s9(2)(f)(iv), s9(2)(g)(i)

2. Key issues and updates

2.1. National Infrastructure Plan (NIP)

Plan development

Development of the draft Plan is continuing. The draft Plan has been socialised with the Board, the Government Agency Forum, and relevant government entities. Their feedback, along with the advice from the Quality Review Panel, has been worked through and where appropriate, incorporated.

The draft supporting Cabinet Paper, for discussion at the Cabinet Business Committee (CBC) meeting on 16 June (ahead of Cabinet meeting on 23 June), was shared with you on 26 May for Ministerial Consultation from 28 May-10 June. Any changes made to reflect your feedback and departmental feedback are appropriately reflected in this revised version. For reference, dates for key NIP Ministerial products are provided in Appendix B.

Sharing the results of the Infrastructure Priorities Programme

We have notified applicants of assessment outcomes and are working with them to prepare for public release of Round 1 proposals on 25 June. This process involves redacting any material that cannot be publicly shared as well as communication and engagement planning.

We are currently considering options for the release of submissions that did not receive a positive endorsement. We will provide a further update on this matter once we have determined a preferred approach with the Commission's Board.

Meeting with Hon Kieran McNulty to discuss development of the Draft Plan

Geoff Cooper, CE, and Andy Hagan, GM Investment, met with Hon Kieran McNulty on 21 May in his capacity as Labour Infrastructure Spokesperson. Geoff provided an update on development of the Draft Plan, an outline of the likely sections of the Plan and preparations for the upcoming Infrastructure Symposium. It was agreed to meet again ahead of release of the Draft Plan.

We have also offered to provide cross-party briefings to other parties in Parliament before the draft Plan is published. We will provide you with an update as these briefings are confirmed and scheduled.

Ongoing engagement

We have continued to hold sessions for the Government Agency Forum, comprised of core infrastructure policy and delivery agencies. A meeting focusing on the draft of the Plan was held on 9 May. The next session on 12 June will focus on the final draft of the Plan. We are also offering one-on-one meetings between our CE and the CEs of key central government agencies before the release of the draft Plan.

We continue to engage with representatives from across the infrastructure sector. This includes presenting at several events, including the New Zealand Construction Clients' Group seminar.

Recently we have met with Te Hau Ora O Ngāpuhi and Ngāi Tahu. In mid-June, we have a hui scheduled with Ngāti Kahungunu. We continue to work to find suitable dates with several other iwi, hapū and representative groups before the release of the draft Plan.

Peter Nunns, General Manager, Strategy

Appendix A: List of upcoming reports and publications

We investigate a range of topics to help build the capability and performance of the infrastructure system and to support discussions with the sector. We publish reports that we commission or author ourselves – including research insights, ‘deep dive’ inquiries, project reviews, economic analysis, and policy insights. The list below sets out our current programme of reports. We provide the Minister’s office with a heads-up before publishing.

Topic / Title	Type of report	Intended publication date	What this report or publication covers
Draft National Infrastructure Plan and associated reports	Plan and reports	25 June	The draft National Infrastructure Plan will be publicly released for feedback on 25 June. At the same time, we plan to publish reports that underpin aspects of the Plan, as well as the assessments of applications in Round One of the IPP (see below).
Public Agreement and Community Expectations (PACE) report	Report	25 June	This desktop review looks to answer two main questions: What are our communities’ expectations for infrastructure and its services, and how to pay for it? What are the public perceptions of the relative priorities of infrastructure and services problems and opportunities?
From plans to projects: Assessing how central government plans, funds, delivers, and manages infrastructure	Report	25 June	As part of our work to develop a National Infrastructure Plan, we want to understand whether current policy, regulatory and institutional settings are supporting central government to plan, select, and deliver infrastructure investments efficiently and effectively. To help us understand what’s working and where New Zealand could improve, we have assessed central government system settings against the ‘Public Investment Management Assessment’ (PIMA) framework developed by the International Monetary Fund (IMF) in 2015.
Infrastructure Needs Analysis (INA) draft results and technical papers, along with draft sector summaries	Report	25 June	This report will provide the draft results of the infrastructure needs analysis we are undertaking to best estimate our long-term infrastructure needs and compare them with current investment intentions to identify gaps and opportunities for recalibration and reforms.
Infrastructure Priorities Programme Round One Assessments	Reports	25 June	We will be publishing the reports for applications assessed in Round One. These reports will include scoring against assessment criteria, the rationale for scores given, and an assessment of investment readiness.

Topic / Title	Type of report	Intended publication date	What this report or publication covers
Pipeline snapshot for quarter ending 30 June 2025	Pipeline report	August	Analysis and high-level insights summarising the Pipeline update and change between quarters.
Nation building: 150 years of infrastructure investment in New Zealand	Research report	August	This report will provide a new long-term database on infrastructure construction prices, infrastructure investment, and size of infrastructure networks, broken down by infrastructure sector. The report will be an important background paper for the Infrastructure Needs Analysis work that is being done as part of the development of the National Infrastructure Plan. We are working with LGNZ to present some of the findings of this report at their all-of-local government meeting on 1 May as part of our publication launch.
People build projects – NZ Infrastructure Leadership Challenges report	Report	August	Drawing from international insights, New Zealand-specific evidence and the voices of our Public Sector Infrastructure leaders, this report will outline the workforce and leadership issues that must be tackled to build a more resilient, capable infrastructure sector.
