its investment, resulting in an Internal Rate of Return (IRR) of 71%.

## OUR INVESTMENT VIEW:

*We are delighted to have supported Pure Cremation through these critical years of growth. We shall miss having them in the portfolio but have managed to realise a fantastic return for our investors within a tight timeframe. We are committed to helping businesses achieve their full potential – working in partnership with management to unlock growth – and Pure Cremation has been a fantastic example of this. We wish Bryan and the team the very best of luck as they continue to grow their business."*

**Rupert West,**  
Managing Director, Puma Private Equity

## PURE CREMATION'S VIEW:

*Puma has played a pivotal role in our ability to attract superb staff, develop robust systems and construct our state-of-the-art crematorium, Charlton Park. We are incredibly grateful for their support, expertise, and their confidence in Pure Cremation at the start of our journey and we're delighted that Santander's market-leading refinancing services has enabled us to give Puma a healthy return on their investment."*

## AWB Group ('Ostmodern')

### Summary

Investment:	£2 million (of which Puma VCT 13 invested £500,000)
Sector:	Digital product development and design
Location:	London, UK
Established:	2007
Expansion:	North America

### INVESTMENT OVERVIEW

In 2020, the Puma Funds invested £2 million of equity into AWB Group, a product design and technology business.

Ostmodern has been at the forefront of innovation in digital product development for over 10 years, creating video platforms for some of the world's leading media, broadcast and sport brands. For example, the company worked with Formula One (F1), creating a world-class streaming service. They developed F1's first ever direct-to-consumer product, delivering live and on-demand race content, including all drivers' on-board cameras, broadcast to 108 countries. Ostmodern also designed and built Arsenal's new suite of digital products. The business has also completed other projects for hayu, the subscription-based video streaming service, and All4, Channel 4's on-demand video streaming service.

Since investment, Ostmodern has started transitioning processes and professionalising its structure to focus on separating the product side of the business, Skylark, from the services side of the business. Through the Skylark platform, the business seeks to significantly reduce the setup costs and deployment times it can offer customers, consequently allowing the platform to be applicable to a broader target market. While the services side of the business did drop off at the outbreak of the pandemic, it has since then shown a good level of recovery. The revenues from the Skylark platform have remained stable throughout the pandemic.

### INVESTMENT RATIONALE

- As a full service agency from strategy to build, Ostmodern has accumulated a strong base of high profile clients across the entertainment industry.
- Covid-19 has further accelerated the transformation of content engagement across businesses and Ostmodern is ideally positioned within the digital sector to capitalise on the growth of video-on-demand and rich media that's occurring worldwide.
- Our investment will support its growth plan, comprising building out the sales team and focused expansion into new industries and markets.
- The company has appealing market dynamics, with the potential to maximise global expansion being a particularly attractive opportunity.

### OUR INVESTMENT VIEW:

*We are delighted to be supporting Ostmodern's strong management team as they draw on their longstanding experience in the industry to capitalise on the considerable growth of video-on-demand that we are seeing worldwide. With customer and end user experience becoming increasingly important in our new digital landscape, we look forward to seeing the team lead the way in the rich media market."*

**Kelvin Reader,**  
Investment Manager, Puma Private Equity

### OSTMODERN'S VIEW:

*The transformation of content engagement, already moving at a fast pace, has been dramatically accelerated by Covid-19. And with Skylark, which represents 15 years worth of knowledge of building the most innovative video platforms in the world, we have the ability to build a global ecosystem of partners to support our enterprise customers. The funding enables us to put in place plans to set up our reseller channel and referral partner network. We will also recruit key personnel and significantly increase our workforce. This will help drive our business into a number of new industries and markets."*

**Tom Williams,**  
CEO, Ostmodern

## RESPONDING TO THE IMPACT OF COVID-19

As detailed in the investment examples above, Puma Private Equity has worked closely with external and internal advisory resources to support portfolio companies through the impact of Covid-19.

Puma Private Equity has an existing monitoring cycle that involves close contact with its portfolio companies. Its standard process includes collecting daily sales figures, reviewing monthly management accounts, attending monthly board meetings and conducting a monthly portfolio review. To streamline the flow of management data from portfolio companies, new monitoring software has been implemented which will also enable the investment team to analyse real-time data.

During the most uncertain early phases of Covid-19, the team significantly increased the level of interaction with portfolio companies and changed its portfolio review cycle from monthly to weekly, in order to help support the portfolio through a very fast changing landscape and draw on internal resources to help with scenario planning and cash management.

Puma Private Equity provided in-depth resources about the UK Government's support packages and hosted calls for portfolio management teams with its own advisers, in order to deliver guidance on key topics such as employment law. This helped to enable management teams to concentrate on reacting to the crisis rather than scrutinising policy announcements.

Throughout the crisis, the team has worked with portfolio companies to pre-empt the opportunities for growth that may arise post-pandemic. As a sector-agnostic investor, the team is able to draw on its in-depth experience of navigating the range of challenges growing businesses face as well as drawing on each scenario to share expertise and benefit the other companies within the portfolio.

## SHARE LIQUIDITY

The Ordinary Shares to be issued pursuant to the Offer will be admitted to the premium segment of the Official List and will be traded on the London Stock Exchange's market for listed securities. The secondary market for VCT shares is generally illiquid, which may be attributable to the fact that initial subscription tax reliefs are not available for VCT shares bought in the secondary market and because VCT shares typically trade at a discount to NAV. There may not, therefore, be a liquid market and Shareholders may find it difficult to realise their investment. Once its portfolio has become more mature, the Company intends to buy back Shares at up to a 5% discount to the prevailing published net asset value. However, all buybacks are at the discretion of the Board and also subject to liquidity and VCT rules. Therefore, Shareholders should not rely upon any share buyback policy to offer certainty of selling their shares at prices that reflect the underlying NAV. An investment in the Company should therefore be considered as a long-term investment.

## CONFLICTS OF INTEREST

The Investment Manager, or any of its officers, employees, agents and affiliates and any person or company with whom they are affiliated or by whom they are employed (each an 'Interested Party'), may be involved in other financial, investment or other professional

activities which may cause conflicts of interest with the Company. An Interested Party may not be liable to account for any profit made in connection with these activities. For example, and without limitation, an Interested Party may:

- (a) deal or invest in any investment, whether or not for its own account and notwithstanding that similar investments may be held by the Company;
- (b) enter into or be interested in any financial or other transaction with any entity, any of whose securities are held by or for the account of the Company;
- (c) allocate investment opportunities among the funds and accounts it manages in accordance with its internal policies;
- (d) arrange for the Company to acquire investments from or dispose of investments to any Interested Party or any investment fund or account advised or managed by any such person.

In the event of a conflict of interest arising, so far as it is within their powers to do so, the Directors will endeavour to ensure that it is resolved fairly and in accordance with the conflicts policy from time to time relating to the Company. To the extent that the Company intends to invest in a company in which another Puma Fund has invested or intends to invest, the investment must be approved by the Board.

## VCT TAX RELIEF

The Directors intend to manage the Company's affairs so that it complies with the legislation applicable to VCTs. In this regard PricewaterhouseCoopers LLP (PwC) has been appointed to advise the Company on tax matters generally and, in particular, on its VCT status. Provisional approval of the Company as a VCT was granted by HMRC on 8 December 2016. Where requested, PwC or other suitably qualified professional advisers will assist the Investment Manager (while reporting directly to the Board) in either seeking confirmation from HMRC of the status of each investment as a Qualifying Investment or preparing a VCT opinion letter. Where requested, they will also advise on the status of VCT approval. Once full approval has been given, the Company must continue to satisfy HMRC's VCT requirements in order to maintain full approval.

VCTs offer significant tax advantages to individual investors when compared to many other investment products, and also provide an alternative way to access tax reliefs for investors who have used up their pension or ISA allowance. In addition, VCTs can also diversify an investment portfolio, as they tend to be uncorrelated to main market investments. Alternative investments (in this case private equity) have a low correlation with portfolios of traditional investments as a whole, such as liquid equity and fixed income exposures.

Consequently, VCTs continue to prove popular, raising £685 million in the 2020-21 tax year, which is the third highest amount since 2006. The income tax relief available on an investment is 30% up to a maximum of £200,000 invested per individual per tax year. The shares in the VCT need to be held for a minimum of five years to maintain this initial tax relief.

# 36 The Offer

## (continued)

### A summary of the tax reliefs for UK taxpayers who invest into a VCT are:

- Income tax relief of 30% of the amount invested, up to £200,000 per tax year
- Dividends received by investors from the VCT are tax free
- Capital gains made upon the disposal of the shares are tax free

Consequently, the effective net cost of an Ordinary Share (which is being offered at an illustrative Offer Price (based on the applicable NAV per Ordinary Share for allotment of 125.77p) of 126.53p Share before any Initial Fee is applied) is only 88.58p per Share.

### ILLUSTRATION OF EFFECT OF TAX RELIEF TO QUALIFYING INVESTORS

The table below has been prepared for illustrative purposes only and does not form part of the summary of the tax reliefs contained in this section. The table shows how the initial tax reliefs available can reduce the effective cost of an investment of £10,000 in a VCT by a Qualifying Investor subscribing for VCT shares to only £7,000.

	Effective Cost	Tax Relief
Investors unable to claim any tax reliefs	£10,000	Nil
Qualifying Investor (higher rate taxpayer) able to claim full 30% income tax relief	£7,000	£3,000

The combined effect of the initial income tax relief, tax-free dividends and tax-free capital growth can substantially improve the net returns of an investor in a VCT.

Please note, however, that VCT tax reliefs can be subject to change and are dependent on an individual's circumstances.

In addition to the tax incentives that VCTs deliver to compensate investors for the higher level of risk that unlisted, early stage portfolio companies may present, other potential benefits of investing in a VCT include growth potential and diversification. As VCTs invest in smaller VCT-qualifying companies that are not listed on the main market of the London Stock Exchange, by their very nature, smaller companies have the potential to grow much faster than their larger, listed counterparts. VCTs can also provide a valuable source of portfolio diversification as their unlisted status delivers a useful contrast with more mainstream listed investments such as stocks and shares.

### INCOME

The Company intends to pay annual dividends as the portfolio matures, and over time it seeks to achieve an average dividend payment in the range 4p to 6p per Share per annum. The Company expects to be able to make these annual payments from income received from its investments and special dividends from profitable realisations. The income received from the Company's investment portfolio should increase during the life of the Company as the number of investments rises and exits occur. Accordingly, the Company anticipates that earlier dividends may be lower than this range but that annual dividends in subsequent years may be correspondingly higher. This should enable the Company to achieve its target of an annual dividend payment equivalent to 4p to 6p per Share per annum although this is not guaranteed and no projection or forecast is expressed or should be inferred or implied from such statement. The Company's ability to pay dividends is subject to adequate distributable reserves, legislative requirements and the available cash reserves of the Company. It should also be noted that, subject to the reserves of the Company, the Company is required to distribute at least 85% of its income to its Shareholders in order to comply with the legislation applicable to VCTs.

# Investment objectives and policies

## INVESTMENT OBJECTIVES

The Company's target is to produce attractive investment returns from a portfolio of unquoted UK companies (as well as, potentially, AIM and AQSE quoted companies).

The Company's principal objectives are to:

- support the growth of UK SMEs
- maximise tax-free returns for Investors from a combination of dividends and interest received on investments, plus the distribution of capital gains arising from exits
- pay annual dividends and over time seeks to achieve an average dividend payment in the range 4p to 6p per Share per annum.
- maintain VCT status to enable Investors to benefit from 30% income tax relief on investments as well as tax-free income and capital gains.

## INVESTMENT POLICY

In line with the legislative framework governing the Company, the Company's investment policy is designed to comply with VCT legislation, which is key to the proposition being offered to Investors.

The Company will target investments in unquoted companies with a strong management team, a proposition that is commercially validated through sales volume, a clear and comprehensive plan for growth, which operate in a well-defined market niche

The Company seeks to build up a diversified portfolio of investments which should allow the Company to capture significant upside from individual positions but also provide resilience in the event of an economic downturn. Given current global macro-economic uncertainties, the Directors believe this is attractive positioning from a risk-adjusted-return perspective.

Unquoted investments are likely to be in the form of ordinary shares but may use other instruments including, but not limited to, loan stock, convertible securities and fixed interest securities. The Company may also invest in stocks that are quoted on the London Stock Exchange (including AIM) and on AQSE; such stocks may include ordinary shares, preference shares and/or loan stock (which may be unsecured). As well as quoted securities, the Company may hold investments in permitted funds, including interest bearing money market open-ended investment companies (OEICs) in addition to cash on deposit.

### Qualifying Investments

Qualifying Investments comprise investments in companies which are carrying out a qualifying trade (as defined under the relevant VCT legislation), and have a permanent establishment in the UK, although some may trade overseas. The Qualifying Companies in which investments are made must have no more than £15 million of gross assets immediately prior to the investment (and £16 million immediately after the investment), fewer than 250 employees (or 500 employees in the case of a Knowledge Intensive Company) and generally cannot have been trading for more than seven years (or 10 years in the case of a Knowledge Intensive Company) at the time of the Company's investment. Several other conditions must be met

for an investment to be classed as a VCT Qualifying Investment; further details of these are set out on page 41.

The Company intends to utilise the proceeds of the Offer to build up a portfolio of Qualifying Investments. In any event, the Company must ensure that at least 80% by value of the company's investments are in qualifying holdings by the start of the accounting period in which the third anniversary of the date the shares were issued falls. At least 30% of all new funds raised by the Company must be invested in Qualifying Investments within 12 months of the end of the accounting period in which the Company issued the shares.

### Non-Qualifying Investments

Funds not yet employed in Qualifying Investments will be managed with the intention of generating a return and ensuring the Company has sufficient liquidity to invest in Qualifying Investments as and when opportunities arise. Subject to the Investment Manager's view from time to time of desirable asset allocation and the rules applicable to VCTs (as set out on pages 40 and 41), the non-qualifying portfolio will comprise quoted and unquoted investments (direct or indirect) in cash or cash equivalents, bonds, equities, collective investment schemes (including UCITs), permitted vehicles investing in property, bond funds and funds of funds or in cash on deposit. Where the Company invests in quoted equities, it may seek to limit its overall market exposure through protective options (or through other hedging strategies).

