1. Actions arising from previous meetings

Meeting date	Agreed action	By whom	By when	Status
20 March	Infracom to prepare an A3 on the National Infrastructure Plan (NIP) for the next Infrastructure and Investment Ministers Group (IIMG) meeting on 14 May	Peter Nunns	28 April	On track

2. Key issues and updates

2.1. National Infrastructure Plan (NIP)

Plan development

Development of the draft Plan is continuing, with the next Government Agency Forum meeting scheduled for 16 April. Planning for the next Quality Review Panel (which will review a first draft of the Plan) in early May has also commenced. You will shortly receive an aide memoire outlining the content of the draft NIP, for discussion at the 15 April officials' meeting.

Engagement

The team continues to meet with a range of stakeholders on the development of the Plan. As part of that, Geoff Cooper (Chief Executive), and members of the team are meeting with several iwi through April and May. The team will also continue to meet with a Māori Advisory Group that is being established to provide advice on both the development of the National Infrastructure Plan and aspects of the Infrastructure Commission's other work.

Peter Nunns, General Manager, Strategy

2.2. Building Infrastructure Leadership Capability

Wellington Infrastructure Leaders Network Meet-Up – 7 May

The Wellington Infrastructure Leaders Network (ILN) Meet-Up is on 7 May to coincide with a visit by Dr Kerry Bobbins to New Zealand (Head of Enabling Better Infrastructure (EBI) Programme in the UK). Minister Chris Penk is confirmed to attend and host a Q&A session. We are awaiting confirmation of attendance from Under-Secretary Simon Court.

Andy Hagan, General Manager, Investment

3. Upcoming advice

3.1. Upcoming briefings and aides memoire for the Minister

We provide advice to the Minister on our work programme and our contribution to the government's wider work programme – both proactively and in response to requests from him.

Topic and tracking number	Date due to your office	What this advice covers	Deadline for Minister's feedback
Infrastructure Priorities Programme Update	Late April	Overview of Round 1 of the Infrastructure Priorities Programme. We outline our review and sign-out process that we have used to ensure consistency and robustness of assessments, and the proposals that have been assessed in Round 1.	tbc
Briefings re reports and publications			
From plans to projects: Assessing how central government plans, funds, delivers and manages infrastructure	Late April / early May	Overview of a report that we intend to publish s9(2)(f)(iv) (see Appendix A).	tbc
People build projects – NZ Infrastructure Leadership Challenges report	29 May	Overview of the report that we intend to publish in June (see Appendix A).	tbc
Nation building: 150 years of infrastructure investment in New Zealand	July	Overview of a report that we intend to publish in August (see Appendix A).	tbc

3.2. Upcoming briefings and aides memoire for the Parliamentary Under-Secretary

We provide advice to Mr Court in line with his delegations from the Minister – both proactively and in response to requests from him. All advice to Mr Court is copied to the Minister.

Topic and tracking number	Date due to your office	What this advice covers	Deadline for USC's feedback
None			

3.3. Monitoring and performance reports

We provide quarterly reports on our performance against the Statement of Performance Expectations, regular updates on the National Infrastructure Pipeline, and updates on cross-government work to deliver the Infrastructure Strategy.

Topic	Date due to your office	What this report covers	Timeline
Draft SPE 2025/26 and SOI 2025-2029	30 April	We will provide you with initial drafts of our updated Statement of Performance Expectations (SPE) for 2025/26, along with an updated Statement of Intent (SOI) for 2025-2029. While the SOI is not due until 2027, we are refreshing both of these documents in parallel for consistency and to reflect a number of recent changes in our institutional, functional and leadership context.	The statutory deadline (Crown Entities Act 2004) for submitting these documents to you in draft is 30 April. As the responsible Minister, you must provide to the entity any comments that you may have on the draft no later than 15 working days after receiving it (21 May). We must then consider the comments (if any) and provide you with the final statements as soon as practicable after receiving the comments (if any) but before the start of the financial year (ie before 30 June).
Quarterly Report Q3	Before 30 April	Quarterly Performance Reporting as required under the Owners Expectations issued by The Treasury. The report summarises performance against the Commission's Statement of Performance Expectations, highlights major achievements for the quarter, identifies the cause of any major variances, provides an outlook of performance to the end of the year, and signals any developing issues and emerging risks and opportunities.	The report for the quarter 1 January to 31 March 2025 is in preparation and is due with the Minister/Monitor no later than 30 April 2025.

