2 Chairman's Statement

We have completed a range of new loans, all with the benefit of first charge security, to a number of borrowers. The Board is pleased to report that loans have been made across a number of sectors, to a number of borrowers and are geographically diversified.

Introduction

I am pleased to present to you the annual report for Puma Heritage plc (the "Company" or "Group") for the year to 28 February 2018.

The Group commenced trading in July 2013 having been established to operate in a range of sectors predominantly in the United Kingdom, with an initial focus on secured lending. As at 28 February 2018 the loan book on which the Group was earning interest was £55 million, of which £39 million had been drawn (loans having been provided via its wholly owned subsidiary Heritage Square Limited (the "Subsidiary")), as described below. The weighted average income of this loan book at 28 February 2018 was 7%.

In addition to the above loan book, as at 28 February 2018 the Group had offered further loan facilities totalling £30 million to fund future cashflow requirements of projects already backed by the Group, such facilities being non-interest earning until drawn. The cash in the Group at the year end is held on short term deposit in order to allow it to be deployed quickly in respect of these undrawn loan facilities, as well as to be available to fund new loans.

Notwithstanding the need to hold a level of cash to service undrawn commitments, the Board remains mindful of the desire to deploy cash quickly to drive returns for shareholders, whilst being equally mindful not to compromise the rigour with which all prospective loans are analysed to ensure they meet the Group's prudent appetite for risk. The Board is encouraged that the attractiveness of this offering has been evident through the increasing subscriptions for new shares received in the year.

Transactions

The Group undertakes trading activities focusing on secured lending, with the principal aims of generating stable returns for shareholders, whilst at the same time seeking to offer downside risk protection and preserving capital.

In the financial year to 28 February 2018, I am pleased to report that we have completed a range of new loans, all with the benefit of first charge security, to a number of borrowers. The Board is pleased to report that loans have been made across a number of sectors, to a number of borrowers and are geographically diversified. In summary, the focus of the business has continued to be on loans underpinned by real estate and some of the highlights include the following:

- a £10.8m loan to fund the development of a new 240-bed Hampton by Hilton Hotel and associated infrastructure at Edinburgh Airport.
- a development-exit loan of £6.6m to facilitate the sale of an 11 unit, new-build residential scheme in Golders Green, London.
- a loan of £6m to fund the development of a care home in Formby, Merseyside.
- a £4.5m, 12 month bridging facility for the acquisition of an office building in Worthing with Permitted Development Rights to be converted into 102 residential units.

In relation to the loan to a Materials Recycling Facility ("MRF") operator, as previously reported the company operating the MRF suffered a substantial fire at the premises on 28 February 2016. As first charge holders, the Group appointed an administrator over the business in early March 2016. Through an insurance claim and the sale of the Opes site, the

administrator has successfully recovered a substantial proportion of the £750,000 loan advanced by Heritage Square Limited. The administrator continues to pursue a number of avenues for further recovery. The Board has made a provision of 5% of the book cost of the debt (being £37,500) in recognition of the uncertainty of the success of these endeavours. The Board will continue to monitor the situation closely in collaboration with the Trading Adviser.

Finally I am pleased to report that the Board considers there to be a strong pipeline of potential transaction opportunities which the Board expects the Group to proceed with over the coming weeks and months. The Board is cognisant of the need to ensure that, as the Group continues to attract capital, a strong and consistent pipeline of transactions is maintained to ensure that capital is put to work as efficiently as possible. At the same time, the Board will continue to undertake a rigorous review of all potential transactions which are under consideration to ensure that they fit within the Group's business strategy.

Results

The reported profit for the year was £1,419,000 (2017: £862,000 profit).

Outlook

The Board looks forward to the coming year with confidence. Small and medium size businesses are still finding it difficult to access the funding they require from traditional sources of funding and the Board feels that there is a strong pipeline of transaction opportunities.

4 Strategic Report

The Directors present their Strategic Report of the Company for the year ended 28 February 2018.

Principal Activities and Status

Puma Heritage plc was incorporated and registered in England and Wales in November 2012, and was established to operate in a range of sectors predominantly in the United Kingdom, with an initial focus on secured lending.