These non-qualifying investments may also be provided to businesses that have already received, or may in the future receive, investment from other funds or entities advised or managed by companies in the Investment Managers' group of companies.

Subject to the rules applicable to VCTs (as set out on pages 40 and 41), the Company may invest in the above assets and may also invest through a holding in other funds or companies managed or advised by the Investment Manager or its affiliates. The Company will not be charged management fees by the Investment Manager in relation to its investment in such funds or companies managed or advised by the Investment Manager or its affiliates.

### Borrowing Policy

The Company has no present intention of utilising gearing as a strategy for improving or enhancing returns. Under the Company's Articles of Association, the borrowings of the Company will not, without the previous sanction of the Company in general meeting, exceed 50% of the aggregate total amount received from time to time on the subscription of Shares in the Company.

Within the Qualifying Investments Portfolio, the Company will typically be able to restrict the investee company's ability to borrow, although it is anticipated that investee companies will have borrowings including overdrafts and may have other forms of third party finance arrangements such as invoice financing.

# 38 Investment objectives and policies

(continued)

## Risk Diversification and Maximum Exposures

It is intended that risk will be spread by investing in a number of different businesses within different industry sectors using a mixture of securities. The maximum amount invested in any one company (inclusive of any related group company) is limited to 15% of the value of the portfolio in accordance with the VCT legislation at the time of investment.

## Target Asset Allocation

Initially, the majority of funds will be invested in Non-Qualifying Investments. These will be progressively reduced to provide funds for Qualifying Investments in accordance with VCT rules requiring at least 80% of the Fund's assets to be invested in Qualifying Investments and 30% invested in Qualifying Investments within 12 months from the end of the accounting period in which funds are raised.

## Changes to the Investment Policy

The Company will not make any material changes to its investment policy without shareholder approval.

## PROFILE OF TYPICAL INVESTOR

A typical Investor for whom the Company is designed is a retail investor and/or sophisticated investor and/or high net-worth individual who is a UK tax resident with sufficient income and capital available to be able to commit to an investment for over five years and who is attracted by the income tax relief available for a VCT investment.

## OTHER KEY POLICIES

### DISTRIBUTION POLICY

The Company intends to pay annual dividends as the portfolio matures. Over time it seeks to achieve an average dividend payment in the range 4p to 6p per Share per annum. The Company expects to be in a position to make such annual payments from income received from its investments and proceeds from disposals of those investments, which may also be paid in the form of special dividends if portfolio companies are sold at a profit. The income received from the Company's investment portfolio should increase during the life of the Company as the number of investments made rises. Accordingly, the Company anticipates that earlier dividends may be lower than this range but that annual dividends in subsequent years may be correspondingly higher so that the target of an annual dividend payment equivalent to 4p to 6p per Share per annum is achieved. However, this is not guaranteed and no projection or forecast is expressed or should be inferred or implied from such statement.

It should also be noted that, subject to the reserves of the Company, the Company is required to distribute at least 85% of its income to its Shareholders in order to comply with the legislation applicable to VCTs. The Company's ability to pay dividends is subject to adequate distributable reserves, legislative requirements and the available cash reserves of the Company and, accordingly, no profit forecast should be inferred or implied from such statements. The Directors' current intentions as to payment of interim dividends of the Company are set out under "Dividend Targets" on page 17 of this document.

## POST-INVESTMENT MANAGEMENT

Once an investment is made, the Investment Manager will monitor each investment and will expect to meet with the management of investee companies on a regular basis to review performance, recommend measures to encourage growth and, finally, decide when best to exit the investment. As the values of underlying investments increase, the Investment Manager will monitor opportunities for the Company to realise gains, with the intention of making tax-free distributions to Shareholders.

To aid investee companies' development, a member of the investment team will normally join an investee company's board.

Throughout the course of the investment, the company will be assessed by the Investment Manager's Monitoring Committee. The Committee reviews the company's performance against agreed key performance indicators and monitors its adherence to any financial covenants. The company will provide monthly management accounts which are reviewed and scrutinised. If companies do not perform as expected, the Investment Manager will work closely with management and strive to remedy any issues. It is possible that a company could fail and the investment in that company could be lost. The Investment Manager may also make follow-on investments. It also has the option to co-invest with other Puma Funds to enable quicker investment and more diversification.

Before investing in a company, the Investment Manager assesses its exit strategy and continues to monitor it throughout the life of the investment. This determines how management will position the company for an exit, and could take the form of a trade sale, public listing or a buyout in order to create the best return for investors.

## CO-INVESTMENT POLICY

The Company expects to co-invest alongside other Puma Funds, including Puma Alpha EIS which has the same investment mandate (investing into attractive, growing companies across a range of sectors in the UK), in future investments that comply with the Company's investment policy. This should allow the Company to invest in a broader range of transactions and of a larger scale than it might otherwise be able to access on its own, enabling swifter deployment of funds and giving investors access to a wider pool of investments.

Where more than one of the Puma Funds wishes to participate in an investment opportunity, allocations will be offered to each party in proportion to their respective funds available for investment, subject to:

- (i) priority being given to any funds that require such investment in order to maintain their tax status;
- (ii) the time horizon of the investment opportunity being compatible with the exit strategy of each fund; and/or
- (iii) the risk/reward of the investment opportunity being compatible with the target return for each fund.

In the event of any conflicts between the funds, the issues will be resolved at the discretion of the independent Directors. The Investment Manager in turn operates robust conflict of interest procedures to manage potential conflicts. A copy of the applicable conflicts of interest policy is available on the following website: [www.pumainvestments.co.uk](http://www.pumainvestments.co.uk).

## VALUATION POLICY

Unquoted investments will be valued at fair value in accordance with the IPEV Guidelines. Investments in AIM and AQSE market traded companies will be valued at the prevailing bid price.

In summary, what this means is that the Investment Manager's Finance and Monitoring team will look at trading performance and any market comparable (mergers, acquisitions or other investments) to estimate the fair value of portfolio holdings from time to time. Where comparable market activity is limited, they may use metrics established at the point of investment, adjusted for trading performance. Fair value is the amount for which an asset could be exchanged between knowledgeable, willing parties in an arm's length transaction.

The material accuracy of these valuations is supported by the VCT's auditors in their report included in the VCTs annual and interim financial statements.

The Investment Manager will be responsible for the determination and calculation of the Net Asset Value of the Company in accordance with the policies set out above, with the values being published in the Company's annual report and accounts and its interim results (see below) and other occasions at the Board's discretion. The relevant Net Asset Values will also be announced through a Regulatory Information Service. The Company does not anticipate any circumstances arising under which valuations may be suspended. However, if this was to occur, the suspension would be announced through a Regulatory Information Service.

## SHARE BUYBACK POLICY

The Offer Shares are intended to be traded on the London Stock Exchange's main market for listed securities although it is likely that there will be an illiquid market for such shares. In such circumstances, shareholders may find it difficult to sell their Shares in the market and, therefore, the Company intends to pursue an active buy back policy to improve the liquidity in the Shares where the Company may repurchase Shares which Shareholders wish to sell at a discount of 5% to the latest published Net Asset Value. The Board believes this creates an attractive proposition for both current and future Shareholders.

Buybacks are subject to applicable regulations, market conditions at the time and the Company having both the necessary funds and distributable cash resources available for the purpose. The making and timing of any share buybacks will remain at the absolute discretion of the Board.

As with all VCTs, the Directors expect that there will be limited demand for share buybacks from Shareholders within the first five years because the only sellers are likely to be deceased Shareholders' estates and those Shareholders whose circumstances have changed (to such extent that they are willing to repay the 30% income tax relief in order to gain access to the net proceeds of the sale).

## SHAREHOLDER REPORTING

The Directors believe that communication with Shareholders is important. In addition to regular announcements of the NAV being released to the London Stock Exchange and periodic newsletters, Shareholders will have access to a copy of the Company's annual report and accounts (expected to be published each June) and a copy of the Company's interim results (expected to be published each November). These will be made available on the Investment Manager's website.

In order to reduce the administrative burden and cost of communicating with Shareholders, the Company intends to publish all notices, documents and information to be sent to Shareholders generally ("Shareholder Documents") through the Investment Manager's website [www.pumainvestments.co.uk](http://www.pumainvestments.co.uk). Increased use of electronic communications will deliver significant savings to the Company in terms of administration, printing and postage costs, as well as speeding up the provision of information to Shareholders. The reduced use of paper will also have general environmental benefits. Shareholders will be notified when Shareholder Documents are published on the Investment Manager's website.

Such notification will be delivered electronically (or by post where no email address has been provided for that purpose) and, unless Investors complete the relevant section of the Application Form to receive hard copy Shareholder Documents or, as Shareholders, they subsequently notify the Company of the same, Shareholders will not receive hard copies of the Shareholder Documents.

All Qualifying Subscribers will automatically be provided with certificates enabling them to claim income tax relief.

## **ALLOTMENT, DEALINGS AND SETTLEMENT**

Applications will be made to the FCA for the Offer Shares to be issued pursuant to the Offer to be admitted to the premium segment of the Official List and to the London Stock Exchange for the Ordinary Shares to be admitted to trading on its main market for listed securities.

Further to the Directors' expectations as to the payment of the Company's first interim dividend, in relation to the first £5 million of valid applications received under the Offer, or those valid applications which are received on or before 24 November 2021 (whichever is the earlier), the Directors intend to allot Offer Shares so that in relation to those applications the relevant investors are issued with Offer Shares so that they should be eligible to receive any interim dividend payable by the Company on the Shares (which is expected to become payable in December 2021).

In relation to the following £20 million of valid applications received under the Offer, or those valid applications which are received on or before 28 February 2022 (whichever is the earlier), the Directors intend to allot Offer Shares so that the relevant investors in relation to those applications are issued with Offer Shares which should be eligible to receive a further interim dividend which the Directors anticipate to pay on the Offer Shares (expected to become payable in March 2022).

The declaration of any further interim dividend referred to above will be subject to the existence of realised profits, available cash reserves of the Company and the application of regulations at the time and, accordingly, there can be no assurance as to whether, and if declared, any guarantee as to the level of, any dividend to be paid by the Company (and no forecast or projection is to be implied or inferred as to any such dividend).

In relation to the allotment of Offer Shares, successful applicants will be notified by post. Dealings may commence prior to notification.

Dealings in Offer Shares are expected to commence within ten Business Days of their allotment.

Ordinary Shares will be issued in registered form and will be freely transferable in both certificated and uncertificated form and are not redeemable. It is anticipated that definitive share certificates will be issued within 10 Business Days of each allotment.

Ordinary Shares will be capable of being transferred by means of the CREST system. Investors who wish to take account of the ability to trade their Ordinary Shares in uncertificated form (and who have access to a CREST account) may arrange through their professional adviser to convert their holding into dematerialised form.

The Offer may not be withdrawn after dealings in the Ordinary Shares have commenced. In the event of any requirement for the Company to publish a supplementary prospectus, applicants who have yet to be entered into the Company's register of members will be given two days to withdraw from their subscription. Applicants should note, however, that such withdrawal rights are a matter of law that is yet to be tested in the courts of England and Wales and applicants should, therefore, rely on their own legal advice in this regard. In the event that notification of withdrawal is given by post, such notification will be effected at the time the applicant posts such notification rather than at the time of receipt by the Company.

## **CORPORATE GOVERNANCE**

The UK Corporate Governance Code (the "Code") published by the Financial Reporting Council in July 2018 applies to the Company. The Directors note that the Code acknowledges that it does not set out a rigid set of rules and that some provisions may have less relevance for investment companies and, in particular, consider some areas inappropriate due to the size and nature of the business of the Company.

Accordingly, the Company will comply with all the provisions of the Code save that (i) the Company does not conduct on an annual basis a formal review as to whether there is a need for an internal audit function, as the Directors do not consider that an internal audit would be an appropriate control for a venture capital trust and (ii) as all the Directors are non-executive, it is not considered appropriate to appoint a nomination or remuneration committee and in light of the responsibilities delegated to the Investment Manager, its VCT status adviser and Company secretary, the Company has not appointed a chief executive, deputy chairman or a senior independent non-executive Director.

In light of the responsibilities retained by the Board and the Audit Committee and of the responsibilities delegated to the Investment Manager and the Company secretary, the Company has not appointed a chief executive, deputy chairman or a senior independent non-executive director.

## **MARKET ABUSE REGULATION**

UK MAR sets out requirements relating to insiders, director dealings and market soundings. In particular, directors, PDMRs and Persons Closely Associated with them must notify the Company of any transaction in the Company's shares. There is also a restriction of dealing in the Company's shares during a closed period. UK MAR also stipulates that public disclosure of inside information by the Company must be done without delay (other than in limited circumstances). The FCA must be formally notified following the announcement of any delay.

The Directors are aware of their obligations under UK MAR and the Company has a share dealing policy and a procedure to comply with the requirements set out in UK MAR.