Appendix A: List of upcoming reports and publications

We investigate a range of topics to help build the capability and performance of the infrastructure system and to support discussions with the sector. We publish reports that we commission or author ourselves – including research insights, ‘deep dive’ inquiries, project reviews, economic analysis, and policy insights. The list below sets out our current programme of reports. We provide the Minister’s office with a heads-up before publishing.

Topic / Title	Type of report	Intended publication date	What this report or publication covers
Infrastructure leadership	Best practice guides	17 April	We will be publishing a suite of information for project directors and senior responsible owners (SROs). These will include a Project Director Capability Framework (PDCF), a Best Practice Guide – Recruiting Infrastructure Project Directors, and a Best Practice Guide – Selecting and appointing Senior Responsible Owners (SROs).
Delivering better value and better outcomes: Changing practices in infrastructure delivery	Report	24 April (tbc)	Based on best international practice, this report points to ‘lowest price tender’ as generally giving poor long-term outcomes where major projects are concerned. And highlights some delivery principles that will help government become a better infrastructure client when conceiving, designing and building major infrastructure projects.
Towards better contracts	Report	24 April (tbc)	Contracts express and drive the relationship between client and delivery partner/s, and as such are a cornerstone of good projects. This report looks at New Zealand government contracting practice and the relationships this drives/supports from the perspective of a number of different agents: client, engineer, lawyer, contractor, etc – highlighting what they’ve said in structured interviews about this.
Pipeline snapshot	Pipeline report	22 May (tbc)	Analysis and high-level insights summarising the Pipeline update and change between quarters.
People build projects – NZ Infrastructure Leadership Challenges report	Report	12 June	Drawing from international insights, New Zealand-specific evidence and the voices of our Public Sector Infrastructure leaders, this report will outline the workforce and leadership issues that must be tackled to build a more resilient, capable infrastructure sector.

Topic / Title	Type of report	Intended publication date	What this report or publication covers
Draft National Infrastructure Plan and associated reports	Plan and reports	s9(2)(f)(iv)	The draft National Infrastructure Plan will be publicly released for feedback s9(2)(f)(iv). At the same time, we plan to publish three reports that underpin aspects of the Plan (see below).
From plans to projects: Assessing how central government plans, funds, delivers, and manages infrastructure	Report		As part of our work to develop a National Infrastructure Plan, we want to understand whether current policy, regulatory and institutional settings are supporting central government to plan, select, and deliver infrastructure investments efficiently and effectively. To help us understand what's working and where New Zealand could improve, we have assessed central government system settings against the 'Public Investment Management Assessment' (PIMA) framework developed by the International Monetary Fund (IMF) in 2015.
Public Agreement and Community Expectations (PACE) report	Report		This desktop review looks to answer two main questions: What are our communities' expectations for infrastructure and its services, and how to pay for it? What are the public perceptions of the relative priorities of infrastructure and services problems and opportunities?
Infrastructure Needs Analysis (INA) draft results and technical papers	Report		This report will provide the draft results of the infrastructure needs analysis we are undertaking to best estimate our long-term infrastructure needs and compare them with current investment intentions to identify gaps and opportunities for recalibration and reforms.
Pipeline snapshot	Pipeline report	August	Analysis and high-level insights summarising the Pipeline update and change between quarters.
Nation building: 150 years of infrastructure investment in New Zealand	Research report	August	This report will provide a new long-term database on infrastructure construction prices, infrastructure investment, and size of infrastructure networks, broken down by infrastructure sector. The report will be an important background paper for the Infrastructure Needs Analysis work that is being done as part of the development of the National Infrastructure Plan. We are working with LGNZ to present some of the findings of this report at their all-of-local government meeting on 1 May as part of our publication launch.
