HAMPTON WOODS

Perfect for young adults moving towards independent living and those seeking a supportive environment for mental wellbeing, Hampton Woods offers a place where your voice matters. Through co-production, we work together to help shape your living experience in a way that reflects your needs and aspirations.

Conveniently located near Peterborough's mainline station, Hampton Woods is close to local amenities, with a supermarket just two minutes away and a shopping centre only four minutes away. Residents also benefit from the reassurance of a tenancy managed by a trusted registered social landlord.

TENANCY AND SUPPORTED LIVING

Based on need and evidence, the majority of the people we support are likely to be entitled to housing benefits. Tenancies are issued by our housing partner, Hilldale Housing Association, which manages all housing needs.

Our focus is to ensure that the support delivered helps to keep people in a place they can call home. In some cases, we understand individuals may need to step through into alternative accommodation provision as they mature.

PERSON WE SUPPORT'S JOURNEY

1

Assessment

The desktop assessment is the first step in a person's adult social care journey. It helps us understand their situation and decide whether we can meet their needs. If appropriate, we conduct a more detailed assessment with the individual, their family, and professionals to confirm the appropriate level of care and support.

2

Person-Centred Offer of Support

We create a document outlining the required support and funding based on the initial assessment. Once the funder formally agrees, we can begin planning person-centred support and gather the information needed for a tenancy application.

3

Transition Planning

A transition plan is agreed based on the person's needs. During this time, any required adaptations can be made, and the individual is encouraged to visit their new home. This helps build relationships. Where needed, we will also begin recruiting and training staff tailored to their preferences.

4

Environmental Adaptions

If required, our team works with the Environmental Adaptations Manager and Housing Association to design suitable adjustments to the individual's home.

5

Move In

A move-in date is agreed upon by all parties. The support team prepares everything, including care plans and activities. During the first week, the individual is welcomed and introduced to their new home, with clear, accessible guidance on their tenancy.