## **KEY RULES AND REGULATIONS**

### **Venture Capital Trust Regulations**

In continuing to maintain its VCT status, the Company must comply with a number of regulations as set out in Part 6 of ITA. How the main regulations apply to the Company is summarised as follows:

- (i) the Company's ordinary share capital is listed on a regulated European market;
- (ii) the Company holds at least 80% (by value) of its investments in Qualifying Companies;
- (iii) at least 70% of the Company's Qualifying Investments (by value) are held in "eligible shares";
- (iv) at least 30% of all new funds raised by the Company must be invested in Qualifying Investments within 12 months of the end of the accounting period in which the Company issued the shares;

- (v) at least 10% of each investment in a Qualifying Company is held in "eligible shares" (broadly by value at time of investment);
- (vi) no investment constitutes more than 15% of the Company's portfolio (by value at time of investment);
- (vii) the Company's income for each financial year is derived wholly or mainly from shares and securities;
- (viii) the Company distributes sufficient revenue dividends to ensure that no more than 15% of the income from shares and securities in any one year is retained;
- (ix) no investment can be made in a company which causes that company to receive more than £5 million of Risk Finance State Aid investment (including from VCTs) in the 12 months ending on the date of the Company's investment (£10 million in the case of a Knowledge Intensive Company);
- (x) no payment or distribution is made to any shareholder directly or indirectly from share capital or share premium account until after the third anniversary of the end of the accounting period in which the shares were issued (other than a buyback of shares);
- (xi) no investment can be made in a company which causes that company to receive more than £12 million (£20 million if the company is deemed to be a Knowledge Intensive Company) of Risk Finance State Aid investment (including from VCTs) over the company's lifetime;
- (xii) no investment can be made by the Company in a company whose first commercial sale was more than 7 years (or 10 years in the case of a Knowledge Intensive Company) prior to date of investment, except where previous Risk Finance State Aid was received by the company within 7 years or where a 'turnover test' is satisfied (Knowledge Intensive Companies will be able to choose whether to use the current test of the date of first commercial sale or the point at which turnover reached £200,000 to determine when the 10-year period has begun);
- (xiii) a company which has received investment from the Company cannot use such investment to acquire another existing business or trade;
- (xiv) to be Qualifying Investments, investee companies must have objectives to grow and develop over the long-term and there must be a significant risk that the investor will lose more capital than they gain as a return (including any tax relief);
- (xv) the investment must be used for the purpose of growth and development of the company; and
- (xvi) the VCT must not make a non-Qualifying Investment other than those specified in section 274 ITA.

Failure to comply with these regulations could result in the loss of the Company's VCT status.

## Listing Rules

In accordance with the Listing Rules:

- (i) the Company may not invest more than 10%, in aggregate, of the value of its total assets at the time an investment is made in other listed closed-ended investment funds except listed closed-ended investment funds which have published investment policies which permit them to invest no more than 15% of their total assets in other listed closed-ended investment funds;
- (ii) the Company must not conduct any trading activity which is significant in the context of its group (if any) as a whole; and
- (iii) the Company must, at all times, invest and manage its assets in a way which is consistent with its objective of spreading investment risk and in accordance with its published investment policy as set out in this document. This investment policy is in line with Chapter 15 of the Listing Rules and Part 6 of ITA.

# 42 The board and investment management team

## BOARD OF DIRECTORS

The Board has overall responsibility for the Company's affairs, including determining its investment policy and having overall control, direction and supervision of the Investment Manager. The Board comprises two non-executive directors who act independently of the Investment Manager together with one director appointed by the Investment Manager. A majority of the Board, including the Chairman, are independent of the Investment Manager.

### David Buchler – Chairman

David is a Chartered Accountant and has some 35 years of experience in the field of corporate turnaround. He was a partner at Arthur Andersen prior to becoming a founding partner of Buchler Phillips, one of the UK's leading financial recovery and restructuring specialists, which was acquired by the Kroll Inc. Company in 1999, the world's leading risk mitigation firm. Until 2003, he was Chairman of Kroll for Europe and Africa. He is a former President of R3, the association of business recovery and turnaround professionals, former Vice-Chairman of Tottenham Hotspur Football Club and former Deputy Chairman of the English National Opera, as well as producer of the London International Opera Festival 1984/1993. The Management Team can also draw upon the experience and expertise of staff within Puma's other investment functions. These investment functions are supported by an HR team, marketing team, investor relations team, IT team, business development team and operations function. Most significantly they are also supported by a five strong finance and monitoring team.

AIFMD regulates the managers of alternative investment funds, including VCTs. The Company has appointed Puma Investment Management Limited as an external authorised small Alternative Investment Fund Manager.

## INVESTMENT MANAGEMENT AND ADMINISTRATION

The Investment Manager is paid an annual investment management fee of 2% (plus VAT if applicable) of the Net Asset Value. The fee is payable quarterly in arrears.

The Investment Manager will also provide certain administration and company secretarial services to the Company for an annual fee of 0.35% of the Net Asset Value (plus VAT if applicable), payable quarterly in arrears.

The Directors estimate that, in the 12 month period to 28 February 2022, fees payable to them will not exceed £61,000 in respect of arrangements currently in force.

The Company is responsible for its normal third party costs including (without limitation) listing fees, audit and taxation services, legal fees, sponsor fees, registrars' fees, receiving agent fees, Directors' fees and other incidental costs. It is expected that the annual running costs of the Company (excluding the Investment Manager's annual investment management fee, any performance incentives fees and transactions expenses) will be approximately 1% of the Net Asset Value. The Directors anticipate that the total annual running costs (including the annual investment management fee but excluding any performance incentives fees and transactions expenses) will be approximately 3% of the Net Asset Value per annum. In any event the Investment Manager has agreed to reduce its annual investment management fee by such amount as is equal to the excess by which the Annual Running Expenses of the Company exceeds 3.5% of its Net Asset Value.

A maximum of 75% of the Company's management expenses will be capable of being charged against capital reserves with the balance charged against revenues.

## PERFORMANCE INCENTIVE FEES

As is customary in the VCT industry, investment managers and their management teams are incentivised and rewarded through the payment of performance incentive fees.

### Performance Incentive

The original performance incentive arrangements which were put in place on the establishment of the Company were modified following Shareholder approval of new arrangements at a general meeting on 18 November 2020. Consequently, a performance incentive fee is payable in relation to each accounting period (as determined from the audited annual accounts for that period), subject to the Performance Value per Share being at least 110p at the end of the relevant period. The amount of the performance incentive fee will be equal to 20% of the amount by which the Performance Value per Share at the end of an accounting period exceeds the High Water Mark (being the higher of 110p and the highest Performance Value per Share at the end of any previous accounting period), multiplied by the number of Shares in issue at the end of the relevant period (excluding any Performance Incentive Shares). That amount will be allocated, at the discretion of the Investment Manager, between the Investment Manager itself and the Management Team. Amounts will, where possible, be paid as a dividend through the Performance Incentive Shares which were issued to the Management Team on the establishment of the Company.

## FEES, CHARGES AND PRICING OF THE OFFER

### Commission

Commission is permitted to be paid to authorised financial intermediaries under the rules of the FCA in respect of execution only clients where no advice or personal recommendation has been given. Such authorised financial intermediaries who, acting on behalf of their clients, return valid Application Forms bearing their stamp and FCA number will usually be entitled to an initial commission of 1% of the amount payable in respect of the Ordinary Shares allocation for each such Application Form. Additionally, provided that the intermediary continues to act for the client and the client continues to be the beneficial owner of the Shares, such authorised financial intermediaries will usually be paid an annual trail commission by the Promoter of 0.35% of the Net Asset Value for each such Share for a period of 5 years from the Closing Date.

### Adviser Charge

Commission is generally not permitted to be paid to authorised Financial Advisers who provide a personal recommendation to UK retail clients on investments in VCTs. Instead of commission being paid by the Company, a fee will usually be agreed between the adviser and Investor for the advice and related services ("Adviser Charge"). This fee can either be paid directly by the Investor to the intermediary or, if it is a one-off fee, the payment of such fee may be made by the Registrar. If the payment of the Adviser Charge is to be made by the Registrar on behalf of the Investor, then the Investor's Financial Adviser is required to specify the amount of the charge on the Application Form.

### Initial Fee

The expenses charged to Investors by the Company in relation to their application will be the Initial Fee. Puma Investments will charge the Company an Initial Fee, for its role as promoter, of up to 3% (plus VAT if applicable) of the monies subscribed for Shares under the Offer after the deduction of any amounts used to pay any Adviser Charges (any lower amount being at the discretion of Puma Investments).

Puma Investments may, in certain circumstances, agree to pay enhanced commission over and above these terms, but any such enhanced commissions will not be payable by either the Investors or the Company.

Out of its fees, Puma Investments (not the Investors) will be responsible for initial and trail commission (as described under the paragraph headed "Commission" above) to intermediaries (where permitted).

Income tax relief is available on the total amount subscribed for Shares (but not including the amount of the Adviser Charge settled by the Registrar prior to subscription for Shares), subject to VCT Rules, personal circumstances and changes in the availability of tax reliefs.

The Directors may, at their discretion, allow an enhanced share allocation for Investors who have invested in other Puma VCTs or for any other Investors at their discretion.

The fee structure is based on the relevant applicable rules of the FCA and HMRC as they apply at the date of this document.

# 46 Expenses and administration

## (continued)

In the event that there is a change in these rules that affects this fee structure, the Directors reserve the right to make amendments to the fee structure outlined in this document.

### Transaction Fees

The Investment Manager is entitled to charge the underlying investee companies fees for arrangement and structuring and, to the extent that other services are provided, additional fees may be agreed. For the avoidance of doubt, these fees are not borne by the Company. Subject to FCA inducement and conflict of interest rules, fees may be paid to introducers in respect of the introduction of transactions.

### NUMBER OF SHARES TO BE ISSUED AND PRICING OF THE OFFER

The number of Shares to be issued to each Investor will be calculated as follows using the following Allotment Formula:

**Number of Shares = Amount remitted less (i) Initial Fee, (ii) Adviser Charges (if any) and (iii) an amount equal to 0.6% of the Investor's application monies (being their effective contribution to the Offer Costs), divided by latest published NAV per Ordinary Share as at the date of allotment, adjusted for any subsequent dividends for which the record date has passed, rounded down to the nearest whole number of Shares.**

The Initial Fee is 3% of the investment amount for all applications. The Promoter may agree to reduce its Initial Fee in whole or in part in respect of specific Investors or groups of Investors.

The Offer Price applying in respect of an Investor, therefore, varies according to the applicable NAV per Ordinary Share used in the Allotment Formula, the level of the Initial Fee and whether any Adviser Charge is to be payable from the monies provided with the application.

# Taxation

## TAXATION

The following information is only a summary of the law concerning the tax position of individual Qualifying Subscribers in VCTs. Therefore, potential Investors are recommended to consult a duly authorised financial advisor as to the taxation consequences of an investment in the Company. All tax reliefs referred to in this document are UK tax reliefs dependent on companies maintaining their VCT qualifying status. Tax relief may be subject to change and will depend on individual circumstances.

### TAXATION OF A VCT

VCTs are exempt from corporation tax on chargeable gains, with no restriction on the distribution of realised capital gains by a VCT, subject to the requirements of company law. VCTs will be subject to corporation tax on their income (generally excluding dividends received from UK companies) after deduction of attributable expenses.

### TAX RELIEFS FOR INDIVIDUAL INVESTORS

In order to benefit from the tax reliefs outlined below, individuals who subscribe must be aged 18 or over.

#### RELIEF FROM INCOME TAX

Relief from income tax of 30% will be available on subscriptions for shares in a VCT, subject to the Qualifying Limit (currently £200,000 per tax year). The relief, which will be available in the year of subscription, cannot exceed the amount which reduces the income tax liability of the Qualifying Subscriber in that year to nil. Relief may not be available if there is a loan linked with the investment. Relief will not be available, or, where given, will be withdrawn, either in whole or in part, where there is any disposal (except on death) of the shares (or of an interest in them or right over them) before the end of the period of five years beginning with the date on which the shares were issued to the Qualifying Subscriber.

Relief is restricted or not available where a Subscriber disposes of shares in the same VCT within six months of their subscription, whether the disposal occurs before or after the subscription.

Income tax relief is available on the total amount subscribed (but not including the amount of the Adviser Charge settled by the Registrar prior to subscription for Shares), subject to VCT Rules, personal circumstances and changes in the availability of tax reliefs.

#### DIVIDEND RELIEF

Any Qualifying Subscriber, who has acquired shares in a VCT of a value of no more than

£200,000 in any tax year, will not be liable for UK income tax on any dividends paid out on those shares by the VCT. There is no withholding tax on dividends.

#### CAPITAL GAINS TAX RELIEF

A disposal by a Qualifying Subscriber of his or her shares in a VCT will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax. This relief is limited to the disposal of shares acquired within the £200,000 limit for any tax year.

## LOSS OF TAX RELIEFS

Relief from corporation tax on capital gains will be withdrawn should a company that has been granted approval or provisional approval as a VCT fail to maintain the conditions required to keep its qualifying status. After such a status is lost, all gains will fail to benefit from tax exemption.

For investors, loss of VCT status could result in:

- claw-back of the 30% tax relief previously obtained on the subscription for new VCT shares;
- any payments of dividends made by the company during the accounting period in which the company loses VCT status, and thereafter, being subject to income tax; and
- a liability to tax on capital gains as would normally occur on the disposal of shares, except for any part of the gain that could be attributed to the time when the company had VCT status.

Qualifying Investors investing in a company that has provisional approval as a VCT, but fails to obtain full unconditional approval as a VCT may experience the following consequences:

- claw-back of the 30% tax relief previously obtained on the subscription for new VCT shares and interest on any overdue tax;
- any payments of dividends by the company being subject to income tax; and
- any gain from the disposal of any shares being subject to capital gains tax and losses on the shares being allowable losses for capital gains tax purposes.

For the purposes of sections 3 and 4 below, references to shares should be viewed as eligible VCT shares.

## THE IMPACT OF THE DEATH OF AN INVESTOR

### Initial Income Tax

Should any investor die having made an investment in a VCT, the transfer of shares on his or her death will not be viewed as a disposal of shares and so there will not be any claw-back of the income tax relief obtained on the subscription for those shares. However, the shares transferred will become part of the estate of the deceased for inheritance tax purposes.

### Tax implications for the beneficiary

The beneficiary of any VCT shares inherited from a deceased investor will continue to be entitled to tax-free dividends and tax-relief on disposal, but will not be entitled to any initial income tax relief because they have not subscribed for those shares.

### The impact of a transfer of shares between spouses

As it is not deemed a disposal of shares, any transfer of shares between spouses will continue to benefit from all tax reliefs.

## GENERAL

### Investors not residing in the UK

Investors who are not resident in the UK or who may become a non-resident should seek their own professional advice as to the consequences of making an investment in a VCT, as they may be subject to tax in other jurisdictions as well as in the UK.