The Company, through subsidiaries (together "the Group") undertakes trading activities, initially focusing on secured lending, with the principal aims of generating stable returns for Shareholders, whilst at the same time seeking to offer downside risk protection and preserving capital. The Company currently has one wholly-owned subsidiary, Heritage Square Limited (the "Subsidiary"), which carries out secured lending.

Trading Activities

The Group was formed to engage in activities such as secured lending and asset leasing where the Board consider that there is strong asset-backing to provide downside risk protection and the Group will focus on capital preservation, whilst seeking to produce regular returns for Shareholders.

The Group will typically look to provide loans of between £1 million to £10 million to small and medium sized businesses. Loans of a larger size are considered on a case-by-case basis. The term of such loans will be typically between 1 to 4 years. The Group may finance new projects, including the development of property or plant, which requires specialist financial knowledge. The Group looks to back counterparties with a proven track record in their chosen sector and will typically lend up to 70% of the cost of the project but may be able to lend more depending on the dynamics of the individual deals. Ideally the value of loans made will be up to 70% of the value of the secured assets. The Group may also provide bespoke loans secured on investment property suited to a range of borrowing scenarios where traditional bridging terms may be too short and where traditional loan criteria used by the major banks may not be suitable.

The Group engages mainly with businesses that are seeking debt finance, that have substantial tangible assets, such as freehold property or contracted/highly predictable revenue streams from financially robust counterparties (over which security will be taken). Within the remit of low risk, asset-backed enterprises, the Board will continue to monitor other opportunities for the deployment of cash in the future.

Principal Risks and Uncertainties

The principal risks facing the Group relate to its trading activities and how they are managed as follows:

Risks of Loan Non-Performance

There are a variety of factors which could adversely affect the ability of counterparties to fulfil their payment obligations or which may cause other events of default. These include changes in financial and other market conditions, trading performance, interest rates, government regulations or other policies, the worldwide economic environment, changes in law and taxation, natural disasters, terrorism, social unrest and civil disturbances.

Loans made by the Group may, after funding, become non-performing for a wide variety of reasons, including non-payment

of principal or interest, as well as covenant violations by the borrower in respect of the underlying loan documents. Such non-performing loans may require a substantial amount of workout negotiations and/or restructuring, which may entail, among other things, substantial irrecoverable costs, a substantial reduction in the interest rate, a substantial write-down of the principal of such loan and/or a substantial change in the terms, conditions and covenants with respect to such defaulted loan. However, even if a restructuring were successfully accomplished, there is risk that, upon maturity of such loan, replacement "take-out" financing will not be available.

It is possible that the Group may find it necessary or desirable to foreclose on collateral securing one or more loans made by the Group. The foreclosure process can be lengthy and expensive, which could have a material negative effect on the anticipated return on the foreclosed loan. By way of example, it would not be unusual for any costs of enforcement to be paid out in full before the repayment of interest and principal. This could substantially reduce the anticipated return on the foreclosed loan.

The level of defaults on loans and the losses suffered on such defaults may increase in the event of adverse financial or credit market conditions. The liquidity in defaulted loans may also be limited, and to the extent that defaulted loans are sold, it is highly unlikely that the proceeds from such sale will be equal to the amount of unpaid principal and interest thereon, which would adversely affect the value of the loans and, consequently, the Group.

Business Property Relief may not be Available

The Directors are committed to manage the Group with a view to ensuring that a subscription for Shares in the Company will offer Shareholders Business Property Relief from Inheritance Tax, but there can be no guarantee that the Group will fulfil the criteria to obtain such relief nor that HMRC will not challenge whether Shareholders are entitled to Business Property Relief, which may give rise to Shareholders incurring costs in engaging professional advisers.

Business Review and Future Developments

The Group's business review and future developments are set out in the Chairman's Statement on page 2.

Key Performance Indicators

At each board meeting, the Directors consider a number of performance measures to assess the Group's success in meeting its objectives. The Board believes the key performance indicators are movement in the Group's NAV, percentage of NAV deployed (being defined as the total loan book earning interest as a percentage of net assets) and the Earnings per Income and Growth share (being the increase in adjusted net asset value per share adjusted for dividends paid). The Board does not consider that the Group requires any non-financial key performance indicators. Details of these key performance indicators are explained in the Chairman's Statement on page 2.