### Stamp Duty and Stamp Reserve Tax

No stamp duty or stamp duty reserve tax is payable on the issue of shares. The transfer on the sale of shares is usually liable to ad valorem stamp duty or stamp duty reserve tax. Such duties would be payable by the individual who purchases the shares from the original subscriber.

### Purchasing shares after listing

Any qualifying purchaser of existing VCT shares, rather than new VCT shares, will not qualify for income tax relief on investments, but may be able to receive exemption from tax on dividends and capital gains tax on disposal of his or her VCT shares if those shares are acquired within the investor's annual £200,000 limit.

The information in this Part 2 is based on existing legislation, including taxation legislation. The tax legislation of the UK and of any other jurisdiction to which an Investor is subject may have an impact on the income received from the securities. The tax reliefs described are those currently available. Levels and bases of, and relief from taxation are subject to change and such change could be retrospective.

- 1.1. The Company was incorporated and registered in England and Wales on 15 September 2016 under the name Puma VCT 13 plc with registered number 1510376236, as a public company limited by shares under the Act. The principal legislation under which the Company operates, and under which the Ordinary Shares have been created, is the Act and the regulations made thereunder. The legal and commercial name of the Company is Puma VCT 13 plc.
- 1.2. The Company is domiciled on England. The LEI of the Company is 213800RT5DKKL9FMGO10.
- 1.3. On 8 September 2017, the Registrar of Companies issued the Company with a certificate under section 761 of the Act. On 8 September 2017 the Company gave notice to the Registrar of Companies of its intention to carry on business as an investment company under section 833 of the Act.

## 2. Share capital

- 2.1. The Company was incorporated with two ordinary shares issued fully paid to the subscribers to the memorandum of the Company which are held by HK Nominees Limited and HK Registrars Limited.
- 2.2. At the Annual General Meeting the following resolutions were passed:

### Ordinary Resolution

- 2.2.1. That, in addition to existing authorities, the Directors be and hereby are generally and unconditionally authorised in accordance with section 551 of the Act to exercise all the powers of the Company to allot shares in the Company in connection with the Offer and other offers for subscription. This power is limited to the allotment of relevant securities up to an aggregate nominal amount of £21,000, such authority was to expire on the later of 15 months from the date of the resolution or the next annual general meeting of the Company (unless previously renewed, varied or revoked by the Company in general meeting);

### Special Resolutions

- 2.2.2. That, subject to the passing of the resolutions referred to in paragraphs 2.2.1 above, the Directors be and hereby are empowered (pursuant to section 570(1) of the Act) to allot or make offers or agreements to allot equity securities (as defined in section 560(1) of the Act) for cash pursuant to the authority referred to in paragraph 2.2.1 above as if section 561 of the Act did not apply to any such allotment, such power to expire at the conclusion of the Company's next annual general meeting, or on the expiry of 15 months following the passing of the resolution, whichever was the later (unless previously renewed or extended by the Company in general meeting). This power was limited to the allotment of equity securities in connection with:

- 2.2.2.1. the Offer;
  - 2.2.2.2. an offer of equity securities by way of rights; and
  - 2.2.2.3. otherwise than pursuant to paragraphs 2.2.2.1 and 2.2.2.2, an offer of equity securities up to an aggregate nominal amount of 20% of the issued ordinary share capital of the Company immediately following closing of the Offer;
- 2.2.3. That, the Directors be and hereby are authorised to make one or more market purchases (within the meaning of section 693(4) of the Act) of Ordinary Shares provided that:
    - 2.2.3.1. the maximum aggregate number of Ordinary Shares authorised to be purchased was an amount equal to 14.99% of the issued ordinary share capital of the Company following the Offer;
    - 2.2.3.2. the minimum price which could be paid for an Ordinary Share was £0.0005;
    - 2.2.3.3. the maximum price which could be paid for an Ordinary Share was an amount, exclusive of expenses, equal to the higher of (i) 105% of the average of the middle market prices shown in the quotations for a Share in the Daily Official List of the London Stock Exchange for the five Business Days immediately preceding the day on which that Share is purchased and (ii) the amount stipulated by Article 5(6) of the Market Abuse Regulation (596/2014/EU); and
    - 2.2.3.4. unless renewed, the authority thereby conferred was to expire either at the conclusion of the next annual general meeting of the Company or on the expiry of 15 months from the passing of this resolution, whichever is the later to occur, save that the Company may, prior to such expiry, enter into a contract to purchase Ordinary Shares which will or may be completed or executed wholly or partly after such expiry; and
  - 2.2.4. That, subject to approval by the High Court of Justice, the amount standing to the credit of the share premium account of the Company, at the date an order is made confirming such cancellation by the Court, is cancelled.

- 2.3. On 8 December 2016, 50,000 Redeemable Preference Shares in the Company were allotted and issued to the Investment Manager and paid up as to one-quarter so as to enable the Company to obtain a certificate under section 761 of the Act. Once fully paid up, and subject to all legislative requirements being met at the applicable time, the Redeemable Preference Shares will be redeemed by the Company (out of the proceeds

of the 2017 Offer). Each of the Redeemable Preference Shares which is redeemed shall automatically be cancelled.

- 2.4. At the date of this document the issued fully paid share capital of the Company is:

Class of Shares	£	Issued (fully paid) No. of Shares
<b>Ordinary Shares</b>	14,138.50	28,276,987

- 2.5. The issued fully paid share capital of the Company immediately after the Offer has closed (assuming (i) the Offer is fully subscribed with the over-allotment facility fully utilised; (ii) that the Offer Price is based on the applicable NAV per Ordinary Share for allotment of 125.77p per Ordinary Share and (iii) an Initial Fee of 3% applies to all subscriptions) will be as follows:

Class of Shares	£	Issued (fully paid) No. of Shares
<b>Ordinary Shares</b>	25,635.67	51,271,341

- 2.6. The Shares will be in registered form and temporary documents of title will not be issued. The ISIN of the Ordinary Shares is GB00BD5B1L68 and the SEDOL code is BD5B1L6.
- 2.7. The Company will be subject to the continuing obligations of the FCA and the London Stock Exchange with regard to the issue of securities for cash and the provisions of section 561 of the Act (which confers on shareholders rights of pre-emption in respect of the allotment of equity securities which are, or are to be, paid up in cash) will apply to the Company to the extent any such issues are not subject to the dis-application referred to in sub-paragraph 2.2.2 above.

### 3. Articles of Association

- 3.1. The Articles of the Company provide that its principal object is to carry on the business of a Venture Capital Trust and that the liability of members is limited.
- 3.2. The Articles of the Company, which were adopted by special resolution on 8 December 2016, contain, inter alia, provisions to the following effect:

#### 3.2.1. Voting Rights

Subject to any disenfranchisement as provided in paragraph 3.2.5 below and subject to any special terms as to voting on which any Shares may be issued, on a show of hands every member present in person (or being a corporation, present by authorised representative) shall have one vote and, on a poll, every member who is present in person or by proxy shall have one vote for every Share of which he is the holder. The Shares shall rank pari passu as to rights to attend and vote at any general meeting of the Company.

#### 3.2.2. Rights Attaching to the Redeemable Preference Shares

Each of the Redeemable Preference Shares carries the right to a fixed, cumulative, preferential, dividend of 0.1% per annum (exclusive of any imputed tax credit available to shareholders) on the nominal amount thereof, but confers no right to vote except as otherwise agreed by the holders of a majority of the Shares. On a winding-up, the Redeemable Preference Shares confer the right to be paid the nominal amount paid on such shares. The Redeemable Preference Shares are redeemable at any time by the Company and by the holder at any time after the minimum subscription is raised under the 2017 Offer. Each Redeemable Preference Share which is redeemed, shall, thereafter, be cancelled without further resolution or consent.

#### 3.2.3. Transfer of Shares

The Ordinary Shares are in registered form and will be freely transferable. All transfers of Ordinary Shares must be effected by a transfer in writing in any usual form or any other form approved by the Directors. The instrument of transfer of an Ordinary Share shall be executed by or on behalf of the transferor and, in the case of a partly paid share by or on behalf of the transferee. The Directors may refuse to register any transfer of a partly paid Share, provided that such refusal does not prevent dealings taking place on an open and proper basis and may also refuse to register any instrument of transfer unless:

- 3.2.3.1. it is duly stamped (if so required), is lodged at the Company's registered office or with its registrars or at such other place as the Directors may appoint and is accompanied by the certificate for the shares to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer;
- 3.2.3.2. it is in respect of only one class of share; and
- 3.2.3.3. the transferees do not exceed four in number.

#### 3.2.4. Dividends

The Company may in general meeting by ordinary resolution declare dividends in accordance with the respective rights of the members, provided that no dividend shall be payable in excess of the amount recommended by the Directors. The Directors may pay such interim dividends as appear to them to be justified. No dividend or other monies payable in respect of an Ordinary Share shall bear interest as against the Company. There are no fixed dates on which entitlement to a dividend arises.

All dividends unclaimed for a period of twelve years after being declared or becoming due for payment shall be forfeited and shall revert to the Company.

### 3.2.5. Disclosure of Interest in Ordinary Shares

If any member or other person appearing to be interested in shares of the Company is in default in supplying within 42 days (or 28 days where the shares represent at least 0.25% of its entire issued share capital) after the date of service of a notice requiring such member or other person to supply to the Company in writing all or any such information as is referred to in section 793 of the Act, the Directors may, for such period as the default shall continue, impose restrictions upon the relevant shares.

The restrictions available are the suspension of voting or other rights conferred by membership in relation to meetings of the Company in respect of the relevant shares and additionally in the case of a shareholder representing at least 0.25% by nominal value of any class of shares of the Company then in issue, the withholding of payment of any dividends on, and the restriction of transfer of, the relevant shares.

### 3.2.6. Distribution of Assets on Liquidation

On a winding-up, any surplus assets of the Company will be divided amongst the holders of its Shares according to the respective numbers of Shares held by them in the Company and in accordance with the provisions of the Act, subject to the rights of any shares which may be issued with special rights or privileges. The Articles provide that the liquidator may, with the sanction of a resolution and any other sanction required by the Act, divide amongst the members in specie the whole or any part of the assets of the Company in such manner as he may determine.

### 3.2.7. Changes in Share Capital

3.2.7.1. Without prejudice to any rights attaching to any existing shares, any share may be issued with such rights or restrictions as the Company may by ordinary resolution determine or in the absence of such determination, as the Directors may determine. Subject to the Act, the Company may issue shares, which are, at the option of the Company or the holder, liable to be redeemed.

3.2.7.2. The Company may by ordinary resolution increase its share capital, consolidate and divide all or any of its share capital into shares of larger amount, sub-divide its shares or any of them into shares of smaller amounts, or cancel or reduce the nominal value of any shares which have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount so cancelled or the amount of the reduction.

3.2.7.3. Subject to the Act, the Company may by special resolution reduce its share capital, any capital redemption reserve and any share premium account, and may also, subject to the Act (and by resolution of the holders of the shares repurchased where such shares are convertible shares), purchase its own shares.

### 3.2.8. Variation of Rights

Whenever the capital of the Company is divided into different classes of shares, the rights attached to any class may (unless otherwise provided by the terms of issue of that class) be varied or abrogated either with the consent in writing of the holders of not less than 75% of the nominal amount of the issued shares of that class or with the sanction of a resolution passed at a separate meeting of such holders.

### 3.2.9. Directors

Unless and until otherwise determined by the Company in general meeting, the number of Directors shall not be less than two nor more than ten. The continuing Directors may act notwithstanding any vacancy in their body, provided that, if the number of the Directors be less than the prescribed minimum, the remaining Director or Directors shall forthwith appoint an additional Director or additional Directors to make up such minimum or shall convene a general meeting of the Company for the purpose of making such appointment.

Any Director may in writing under his hand appoint (a) any other Director, or

(b) any other person who is approved by the Board of Directors as hereinafter provided, to be his alternate. A Director may at any time revoke the appointment of an alternate appointed by him. Every person acting as an alternate Director shall be an officer of the Company, and shall alone be responsible to the Company for his own acts and defaults, and he shall not be deemed to be the agent of or for the Director appointing him.

Subject to the provisions of the Act, the Directors may from time to time appoint one or more of their body to be Managing Director or Joint Managing Directors of the Company, or to hold such other executive office in relation to the management of the business of the Company as they may decide.

A Director of the Company may continue to be or become a Director or other officer, servant or member of any company promoted by the Company or in which it may be interested as a vendor shareholder, or otherwise, and no such Director shall be accountable for any remuneration or other benefits derived as director or other officer, servant or member of such company.

# 54 Additional information

## (continued)

The Directors may from time to time provide for the management and transaction of the affairs of the Company in any specified locality, whether at home or abroad, in such manner as they think fit.

### 3.2.10. Directors' Interests

3.2.10.1. A Director who is in any way, directly or indirectly, interested in a transaction or arrangement with the Company shall, at a meeting of the Directors, declare, in accordance with the Act, the nature of his interest.

3.2.10.2. Provided that he has declared his interest in accordance with paragraph 3.2.10.1, a Director may be a party to or otherwise interested in any transaction or arrangement with the Company or in which the Company is otherwise interested and may be a director or other officer or otherwise interested in any body corporate promoted by the Company or in which the Company is otherwise interested. No Director so interested shall be accountable to the Company, by reason of his being a Director, for any benefit that he derives from such office or interest or any such transaction or arrangement.

3.2.10.3. A Director shall not vote nor be counted in the quorum at a meeting of the Directors in respect of a matter in which he has any material interest otherwise than by virtue of his interest in shares, debentures or other securities of, or otherwise in or through the Company, unless his interest arises only because the case falls within one or more of the following paragraphs:

- (a) the giving to him of any guarantee, security or indemnity in respect of money lent or an obligation incurred by him at the request of or for the benefit of the Company or any of its subsidiary undertakings;
- (b) the giving to a third party of any guarantee, security or indemnity in respect of a debt or an obligation of the Company or any of its subsidiary undertakings for which he has assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security;
- (c) any proposal concerning the subscription by him of shares, debentures or other securities of the Company or any of its subsidiary undertakings or by virtue of his participating in the underwriting or sub-underwriting of an offer of such shares, debentures or other securities;
- (d) any proposal concerning any other company in which he is interested, directly or indirectly, whether as an officer or shareholder or

otherwise, provided that he and any persons connected with him do not (to his knowledge) hold an interest in shares representing 1% or more of any class of the equity share capital of such company or

- (e) of the voting rights available to members of the company;
- (f) any proposal relating to an arrangement for the benefit of the employees of the Company or any subsidiary undertaking which does not award to any Director as such any privilege or advantage not generally awarded to the employees to whom such arrangement relates; and
- (g) any arrangement for purchasing or maintaining for any officer or auditor of the Company or any of its subsidiaries, insurance against any liability which by virtue of any rule of law would otherwise attach to him in respect of any negligence, breach of duty or breach of trust for which he may be guilty in relation to the Company or any of its subsidiaries of which he is a director, officer or auditor.

3.2.10.4. When proposals are under consideration concerning the appointment of two or more Directors to offices or employment with the Company, or any company in which the Company is interested, the proposals may be divided and considered in relation to each Director separately and (if not otherwise precluded from voting) each of the Directors concerned shall be entitled to vote and be counted in the quorum in respect of each resolution except that concerning his own appointment.

### 3.2.11. Remuneration of Directors

- 3.2.11.1. The ordinary remuneration of the Directors shall be such amount as the Directors shall from time to time determine (provided that, unless otherwise approved by the Company in general meeting, the aggregate ordinary remuneration of such Directors, including fees from the Company, shall not exceed £100,000 per year) to be divided among them in such proportion and manner as the Directors may determine. The Directors shall also be paid by the Company all reasonable travelling, hotel and other expenses they may incur in attending meetings of the Directors or general meetings or otherwise in connection with the discharge of their duties.
- 3.2.11.2. Any Director who, by request of the Directors, performs special services for any purposes of the

Company may be paid such reasonable extra remuneration as the Directors may determine.

- 3.2.11.3. The emoluments and benefits of any executive director for his services as such shall be determined by the Directors and may be of any description, including membership of any pension or life assurance scheme for employees or their dependants or, apart from membership of any such scheme, the payment of a pension or other benefits to him or his dependants on or after retirement or death.

#### 3.2.12. Retirement of Directors

A Director shall retire from office at or before the third annual general meeting following the annual general meeting at which he last retired and was re-elected. A retiring Director shall be eligible for re-election. A Director shall be capable of being appointed or re-appointed a Director despite having attained any particular age.

#### 3.2.13. Borrowing Powers

Subject as provided below, the Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property and uncalled capital.

The Directors shall restrict the borrowings of the Company and exercise all voting and other rights or powers of control over its subsidiary undertakings (if any) so as to secure that the aggregate amount at any time outstanding in respect of money borrowed by the group, being the Company and its subsidiary undertakings for the time being (excluding intra-group borrowings), shall not, without the prior sanction of an ordinary resolution of the Company, exceed a sum equal to 50% of the aggregate total amount received from time to time on the subscription of shares of the Company.

#### 3.2.14. Uncertificated Shares

CREST, a paperless settlement system enabling securities to be evidenced otherwise than by a certificate and transferred otherwise than by a written instrument, was introduced in July 1996. The Articles are consistent with CREST membership and allow for the holding and transfer of shares in uncertificated form pursuant to the Uncertificated Securities Regulations 2001.

#### 3.2.15. General Meetings

The Company shall, within 6 months of a company's financial year end, at such time and place as may be determined by the Directors, hold a general meeting as its annual general meeting in addition to any other meetings in that year.

The Directors may, whenever they think fit, convene a general meeting of the Company, and general meetings shall also be convened on such requisition or in default may be convened by such requisitions as are provided by the Act. Any meeting convened under this Article by requisitions shall be convened in the same manner as near to as possible as that in which meetings are to be convened by the Directors.

An annual general meeting shall be called by not less than twenty-one days' notice in writing, and all other general meetings of the Company shall be called by not less than fourteen days' notice in writing. The notice shall be exclusive of the day on which it is given and of the day of the meeting and shall specify the place, the day and hour of meeting and, in the case of special business, the general nature of such business. The notice shall be given to the members (other than those who, under the provisions of the Articles or the terms of issue of the shares they hold, are not entitled to receive notice from the Company), to the Directors and to the Auditors. A notice calling an annual general meeting shall specify the meeting as such and the notice convening a meeting to pass a special resolution or an ordinary resolution as the case may be shall specify the intention to propose the resolution as such.

In every notice calling a meeting of the Company or any class of the members of the Company there shall appear with reasonable prominence a statement that a member entitled to attend and vote is entitled to appoint one or more proxies to attend and, on a poll, vote instead of him, and that a proxy need not also be a member.

If within half an hour from the time appointed for the meeting a quorum is not present, the meeting, if convened by or upon the requisition of members, shall be dissolved. In any other case it shall stand adjourned to such time (being not less than fourteen days and not more than twenty-eight days hence) and at such place as the Chairman shall appoint. At any such adjourned meeting the member or members present in person or by proxy and entitled to vote shall have power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place. The Company shall give not less than seven clear days' notice of any meeting adjourned for the want of a quorum and the notice shall state that the member or members present as aforesaid shall form a quorum.

The Chairman may, with the consent of the meeting (and shall, if so directed by the meeting) adjourn any meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

### 5. Material Contracts

The following constitutes a summary of the principal contents of each material contract entered into by the Company, otherwise than in the ordinary course of business, in the two years immediately preceding the date of this document. There are no other contracts, not being contracts entered into in the ordinary course of business, entered into by the Company which contain any provision under which the Company has an obligation or entitlement which is material to the Company as at the date of this document:

#### 5.1. 2017 Offer Agreement

An offer agreement dated 13 September 2017 and made between the Company (1), the Directors (2), the Sponsor (3), and the Promoter (4) (the "2017 Offer Agreement"), pursuant to which the Sponsor agreed to act as sponsor to the 2017 Offer and the Promoter undertook, as agent of the Company, to use its reasonable endeavours to procure subscribers under the 2017 Offer for up to 30,000,000 Ordinary Shares in the Company. The Promoter was entitled to any interest earned on subscription monies prior to the allotment of Ordinary Shares which was to be applied to defray the costs of the 2017 Offer. Under the 2017 Offer Agreement, the Company was to pay the Promoter a commission of 3% of the aggregate value of accepted applications for Ordinary Shares received pursuant to the 2017 Offer.

The Promoter was responsible for the payment of commission to authorised financial intermediaries in respect of execution only clients. Total initial costs payable by the Company under the 2017 Offer Agreement were, therefore, limited to 3% of the total funds raised under the 2017 Offer.

Under the 2017 Offer Agreement, which may be terminated by the parties in certain circumstances, the Investment Manager, the Promoter, the Company and the Directors gave certain warranties and indemnities. Warranty claims must be made by no later than three months after the second annual general meeting of the Company following the closing date of the 2017 Offer at which Shareholders approve the Company's accounts or (if earlier) by the date the Company is subject to a takeover. The Company also agreed to indemnify the Sponsor in respect of its role as Sponsor and under the 2017 Offer Agreement. The 2017 Offer Agreement could be terminated, inter alia, if any statement in the Prospectus was untrue, any material omission from the prospectus issued in connection with 2017 Offer arose or any breach of warranty occurred. The warranties and indemnities were in usual form for a contract of this type and the warranties were subject to limits of the greater of £1,000,000 or 5% of the proceeds of

the 2017 Offer for the Promoter and the Investment Manager, and one year's director fees for each Director.

#### 5.2. Investment Management Agreement

An agreement (the "Investment Management Agreement") dated 13 September 2017 (as varied by the deeds of amendment and restatement to the Investment Management Agreement dated 9 October 2020 and 4 August 2021 referred to in paragraphs 5.10 and 5.11 below) and made between the Company and the Investment Manager whereby the Investment Manager will provide discretionary investment management and advisory services to the Company in respect of its portfolio of Qualifying Investments and Non-Qualifying Investments.

The Investment Manager will receive an annual investment management fee equal to 2% of the Net Asset Value (plus VAT if applicable) payable quarterly in arrears until the termination of the Investment Management Agreement. In relation to the financial year ended 28 February 2021 the Company paid fees totalling £343,000 for these services (inclusive of VAT where applicable). The Investment Manager has agreed to reduce its annual investment management fee by such amount as is equal to the amount by which the Annual Running Expenses of the Company exceeds 3.5% of its Net Asset Value.

The Investment Manager is also entitled to a performance incentive fee as described in paragraph 5.10 below.

The Investment Manager is entitled to reimbursement of expenses incurred in performing its obligations. In respect of the period prior to 4 August 2021, in investments made in companies that are not listed on AIM, the Investment Manager was entitled to charge investee companies fees for arrangement and structuring and, to the extent that other services were provided, additional fees as were agreed. Unless the Board agreed otherwise, fees payable to the Investment Manager by investee companies for arranging and structuring investments (but not syndication or other services) would not exceed 5% of the value of the total invested by the Company (and any other investor to whom the Investment Manager syndicated any part of the investment) and in the case of periodical fees up to £75,000 per annum (index-linked) (plus VAT, if applicable).

In respect of the period from 4 August 2021, the Investment Manager is entitled to charge investee companies arrangement, structuring and monitoring fees and expenses, and to the extent that other services are provided, additional fees as may be agreed between the Investment Manager and the relevant investee company. Unless the members of the Board (who are independent of the Investment Manager) agree otherwise:

- (i) in the case of arrangement and structuring fees, the aggregate of such fees and expenses charged to the investee company shall not exceed 3% of the value of the total

investment (at the time of investment) by the Company invested in such investee company; and

- (ii) in the case of monitoring fees and expenses, and periodical fees, the aggregate of such fees and expenses (on a per annum basis) charged to the investee company shall, together, not exceed 2.5% of the value of the total amount invested by the Company in such investee company

provided that the aggregate of such arrangement and structuring fees, monitoring fees and periodical fees, and expenses identified in this paragraph that may be charged by the Investment Manager in relation to all investee companies shall not in any twelve month period be £246,000 more than the aggregate of all fees and expenses that the Manager could have charged the investee companies under the provisions of the Investment Management Agreement that were in effect prior to 4 August 2021 in respect of that twelve month period.

The appointment of the Investment Manager took effect on 19 March 2018 (the date of the first allotment of Ordinary Shares under the 2017 Offer) and will continue for a period of 10 years from that date and thereafter terminate on 12 calendar months' notice by either party given at any time on or after the fifth anniversary of the agreement, provided that in the event of such notice being given by the Company, it shall have been approved beforehand by holders of 75% or more of the Ordinary Shares in issue (a "Special Majority") at a duly convened general meeting of the Company called for the purpose. If at any such general meeting a Special Majority does not vote in favour of the applicable resolution, no further resolution shall be proposed for the same purpose for a further 12 month period. The Investment Management Agreement is subject to earlier termination by either party in certain circumstances.

Any investment or other asset of any description of the Company (other than dematerialised securities which will be registered in the name of a nominee, Pershing Securities Limited, a private limited company resident in England and incorporated in England and Wales with company number 02474912, whose registered office is at Royal Liver Building, Pier Head, Liverpool, England, L3 1LL, an authorised firm under the FCA rules and governed by English law (or such other dematerialised custodian as the Company may appoint from time to time), will be held in the Company's name, although in exceptional circumstances another suitable person may hold such investments or assets acting as custodian where, due to the nature of the law or market practice of an overseas jurisdiction, it is in the best interests of the Company to do so or it is not feasible to do otherwise.

When conflicts occur between the Investment Manager and the Company because of other activities and relationships of the Investment Manager, the Investment Manager will ensure that the Company receives fair treatment or will rely on "Chinese Wall" arrangements restricting the flow of information within the Investment Manager's organisation. Alternatively such conflicts will be disclosed to the Company.

The Investment Manager may make investments on behalf of the Company in collective investment vehicles of which it is manager or in companies where the Investment Manager has been involved in the provision of services to those companies and may receive commissions, benefits, charges or advantage from so acting. There will be no duplication of fees in such situations.

The provision by the Investment Manager of discretionary investment management and advisory services is subject to the overall control, direction and supervision of the Directors.

### 5.3. Directors' Letters of Appointment

Each of the Directors entered into an agreement with the Company dated 13 September 2017 as referred to in paragraph 4.7 above whereby he is required to devote such time to the affairs of the Company as the Board reasonably requires consistent with his role as non-executive Director. David Buchler is entitled to receive an annual fee of £25,000 (plus VAT if applicable), Stephen Hazell-Smith is entitled to receive an annual fee of £18,000 (plus VAT if applicable) and Graham Shore is entitled to receive an annual fee of £18,000 (plus VAT if applicable). Each party can terminate the agreement by giving to the other at least three months' notice in writing to expire at any time after the date 15 months from the respective commencement dates.

### 5.4. Administration Agreement

An agreement dated 13 September 2017 and made between the Company and PIASL, whereby PIASL will provide certain administration services and company secretarial services to the Company with regard to all the investments of the Company for an annual fee of 0.35% of the Net Asset Value (plus VAT if applicable). In relation to the financial year ended 28 February 2021 the Company paid fees totalling £60,000 for these services (inclusive of VAT where applicable).

The appointment of PIASL shall continue for a period of 10 years from 19 March 2018 (the date of the first allotment of Ordinary Shares under the 2017 Offer) and is thereafter terminable by either party giving 12 months' written notice, on or after the fifth anniversary of the agreement, but subject to early termination in certain circumstances.

### 5.5. Trade Mark Sub-Licence Agreement

An agreement (the "Trade Mark Sub-Licence Agreement") dated 13 September 2017 and made between Investment Manager and the Company, whereby Puma Investments granted to the Company a non-exclusive licence, at no cost, to use the "Puma" name in connection with Puma's activities.