Financial Risk Management

The main financial risk that the Group faces are those associated with non-performance of current and future loans. The trading adviser performs detailed due diligence prior to new loans being provided to a new or existing borrower and closely monitors the on-going performance of the borrowers to minimise the risk of non-performance.

Statement as to Disclosure of Information to the Auditor

The Directors in office at the date of this report have confirmed that, as far as they are aware, there is no relevant information of which the auditor is unaware. Each of the Directors have

Statement of Directors' Responsibilities

The directors are responsible for preparing the Strategic Report and the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the company and of the profit or loss of the group for that year.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and the company's transactions and disclose with reasonable accuracy at any time the financial position of the group and the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

6 Independent Auditor's Report

to the Members of Puma Heritage plc

Opinion

We have audited the financial statements of Puma Heritage Plc (the 'parent company') and its subsidiary (the 'group') for the year ended 28 February 2018 which comprise the Consolidated Profit and Loss Account, Consolidated Balance Sheet, Company Balance Sheet, Consolidated Statement of Cash Flows, Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 28 February 2018 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group and parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's or the parent company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and their environment obtained in the course of the audit, we have not identified material misstatements in the strategic report and the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006.

Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Consolidated Accounts

For the year ended 28 February 2018

1. Accounting Policies

Basis of Accounting

Puma Heritage plc ("the Company") is a public company limited by shares. It was incorporated and is registered and domiciled in England and Wales. The registered office of the group is 42-50 Hersham Road, Walton-on-Thames, Surrey, KT12 1RZ. The principal activities of the Company and its subsidiary ("the Group") are disclosed in the Strategic report.

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and the Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006, including the provisions of the Large and Medium-sized Companies and Group (Accounts and Reports) Regulations 2008, and under the historical cost convention.

Monetary amounts in these financial statements are rounded to the nearest whole £1,000, except where otherwise indicated.

The principal accounting policies adopted are set out below:

Basis of consolidation

The Group accounts consolidate the financial statements of the Company and all its subsidiary undertakings. Intra-group profits are eliminated on consolidation.

The Company has taken advantage of the exemptions in FRS 102 from the requirement to prepare a Company Statement of Cash Flows.

Going concern

The directors have considered the Group's and the Company's current financial position and cash flow requirements for the period to 31 May 2019 and after careful consideration, have concluded that it is appropriate to adopt the going concern for the preparation of these financial statements.

Cash at bank and in hand

Cash at bank and in hand comprises cash in hand and on-demand deposits.

Income

Interest receivable on loans is recognised on an accruals basis.

Expenses

All expenses (inclusive of VAT) are accounted for on an accruals basis.

Taxation

Corporation tax is applied to profits chargeable to corporation tax, if any, at the applicable rate for the year.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more, or right to pay less, tax in future have occurred at the balance sheet date. This is subject to deferred tax assets only being recognised if it is considered more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Timing differences are differences arising between the Group's taxable profits and its results as stated in the financial statements which are capable of reversal in one or more subsequent years. Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the years in which timing differences are expected to reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Reserves

Reserves of the Group represent the following:

Share Premium

Consideration received for shares issued above their nominal value net of transaction costs.

Profit and Loss Reserve

The cumulative profit and loss net of distributions to owners.

Dividends

Final dividends payable are recognised as distributions in the financial statements when the Company's liability to make payment has been established. The liability is established when the dividends proposed by the Board are approved by the Shareholders. Interim dividends are recognised when paid.

Investments

Investments in the Company's balance sheet are stated at cost, less any provision for impairments.

Notes to the Accounts continued

For the year ended 28 February 2018

1. Accounting Policies (continued)

Equity instruments

Equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recorded at proceeds received net of issue costs.

Debtors

Debtors include accrued income which is recognised at amortised cost, equivalent to the fair value of the expected balance receivable.

Creditors

Creditors are initially measured at the transaction price and subsequently measured at amortised cost, being the transaction price less any amounts settled.