The Trade Mark Sub-Licence Agreement commenced on the date of the agreement and is terminable by either party if the other party suffers certain events of insolvency and is terminable by the Investment Manager if any person or persons acting in concert (as defined in the City Code on Takeovers and Mergers) obtains control of the Company or if the Investment Management Agreement is terminated for any reason.

## 5.6. Custody Agreement

A Custody Agreement dated 13 September 2017 between the Company and Howard Kennedy LLP under which Howard Kennedy LLP agrees to hold securities in certificated form on behalf of the Company as custodian for an annual fee of £1,000 plus VAT, terminable by either party on one month's notice.

## 5.7. Performance Incentive Agreements

5.7.1. Agreements between each member of the Management Team and the Company dated 8 December 2016 (as amended by a deeds of variation on 28 June 2018 to extend the terms of those arrangements to include the 2018 Offer) under which the members of the Management Team:

- (a) agreed to subscribe for, in aggregate, 7,500,000 Ordinary Shares at par value; and
- (b) gave irrevocable undertakings:
  - (i) to transfer back to a nominee of the Company for nil consideration immediately after the close of the 2018 Offer (but prior to admission) such number of Performance Incentive Shares as will result in the Management Team holding, in aggregate, not more than 20% of the entire issued share capital of the Company following the 2018 Offer;
  - (ii) to waive any form of distribution of income or any form of return of capital declared by the Company unless and until the Performance Target (as amended by the agreements listed at paragraph 5.7.2) has been achieved;
  - (iii) to transfer back to a nominee of the Company for nil consideration all of the Performance Incentive Shares immediately prior to the dissolution of the Company on a winding up if the Performance Target (as amended by the agreements listed at paragraph 5.7.2) has not been achieved;
  - (iv) (save in respect of Shore Capital Group Investments Limited) to transfer to the Investment Manager for par value all the Performance Incentive Shares immediately on cessation of employment (other than for death or incapacity) within three years of the initial closing date of the 2017 Offer of the relevant employee with the Investment Manager; and
  - (v) not to transfer any Performance Incentive Shares (other than in accordance with the above terms of the Performance Incentive Agreement) unless and until the Performance Target (as amended by the agreements listed at paragraph 5.7.2) has been achieved.

5.7.2. Agreements between each member of the Management Team and the Company dated 7 September 2017 under which the members of the Management Team:-

- (a) agreed to subscribe for, in aggregate, 3,750,000 Ordinary Shares at par value;
- (b) gave irrevocable undertakings as described in paragraph 5.7.1 (b).above; and
- (c) made consequential amendments to the agreements listed at paragraph 5.7.1 above.

The entitlements of the Management Team to any of the Ordinary Shares referred to in paragraph 5.7.2(a) above lapsed on the close of the 2017 Offer on 28 June 2018 and all such shares were transferred to a nominee of the Company for cancellation.

5.7.3. Following the variation of the performance incentive arrangements described in paragraph 5.10 below, the above agreements were varied to reflect those new performance incentive arrangements.

## 5.8. 2018 Offer Agreement

An offer agreement dated 27 July 2018 and made between the Company (1), the Directors (2), the Sponsor (3), and the Promoter (4) (the "2018 Offer Agreement"), pursuant to which the Sponsor agreed to act as sponsor to the 2018 Offer and the Promoter undertook, as agent of the Company, to use its reasonable endeavours to procure subscribers under the 2018 Offer for up to £5,000,000 of Ordinary Shares in the Company. The Promoter was entitled to any interest earned on subscription monies prior to the allotment of Ordinary Shares which was to be applied to defray the costs of the 2018 Offer. Under the 2018 Offer Agreement, the Company was to pay the Promoter a commission of 3% of the aggregate value of accepted applications for Ordinary Shares received pursuant to the 2018 Offer.

The Promoter was responsible for the payment of commission to authorised financial intermediaries in respect of execution only clients. Total initial costs payable by the Company under the 2018 Offer Agreement were limited to 3% of the total funds raised under the 2018 Offer.

Under the 2018 Offer Agreement, which could be terminated by the parties in certain circumstances, the Investment Manager, the Promoter, the Company and the Directors gave certain warranties and indemnities. Warranty claims must be made by no later than three months after the second annual general meeting of the Company following the closing date of the 2018 Offer at which Shareholders approve the Company's accounts or (if earlier) by the date the Company is subject to a takeover. The Company also agreed to indemnify the Sponsor in respect of its role as Sponsor and under the 2018 Offer Agreement. The 2018 Offer Agreement could be terminated, inter alia, if any statement in the Prospectus

was untrue, any material omission from the Prospectus arose or any breach of warranty occurred. The warranties and indemnities were in usual form for a contract of this type and the warranties were subject to limits of the greater of £1,000,000 or 5% of the proceeds of the 2018 Offer for the Promoter and the Investment Manager, and one year's director fees for each Director.

#### 5.9. 2020 Offer Agreement

An offer agreement dated 9 October 2020 and made between the Company (1), the Directors (2), the Sponsor (3) and the Promoter (4) (the "2020 Offer Agreement"), pursuant to which the Sponsor agreed to act as sponsor to the 2020 Offer and the Promoter undertook, as agent of the Company, to use its reasonable endeavours to procure subscribers under that offer. The Promoter was entitled to any interest earned on subscription monies prior to the allotment of Ordinary Shares which was to be applied to defray the costs of the 2020 Offer. Under the 2020 Offer Agreement the Company was to pay the Promoter a commission of 3% of the aggregate value of accepted applications for Ordinary Shares received pursuant to the 2020 Offer.

The Promoter was responsible for the payment of commission to authorised financial intermediaries in respect of execution only clients.

Under the 2020 Offer Agreement, which could be terminated by the parties in certain circumstances, the Promoter, the Company and the Directors gave certain warranties and indemnities. Warranty claims must be made by no later than three months after the second annual general meeting of the Company following the closing date of the 2020 Offer at which Shareholders approve the Company's accounts or (if earlier) by the date the Company is subject to a takeover. The Company also agreed to indemnify the Sponsor and the Promoter. The warranties and indemnities were in usual form for a contract of this type and the warranties were subject to limits of the greater of £1,000,000 or 5% of the proceeds of the 2020 Offer for the Promoter, and one year's director fees for each Director. The 2020 Offer Agreement could be terminated by the Sponsor and/or the Promoter, inter alia, if any statement in the Prospectus was untrue, any material omission from the Prospectus arose or any breach of warranty occurred.

#### 5.10. 2020 Deed of Amendment and Restatement

A deed of amendment and restatement to the Investment Management Agreement dated 9 October 2020 made between the Company (1) and the Investment Manager (2) whereby the Investment Management Agreement was varied to provide for new PIF arrangements. Consequently, a performance incentive fee is payable in relation to each accounting period (as determined from the audited annual accounts for that period), subject to the Performance Value per Share being at least 110p at the end of the relevant

period. The amount of the performance incentive fee will be equal to 20% of the amount by which the Performance Value per Share at the end of an accounting period exceeds the High Water Mark (being the higher of 110p and the highest Performance Value per Share at the end of any previous accounting period), multiplied by the number of Shares in issue at the end of the relevant period (excluding any Performance Incentive Shares). That amount will be payable to the Investment Manager (or such persons as the Investment Manager nominates from time to time, including members of the Management Team). Amounts will, where possible, be paid as a dividend through the Performance Incentive Shares which were issued to the Management Team. In relation to the financial year ended 28 February 2021, the Company paid a performance incentive fee to PIML totalling £717,000 (inclusive of VAT where applicable).

#### 5.11. 2021 Deed of Amendment and Restatement

A deed of amendment and restatement to the Investment Management Agreement dated 4 August 2021 made between the Company (1) and the Investment Manager (2) whereby the Investment Management Agreement was further varied to update that agreement for various expenses and disbursements that the Investment Manager could charge to the investee companies of the Company in relation to the below.

The Investment Manager is entitled to reimbursement of expenses incurred in performing its obligations. The Investment Manager is entitled to charge investee companies arrangement, structuring and monitoring fees and expenses, and to the extent that other services are provided, additional fees as may be agreed between the Investment Manager and the relevant investee company. Unless the members of the Board (who are independent of the Investment Manager) agree otherwise:

- (i) in the case of arrangement and structuring fees, the aggregate of such fees and expenses charged to the investee company shall not exceed 3% of the value of the total investment (at the time of investment) by the Company invested in such investee company; and
- (ii) in the case of monitoring fees and expenses, and periodical fees, the aggregate of such fees and expenses (on a per annum basis) charged to the investee company shall, together, not exceed 2.5% of the value of the total amount invested by the Company in such investee company

provided that the aggregate of such arrangement and structuring fees, monitoring fees and periodical fees, and expenses identified in this paragraph that may be charged by the Investment Manager in relation to all investee companies shall not in any twelve month period be £246,000 more than the aggregate of all fees and expenses that the Manager could have charged the investee companies under the provisions of the Investment Management Agreement that were in effect prior to 4 August 2021 in respect of that twelve month period.

### 5.12. 2021 Offer Agreement

The 2021 Offer Agreement dated 5 August 2021 and made between the Company (1), the Directors (2), the Sponsor (3) and the Promoter (4), pursuant to which the Sponsor has agreed to act as sponsor to the Offer and the Promoter has undertaken, as agent of the Company, to use its reasonable endeavours to procure subscribers under the Offer. The Promoter will be entitled to any interest earned on subscription monies prior to the allotment of Ordinary Shares which will be applied to defray the costs of the Offer. Under the 2021 Offer Agreement, the Company will pay the Promoter a commission of 3% of the aggregate value of accepted applications for Ordinary Shares received pursuant to the Offer.

The Promoter will be responsible for the payment of initial and trail commission to authorised financial intermediaries in respect of execution only clients.

Under the 2021 Offer Agreement, which may be terminated by the parties in certain circumstances, the Promoter, the Company and the Directors have given certain warranties and indemnities. Warranty claims must be made by no later than three months after the second annual general meeting of the Company following the closing date of the Offer at which Shareholders approve the Company's accounts or (if earlier) by the date the Company is subject to a takeover. The Company has also agreed to indemnify the Sponsor and the Promoter. The warranties and indemnities are in usual form for a contract of this type and the warranties are subject to limits of the greater of £1,000,000 or 5% of the proceeds of the Offer for the Promoter, and one year's director fees for each Director. The 2021 Offer Agreement may be terminated by the Sponsor and/or the Promoter, inter alia, if any statement in the Prospectus is untrue, any material omission from the Prospectus arises or any breach of warranty occurs.

- 6.4. The Sponsor will be entitled to receive a fee from the Company in connection with the Offer as described in paragraph 5.12 above. The Investment Manager may be a promoter of the Company and will receive management fees and other payments from the Company as described in paragraph 5 above.
- 6.5. Save as disclosed in paragraphs 4, 5.1, 5.8, 5.9 and 5.12 above, no amount or benefit has been paid or given to any promoters and none is intended to be paid or given.
- 6.6. The Company's accounting reference date is 28 February in each year.
- 6.7. The Investment Manager is Puma Investment Management Limited, a private limited company registered in England and Wales and incorporated pursuant to and operating under the Act on 11 September 2012 under company number 8210180, which is authorised and regulated by the Financial Conduct Authority and whose principal place of business and registered office is at Cassini House, 57 St James's Street, London SW1A 1LD. The principal legislation under which it operates is the Act. The Investment Manager is domiciled in England and its legal and commercial name is Puma Investment Management Limited. The telephone number of the Investment Manager is 020 7408 4100 and its website is [www.pumainvestments.co.uk](http://www.pumainvestments.co.uk). The information on their website does not form part of the Prospectus unless that information is incorporated by reference into the Prospectus.
- 6.8. The expenses of and incidental to the Offer and the listing of the Offer Shares, including registration and listing fees, printing, advertising and distribution costs, legal and accounting fees and expenses, will be payable by the Company (excluding the costs of any initial and trail commission payable to execution only brokers which will be the responsibility of the Promoter). However, an amount of £180,000 which, in the opinion of the Directors represents a fair estimate of such costs and expenses (excluding any initial and trail commissions and any Initial Fees) (the "Offer Costs") will be allocated through the Allotment Formula amongst the Investors (each Investor being effectively allocated a proportion of such costs as the amount of their application monies bears to the maximum amount that can be raised under the Offer (with full utilisation of the over-allotment facility)) and, accordingly, will be applied at a rate of 0.6% of an Investor's application monies. If the maximum of £30,000,000 is raised under the Offer (assuming full subscription with full utilisation of the over-allotment facility and an Initial Fee of 3% on all such subscriptions), the net proceeds will amount to approximately £ 28.92 million. If less than £30,000,000 is raised through the Offer, any Offer Costs that are not allocated to Investors on the above basis (through the Allotment Formula) will remain the cost of the Company.
- 6.9. RSM UK Audit LLP was appointed as auditor of the Company on 13 September 2017 and has been the auditor of the Company for the period covered by the historical financial information set out in Part 3. It is registered to carry out audit work by the Institute of Chartered Accountants for Scotland.

- 6.10. The Company has given notice to the Registrar of Companies, pursuant to section 833 of the Act, of its intention to carry on business as an investment company, which will enhance its ability to pay dividends out of income. If and when capital profits are realised which the Directors consider it appropriate to distribute by way of dividend (for example on the disposal of a successful investment), the Directors would anticipate revoking this status.
- 6.11. Save for the agreements described in paragraphs 5.1, 5.2, 5.5, 5.8, 5.9, 5.10, 5.11 and 5.12 of this Part 5 where the Investment Manager is a party to those agreements, and for the agreement described in paragraph 5.4 where PIASL is a party to that agreement, there have been no related party transactions since the incorporation of the Company.
- 6.12. Save for the offer agreements detailed in paragraph 5 above, the fees paid to the Directors as detailed in paragraph 5 above and the fees paid under the management and administration agreements detailed in paragraph 5 above, there were no other related party transactions or fees paid by the Company to a related party during the period from 28 February 2021, the date of its last published audited financial information, to the date of this document.
- 6.13. The Company is of the opinion that the working capital available to the Company is sufficient for its present requirements, that is, for at least the next 12 months following the date of this document.
- 6.14. The capitalisation of the Company as at 28 February 2021 was as follows:
- Shareholders' Equity**
- | Name                                      | £000's        |
|---|---------------|
| Called up share capital                   | 11            |
| Legal reserve (share premium account)     | 17,736        |
| Other reserve (includes revenue reserve)s | 5,189         |
| <b>Total</b>                              | <b>22,936</b> |
- Save for the issue of, in aggregate, 6,144,143 Ordinary Shares pursuant to the 2020 Offer in the period from 1 March 2021 to date, there has been no material change in the capitalisation of the Company since 28 February 2021.
- 6.15. As at the date of this Prospectus, the Company did not have loan capital outstanding, any other borrowings nor guaranteed, unguaranteed, secured and unsecured indebtedness, including indirect and contingent indebtedness. The Company has power to borrow under its respective Articles of Association, details of which are set out under the heading "Borrowing Powers" at paragraph 3.2.13 above.
- 6.16. The Company does not assume responsibility for the withholding of tax at source.
- 6.17. Securities in certificated form belonging to the Company will be held as custodian on its behalf by Howard Kennedy LLP whose registered office is at No.1 London Bridge, London SE1 9BG (telephone 020 3755 6000) a limited liability partnership incorporated in England and Wales, resident in England and regulated by the Solicitors' Regulation Authority and governed by the Limited Liability Partnership Act 2000 and subject to English law. The terms upon which the securities are to be held are summarised in paragraph 5.6 of this Part 5.
- 6.18. The Company has to satisfy a number of tests to qualify as a VCT and will be subject to various rules and regulations in order to continue to qualify as a VCT, as set out under the heading "Taxation" in Part 2 of this document. In addition, the following restrictions are imposed upon the Company under the rules relating to admission to the Official List:
- 6.18.1. it, or any of its subsidiaries, must not conduct any trading activity which is significant in the context of the group as a whole;
- 6.18.2. it must not invest more than 10% in aggregate of the value of its total assets (at the time the investment is made) in other listed closed-ended investment funds except listed closed-ended investment funds which themselves have published investment policies to invest no more than 15% of their total assets in other closed-ended investment funds; and
- 6.18.3. it must manage and invest its assets in accordance with the investment policy set out on pages 37 and 38 of this Prospectus, which contains information about the policies which it will follow relating to asset allocation, risk diversification and gearing and which includes maximum exposure.
- 6.19. Puma Investments has given, and has not withdrawn, its written consent to the issue of this document with the inclusion of its name in this document and the information in those sections in Part I of this document under the headings "The Investment Manager – a 25 Year Investment Management Track Record". The Investment Manager's ESG approach", "The Investment Manager's ESG principles", "Drawing on external guidance", "Puma Private Equity's ESG perspective", "Delivering returns" and "Examples of investments made by Puma VCTs and EIS funds to date" for which it is stated to accept responsibility, in each case in the form and context in which they are included. The Investment Manager has authorised the inclusion of such information, and accepts responsibility for that information, and declares that, to the best of the knowledge of the Investment Manager, such information is in accordance with the facts and makes no omission likely to affect its import. The full name and address of the Investment Manager are set out on page 15.
- 6.20. The Offer has been sponsored by Howard Kennedy whose offices are at No.1 London Bridge, London SE1 9BG and which is authorised and regulated by the Financial Conduct Authority. The Sponsor has given, and has not withdrawn, its written consent to the issue of this document with the inclusion of its name in the form and context in which it is included.

# 64 Additional information

## (continued)

- 6.21. The Offer is being promoted by Puma Investment Management Limited, which is authorised and regulated by the Financial Conduct Authority. The Promoter has given, and has not withdrawn, its written consent to the issue of this document with the inclusion of its name in the form and context in which it is included.
- 6.22. Shareholders will be informed, through a regulatory information service announcement, if the investment restrictions which apply to the Company as a VCT detailed in this document are breached.
- 6.23. The results of the Offer will be announced through a regulatory information service within 3 Business Days of the closing of the Offer.
- 6.24. **Mandatory takeover bids:** The City Code on Takeovers and Mergers (the "City Code") applies to all takeover and merger transactions in relation to the Company and operates principally to ensure that shareholders are treated fairly and are not denied an opportunity to decide on the merits of a takeover and that shareholders of the same class are afforded equivalent treatment. The City Code provides an orderly framework within which takeovers are conducted and the Panel on Takeovers and Mergers (the "Panel") has now been placed on a statutory footing. The Takeovers Directive was implemented in the UK in May 2006 and since 6 April 2007 has effect through the Act. The Takeovers Directive applies to takeovers of companies registered in an EU member state and admitted to trading on a regulated market in the EU or the EEA States.
- 6.25. The City Code is based upon a number of General Principles which are essentially statements of standards of commercial behaviour. General Principle One states that all holders of securities of an offeree company of the same class must be afforded equivalent treatment and if a person acquires control of a company the other holders of securities must be protected. This is reinforced by Rule 9 of the City Code which requires that a person, together with persons acting in concert with him, who acquires shares carrying voting rights which amount to 30% or more of the voting rights to make a general offer. "Voting rights" for these purposes means all the voting rights attributable to the share capital of a company which are currently exercisable at a general meeting. A general offer will also be required where a person, who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights, acquires additional shares which increase his percentage of the voting rights. Unless the Panel consents, the offer must be made to all other shareholders, be in cash (or have a cash alternative) and cannot be conditional on anything other than the securing of acceptances which will result in the offeror and persons acting in concert with him holding shares carrying more than 50% of the voting rights.
- 6.26. There are not in existence any current mandatory takeover bids in relation to the Company.
- 6.27. **Squeeze out:** Section 979 of the Act provides that if, within certain time limits, an offer is made for the share capital of a company, the offeror is entitled to acquire compulsorily any remaining shares if it has, by virtue of acceptances of the offer, acquired or unconditionally contracted to acquire not less than 90% in value of the shares to which the offer relates and in a case where the shares to which the offer relates are voting shares, not less than 90%, of the voting rights carried by those shares. The offeror would effect the compulsory acquisition by sending a notice to outstanding shareholders telling them that it will compulsorily acquire their shares and then, six weeks from the date of the notice, pay the consideration for the shares to the relevant company to hold on trust for the outstanding shareholders. The consideration offered to shareholders whose shares are compulsorily acquired under the Act must, in general, be the same as the consideration available under the takeover offer.
- 6.28. **Sell out:** Section 983 of the Act permits a minority shareholder to require an offeror to acquire its shares if the offeror has acquired or contracted to acquire shares in a company which amount to not less than 90% in value of all the voting shares in the company and carry not less than 90%, of the voting rights. Certain time limits apply to this entitlement. If a shareholder exercises its rights under these provisions, the offeror is bound to acquire those shares on the terms of the offer or on such other terms as may be agreed.
- 6.29. As at 28 February 2021, the date to which the most recent financial information on the Company has been drawn up, the audited NAV per Ordinary Share was 125.77p. The Shares will usually trade at a discount to their underlying net asset value. Shares in VCTs are inherently illiquid and there may be a limited market in the Ordinary Shares primarily because the initial tax relief is only available to those subscribing for newly issued Ordinary Shares which may, therefore, adversely affect the market price of the Ordinary Shares and the ability to sell them.
- 6.30. The existing issued Ordinary Shares will represent 55.2% of the enlarged Ordinary Share capital of the Company immediately following the Offer, assuming (i) the Offer is fully subscribed, including the over-allotment facility, (ii) with an Offer Price based on the applicable NAV per Ordinary Share for allotment of 125.77p and (iii) an Initial Fee of 3% applies to all subscriptions, and on that basis Shareholders who do not subscribe under the Offer will, therefore, be diluted by 44.8%.
- 6.31. The Company and the Directors consent to the use of the Prospectus by financial intermediaries, from the date of the Prospectus until the close of the Offer, for the purpose of subsequent resale or final placement of securities by financial intermediaries for Shares until the close of the Offer, and accept responsibility for the information contained therein for such purpose. The Offer is expected to close on or before 5 April 2022, unless previously extended by the Directors to a date no later than 27 July 2022. There are no conditions

attaching to this consent. Financial intermediaries may use the Prospectus only in the UK.

- 6.32. **In the event of an offer being made by a financial intermediary, information on the terms and conditions of the Offer will be given to Investors by the financial intermediaries at the time that the Offer is introduced to Investors. Any financial intermediary using the Prospectus must state on its website that it is using the Prospectus in accordance with the consent set out in paragraph 6.31 above.**
- 6.33. The maximum number of Ordinary Shares which are the subject of this Prospectus is 30,000,000 Ordinary Shares.
- 6.34. The Prospectus has been approved by the Financial Conduct Authority, as competent authority under the UK Prospectus Regulation. The FCA only approves the Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the UK Prospectus Regulation. Such approval shall not be considered as an endorsement of the Company that is, or the quality of the securities that are, the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Ordinary Shares. The Prospectus has been drawn up as part of a simplified prospectus in accordance with article 14 of the UK Prospectus Regulation.
- 6.35. The information contained in this document sourced from third parties has been accurately reproduced and, so far as the Company is aware and is able to ascertain from information published by the relevant third parties, no facts have been omitted which would render such information inaccurate or misleading. Where such information has been included in this document, the source of that information has been identified.

<b>Venture Capital Trust or VCT</b>	A company approved as a venture capital trust under Section 274 ITA by the board of HMRC

# Terms and conditions of the Offer and application

1. In these terms and conditions and the Application Form, the expression "Prospectus" means the prospectus for Puma VCT 13 plc dated 5 August 2021. The expression "Application Form" means the application form for use in accordance with these Terms and Conditions and posting it (or delivering it by hand during normal business hours) to SLC Registrars, P.O. Box 5232, Lancing, BN99 9FG, or as otherwise indicated in this document or on the Application Form.
2. The right is reserved to reject any application or to accept any application or to accept any application in part only. Multiple applications are permitted. If any application is not accepted, or if any contract created by acceptance does not become unconditional, or if any application is accepted for less money than the subscription amount tendered, or if in any other circumstances there is an excess paid on application, the application monies or the balance of the amount paid or the excess paid on application will be returned without interest, by post, at the risk of the applicant. In the meantime, application monies will be retained in the Company's bank account.
3. You may pay for your application for Ordinary Shares by cheque, bankers' draft or by BACS, provided that an Application Form is submitted at the same time.
4. The Offer is not underwritten
5. By completing and delivering an Application Form, you:
  - 5.1. offer to subscribe the amount specified on your Application Form for Shares at the Offer Price (subject to paragraph 13) and in accordance with the Prospectus, these terms and conditions and the Articles of the Company;
  - 5.2. (if your subscription is accepted), will be allocated the relevant number of Ordinary Shares as determined by the Allotment Formula;
  - 5.3. authorise your Financial Adviser, or whoever he or she may direct, to instruct the Registrar of the Company to send a document of title for, or credit your account in respect of, the number of Ordinary Shares for which your application is accepted and/or send a cheque for any monies returnable, by post, at your risk, to your address as set out on your Application Form;
  - 5.4. agree that your application may not be revoked and that this paragraph constitutes a collateral contract between you and the Company which will become binding upon despatch by post or delivery of your duly completed Application Form to the Company or to your Financial Adviser;
  - 5.5. warrant that your remittance will be honoured on first presentation and agree that if it is not so honoured, you will not be entitled to receive share certificates in respect of the Ordinary Shares applied for until you make payment in cleared funds for such Ordinary Shares and such payment is accepted by the Company in its absolute discretion (which acceptance shall be on the basis that you indemnify it, the Sponsor, and the Registrar against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and you agree that, at any time prior to the unconditional acceptance by the Company of such late payment, the Company may (without prejudice to its other rights) avoid the agreement to subscribe such Ordinary Shares and may issue or allot such Ordinary Shares to some other person, in which case you will not be entitled to any payment in respect of such Ordinary Shares, other than the refund to you, at your risk, of the proceeds (if any) of the cheque, BACS payments or banker's draft accompanying your application, without interest;
  - 5.6. agree that all cheques, BACS payments and bankers' drafts may be presented for payment on the due dates and any definitive document of title and any monies returnable to you may be retained pending clearance of your remittance and the verification of identity required by the ML Regulations and that such monies will not bear interest;
  - 5.7. agree that if, following the issue of all or any Ordinary Shares applied for pursuant to the Offer, your remittance is not honoured on first presentation or you have failed to provide satisfactory evidence of your identity or your Application is otherwise deemed invalid, the Ordinary Shares may, forthwith upon payment by the Company (or any person it shall nominate) of the offer price of the Ordinary Shares to the Company, be transferred to the Company (or any person it shall nominate) at the relevant offer price per Ordinary Share and any Director of the Company is hereby irrevocably appointed and instructed to complete and execute all or any form(s) of transfer and/or any other documents in relation to the transfer of Ordinary Shares to the Company (or any person it shall nominate) or such other person as the Company may direct and to do all such other acts and things as may be necessary or expedient, for the purpose of or in connection with, transferring title to the Ordinary Shares to the Company, or such other person, in which case you will not be entitled to any payment in respect of such Ordinary Shares;
  - 5.8. undertake to provide satisfactory evidence of identity within such reasonable time (in each case to be determined in the absolute discretion of the Company and the Sponsor) to ensure compliance with the ML Regulations;
  - 5.9. agree that, in respect of those Ordinary Shares for which your application has been received and is not rejected, your application may be accepted at the election of the Company either by notification to the London Stock Exchange of the basis of allocation or by notification of acceptance thereof to the Registrar;

# 72 Terms and conditions of the Offer and application

(continued)