Key accounting estimates and assumptions

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The key accounting estimates and assumptions used in the preparation of these financial statements relate to carrying value of the secured loans and any related unpaid accrued loan interest income.

Ordinary Shares

The ordinary shares have no rights to dividends and are not redeemable.

Redeemable Growth Shares

The Redeemable Growth Shares carry no right to receive a dividend from the revenue profits of the Company. In respect of any period, the aggregate of the revenue profits of the Company multiplied by the most recently calculated Redeemable Growth Share Capital Ratio (being such percentage of the Company's Net Asset Value as shall be attributable to the Redeemable Growth Shares in accordance with the methodology contained within the Articles, as calculated by the Company as at the applicable calculation date) shall belong to the holders of the Redeemable Growth Shares (as between them pro rata to their respective holding of Redeemable Growth Shares) and shall be aggregated to the net asset value of the Redeemable Growth Shares for the purposes of calculating the Redeemable Growth Share Capital Ratio.

The Redeemable Growth Shares are redeemable by the Company at a sum equivalent to the Redeemable Growth Share Redemption Value (being the Redeemable Growth Share Capital Ratio multiplied by the Net Asset Value of the Company, divided by the number of Redeemable Growth Shares in issue, in each case as at the applicable calculation date) multiplied by the number of Redeemable Growth Shares subject to the relevant election to redeem. Such redemptions may take place as of 28 February or 31 August (or as of such other date as the Directors may determine) in any year subject always to the holder of such Redeemable Growth Shares having given notice before the end of the calendar month prior to the relevant redemption date of their wish to have their Redeemable Growth Shares redeemed, and always subject to the Directors' discretion, applicable law and regulation and there being sufficient liquidity.

Each Redeemable Growth Share which is redeemed, shall, thereafter, be cancelled without further resolution or consent.

The Redeemable Income Shares are redeemable by the Company at a sum equivalent to the Redeemable Income Share Redemption Value (being the Redeemable Income Share Capital Ratio multiplied by the Net Asset Value of the Company, divided by the number of Redeemable Income Shares in issue, in each case as at the applicable calculation date) multiplied by the number of Redeemable Income Shares subject to the relevant election to redeem. Such redemptions may take place as of 28 February or 31 August (or as of such other date as the Directors may determine) in any year subject always to the holder of such Redeemable Income Shares having given notice before the end of the calendar month prior to the relevant redemption date of their wish to have their Redeemable Income Shares redeemed and always subject to the Directors' discretion, applicable law and regulation and there being sufficient liquidity. - 4 A member should indicate by marking the box headed either FOR, AGAINST or WITHHELD with an 'X' to show how he wishes his vote to be cast in respect of each of the resolutions set out in the Notice of Annual General Meeting. Unless so instructed, the proxy will vote or abstain as he thinks fit. The Vote Withheld option is provided to enable a member to instruct the proxy not to vote on any particular resolution, however it should be noted that a vote withheld in this way is not a "vote" in law and will not be counted in the calculation of the proportion of votes FOR and AGAINST a resolution.
- 5 In the case of a corporate shareholder, this Form of Proxy should be given under its seal or signed on its behalf by an attorney or duly authorised officer. In the case of joint holders the Form of Proxy should be signed by the senior holder and the names of all joint holders should be shown. A vote tendered by the senior holder shall be accepted to the exclusion of all other joint holders. Seniority is determined by the order in which the names of the joint holders appear in the Company's register of members in respect of the joint holding (the first-named being the most senior).
- 6 Use of this Form of Proxy does not preclude a member from attending the Meeting and voting in person.
- 7 To be valid, this Form of Proxy must be lodged together with the power of attorney or other authority (if any) under which it is signed, or a certified true copy of such power or authority, to the Company's registrars, SLC Registrars, 42 – 50 Hersham Road, Walton-on-Thames, Surrey, KT12 1RZ, not later than 48 hours before the Meeting (excluding weekends and bank holidays) i.e. by 10.30 a.m. on Wednesday 1 August 2018, or any adjournment thereof or, in the case of a poll, not later than 48 hours before the time appointed for taking the poll (excluding weekends and bank holidays).