- 5.10. agree that all documents in connection with the Offer and any returned monies will be sent at your risk and will be sent to you at the address supplied in the Application Form;
- 5.11. agree that, having had the opportunity to read the Prospectus and Application Form, you shall be deemed to have had notice of all the information and representations, including the risk factors and these terms and conditions of, contained therein and agree to be bound by them;
- 5.12. confirm that (save for advice received from your financial adviser) in making such an application you are not relying on any information and representation other than those contained in the Prospectus and you accordingly agree that no person responsible solely or jointly for the Prospectus or any part thereof or involved in the preparation thereof will have any liability for any such other information or representation;
- 5.13. agree that all applications, acceptances of applications and contracts resulting therefrom under the Offer shall be governed by and construed in accordance with English law, that you submit to the jurisdiction of the courts of England and Wales and agree that nothing shall limit the right of the Company or the Sponsor to bring any action, suit or proceedings arising out of or in connection with any such applications, acceptances of applications and contracts in any other manner permitted by law or any court of competent jurisdiction;
- 5.14. irrevocably authorise the Registrar and/or the Sponsor or any person authorised by either of them, as your agent, to do all things necessary to effect registration of any Ordinary Shares subscribed for by or issued to you into your name and authorise any representative of the Registrar or of the Sponsor to execute any documents required therefore and to enter your name on the register of members of the Company;
- 5.15. agree to provide the Company with any information which it may request in connection with your application or to comply with the laws relating to VCTs or other relevant legislation (as the same may be amended from time to time) including without limitation satisfactory evidence of identity to ensure compliance with the ML Regulations;
- 5.16. warrant that, in connection with your application, you have observed the laws of all requisite territories, obtained any requisite governmental or other consents, complied with all requisite formalities and paid any issue, transfer or other taxes due in connection with your application in any territory and that you have not taken any action which will or may result in the Registrar and/or the Sponsor acting in breach of the regulatory or legal requirements of any territory in connection with the Offer as a result of your application;
- 5.17. confirm that you have read and complied with paragraph 6 below and warrant that neither of the Registrar and/or the Sponsor will infringe any laws of any such territory or jurisdiction directly or indirectly as a result of, or in consequence of any acceptance of, your application;
- 5.18. confirm that you have reviewed the restrictions contained in paragraph 7 below;
- 5.19. warrant that you are not under the age of 18 years;
- 5.20. agree that the Registrar and/or the Sponsor are each acting for the Company in connection with the Offer and for no-one else and that they will not treat you as their customer by virtue of such application being accepted or owe you any duties or responsibilities concerning the price of Ordinary Shares or concerning the suitability of Ordinary Shares for you or be responsible to you for any protections as a customer;
- 5.21. warrant that, if you sign the Application Form on behalf of somebody else or yourself and another or others jointly or a corporation, you have the requisite power to make such investments as well as the authority to do so and such person or corporation will also be bound accordingly and will be deemed also to have given the confirmations, warranties and undertakings contained in these terms and conditions and undertake (save in the case of signature by an authorised Financial Adviser on behalf of the Investor) to enclose a power of attorney or a copy thereof duly certified by a solicitor with the Application Form;
- 5.22. warrant that you are not subscribing for the Ordinary Shares using a loan which would not have been given to you or any associate or not have been given to you on such favourable terms, if you had not been proposing to subscribe for the Ordinary Shares;
- 5.23. warrant that the Shares are being acquired for bona fide commercial purposes and not as part of a scheme or arrangement the main purpose of which, or one of the main purposes of which, is the avoidance of tax. Obtaining tax reliefs given under the applicable VCT legislation is not itself tax avoidance;
- 5.24. warrant that you are not a "US Person" as defined in the United States Securities Act of 1933 ("Securities Act") (as amended), nor a resident of Canada and that you are not applying for any Shares on behalf of or with a view to their offer, sale or delivery, directly or indirectly, to or for the benefit of any US Person or a resident of Canada;
- 5.25. warrant that you will be the beneficial owner of the Shares in Puma VCT 13 plc issued to you under the Offer;
- 5.26. warrant that the information contained in the Application Form is accurate; and
- 5.27. agree that, if you request that Ordinary Shares are issued to you on a date other than 5 April 2022 and such Ordinary Shares are not issued on such date, the Company and its agents and directors will have no liability to you arising from the issue of such Ordinary Shares on a different date.

6. No person receiving a copy of this document or an Application Form in any territory other than the UK may treat the same as constituting an invitation or offer to him or her, nor should he or she in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or her or such Application Form could lawfully be used without contravention of any regulations or other legal requirements. It is the responsibility of any person outside the United Kingdom wishing to make an Application to satisfy him or herself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities requiring to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
7. The Ordinary Shares have not been and will not be registered under the Securities Act 1933, as amended, or under the securities laws of any state or other political subdivision of the United States and may not be offered or sold in the United States of America, its territories or possessions or other areas subject to its jurisdiction ("the USA"). In addition, the Company has not been and will not be registered under the United States Investment Company Act of 1940, as amended. The Investment Manager will not be registered under the United States Investment Advisers Act of 1940, as amended. No application will be accepted if it bears an address in the USA.
8. The rights and remedies of the Registrar, the Sponsor and the Company under these terms and conditions and the Application Form are in addition to any rights and remedies which would otherwise be available to either of them, and the exercise or partial exercise of one will not prevent the exercise of the others.
9. The dates and times referred to in these terms and conditions and the Application Form may be altered by the Company with the agreement of the Sponsor.
10. Where a fee is payable by an Investor for the advice and related charges he has received from a Financial Adviser who has provided a personal recommendation to invest in the Company, this "Adviser Charge" (the amount agreed between the Investor and the Financial Adviser) can either be paid directly by the Investor or, if it is a one off fee, its payment may be made by the Registrar on behalf of the Investor.
11. Investors are required:
- (i) to identify such part of the overall cost of financial advice from their Financial Adviser which is related to their decision to subscribe for Shares (plus VAT if relevant); and
  - (ii) to authorise their Financial Adviser to disclose such amount to the Company or the Promoter.
12. Where commission is permitted to be paid to Financial Advisers under the rules of the FCA (for example, in respect of execution only clients where no advice or personal recommendation has been provided), Financial Advisers who, acting on behalf of their clients, return valid Application Forms bearing their stamp and Financial Conduct Authority registration number may be entitled to commission from the Promoter, calculated by reference to the amount payable in respect of the Ordinary Shares allocation for each such Application Form.
13. Intermediaries or authorised Financial Advisers may agree to waive part or all of their initial commission or Adviser Charge in respect of an application. If this is the case then such an application may be treated as an application to apply for the amount stated in section 3 of the Application Form, together with an additional amount equivalent to the commission or Adviser Charge waived or subscribed on an Investor's behalf for extra Ordinary Shares, which waived commission will be applied in subscription for such extra Ordinary Shares at an issue price reflecting the fact that no Initial Fee will be applied to these additional Shares. The Company is authorised to amend the amount stated in section 3 of the Application Form to include any additional amount. Financial Advisers and intermediaries should keep a record of Application Forms submitted bearing their stamp to substantiate any claim for their commission.
14. The arrangements described in paragraphs 10 to 13 above are based on the relevant applicable rules of the FCA as they apply at the date of this document. In the event that there is a change in these Rules that affect the way advisers are permitted to charge Investors and the arrangements described in paragraphs 10 to 13 above, the Directors reserve the right to make amendments to those arrangements.
15. Investors should be aware of the following requirements in respect of the ML Regulations:
- (i) Please supply either an Identity Verification Certificate from your financial intermediary or, if you do not have an adviser, one of each of the following:
    - An original certified copy of your passport or driving licence certified by a bank or solicitor stating that it is a "true copy of the original and a true likeness of (name)"; and
    - an original or an original certified copy of a recent bank or building society statement or utility bill showing your name and address being no more than 3 months old.
  - (ii) Your cheque or bankers' draft must be drawn in sterling on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank which is either a member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited, a member of the Scottish Clearing Banks Committee or the Belfast Clearing Committee or which has arranged for its cheques or bankers' drafts to be cleared through facilities provided for members of any of those companies or associations and must bear the appropriate sorting code in the top right hand corner.

## 74 Terms and conditions of the Offer and application (continued)

Cheques should be drawn on the personal account to which you have sole or joint title to such funds. Third party cheques will not be accepted with the exception of building society cheques or banker's drafts where the building society or bank has confirmed the name of the account holder by stamping and endorsing the cheque or draft to such effect. The account name should be the same as that shown on the application. Post-dated cheques will not be accepted. Cheques or banker's drafts will be presented for payment upon receipt. The Company reserves the right to instruct SLC Registrars (the "Registrar") to seek special clearance of cheques and banker's drafts to allow the Company to obtain value for remittances at the earliest opportunity. The right is reserved to reject any Application Form in respect of which the cheque or bankers' draft has not been cleared on first presentation.

16. The basis of allocation of Ordinary Shares will be determined by the Directors of the Company in their absolute discretion after consultation with the Promoter. The right is reserved to reject in whole or in part and/or scale down and/or ballot any application or any part thereof including, without limitation, applications in respect of which any verification of identity which the Company or the Registrar consider may be required for the purposes of the ML Regulations has not been satisfactorily supplied. Dealings prior to the issue of certificates for Ordinary Shares will be at the risk of applicants. A person so dealing must recognise the risk that an

application may not have been accepted to the extent anticipated, or at all. The Company may accept applications made otherwise than by completion of an Application Form where the applicant has agreed in some other manner acceptable to the Company to apply in accordance with these terms and conditions.

17. The application of the subscription proceeds is subject to the absolute discretion of the Directors.

# Frequently asked questions

Replies to these Frequently Asked Questions should be read in conjunction with the whole Prospectus and any decisions to subscribe for Shares should be based on consideration of the Prospectus as a whole.

## SUBSCRIBING FOR SHARES

### Q: Who can apply to subscribe?

You must be 18 years old or over.

### Q: How much can I subscribe for in the Company?

There is no upper limit to the amount for which you can subscribe in the Company. However the maximum income tax relief is limited to investments of £200,000 per individual investor.

### Q: What is the minimum investment?

The minimum investment is £5,000 per application and thereafter in multiples of £1,000.

### Q: Will there be a dividend re-investment scheme?

There will be no dividend re-investment scheme.

### Q: Will the Company have a regular share buyback policy?

The Offer Shares are intended to be traded on the London Stock Exchange's main market for listed securities although it is likely that there will be an illiquid market for such shares. In such circumstances, shareholders may find it difficult to sell their Shares in the market and, therefore, the Company intends to pursue an active buy back policy to improve the liquidity in the Shares where the Company may repurchase Shares which Shareholders wish to sell at a discount of 5% to the latest published Net Asset Value. The Board believes this creates an attractive proposition for both current and future Shareholders.

Buybacks are subject to applicable regulations, market conditions at the time and the Company having both the necessary funds and distributable cash resources available for the purpose. The making and timing of any share buybacks will remain at the absolute discretion of the Board.

As with all VCTs, the Directors expect that there will be limited demand for share buybacks from Shareholders within the first five years because the only sellers are likely to be deceased Shareholders' estates and those Shareholders whose circumstances have changed (to such extent that they are willing to repay the 30% income tax relief in order to gain access to the net proceeds of the sale).

## TAX RELIEF

Please refer to the Risk Factors on pages 10 to 13 of the Prospectus which explains that particular tax reliefs are dependent on individual circumstances and that the taxation rates and taxation law may be subject to change. We are not able to give you tax advice and you should consult your tax adviser in relation to this. Subject to this the following answers are a summary of the tax position relating to income tax relief for Qualifying Subscribers.

### Q: What income tax relief will be given on my investment?

The current rate of income tax relief for VCT investors is 30% of the amount invested, so long as they have paid sufficient income tax in the tax year in which the shares are issued to them. Investors can get a maximum of £60,000 income tax relief, being 30% on an investment of £200,000 provided that the Investor has a potential income tax liability of at least that amount for the 2021/22 tax year.

### Q: Will I be able to claim VCT tax relief on all my investment?

You should receive VCT tax relief on the total amount remitted (after deduction of payment of any Adviser Charge by the Registrar (if applicable), for which VCT tax relief is not available) and the Initial Fee of 3%, subject to all the factors relating to tax referred to in this document and subject to the risk factors on pages 10 to 13 of this document.

### Q: How long do I need to hold the shares in the Company to retain my tax relief?

Investors need to hold their shares for a minimum of five years to retain their tax relief.

## HOW TO SUBMIT AN APPLICATION

### Q: To whom should I make the cheque payable?

Cheques should be made payable to "Equiniti Ltd TA - SLC re: Puma VCT 13".

### Q: Where should I send my application?

Your Application Form and cheque should be sent to Puma VCT 13 plc, P.O. Box 5232, Lancing, BN99 9FG.

## ANTI-MONEY LAUNDERING

### I am applying for Shares on the advice of a Financial Adviser:

If you are subscribing for Shares on the advice of a Financial Adviser, your Financial Adviser should complete section 10 of the Application Form to confirm your identify for money laundering purposes.

### I am investing directly:

You must supply an Identification Verification Certificate (or equivalent) from a Financial Adviser or intermediary to confirm your identify for money laundering purposes. If you cannot do this, you must supply the following:

- (a) An original certified copy of your passport or driving licence certified by a bank or solicitor stating that it is a "true copy of the original and a true likeness of" followed by your name; and
- (b) An original or an original certified copy of your bank or building society statement or utility bill being no more than 3 months' old showing your name and address.

## **FOLLOWING A SUBSCRIPTION FOR SHARES**

### **Q: What happens after I have been allotted Shares?**

You should expect to receive your share certificate and tax certificate within a few weeks of the shares being allotted.

### **Q: How do I claim back my income tax relief on my VCT investment?**

In order to claim back your tax relief, you can write to your HMRC office and ask them to amend your tax code so you receive your tax relief each month via the PAYE system. Alternatively, you can claim the relief via your tax return for the year in which you apply.

### **Q: In the light of Covid-19, can Investors apply electronically?**

Yes, we have now introduced electronic applications for Puma VCT 13. Please contact our Business Development Team for more information on 020 7408 4070 and at [info@pumainvestments.co.uk](mailto:info@pumainvestments.co.uk).

## **FURTHER QUESTIONS**

### **Q: I still have some questions. Who should I contact?**

Please feel free to contact Puma Investments' Investor Helpline on 020 7408 4070 if you have any further questions.

Please note that no investment or tax advice can or will be given. We recommend that prior to making any investment into a VCT Investors consult with their Financial Adviser and their tax adviser (if different).
