PERSON-CENTRED SUPPORT

Focusing on what matters to the person guides our work to achieve planned outcomes, builds on strengths-based practice and skills development, and may include support from commissioning partners, external professionals, advocates, friends, and family.

The collaborative approach and expertise between all professionals, family, and friends allow for a positive risk approach that enables individuals to meet their needs in a safe and nurturing way.

INTRODUCING TEMPLE ROAD

Transforming Support South London supports individuals who may have learning disabilities, complex needs, and neurodevelopment, such as autism. We also provide vital support for those navigating mental health challenges and secondary conditions. We provide strengths-based, person-centred support, enabling more independence and community inclusion.

We offer supported living in the heart of the community, focusing on positive risk and actively exploring opportunities and challenges.

TEMPLE ROAD

Temple Road service consists of six self-contained studio apartments that encourage people to access the community and make decisions through active support and encouragement. It has a large rear garden and easy access to the amenities within the Borough of Croydon, supplemented by spacious community areas.

TENANCY AND SUPPORTED LIVING

Based on need and evidence, the majority of the people we support are likely to be entitled to housing benefits. Tenancies are issued by our housing partner, Hilldale Housing Association, which manages all housing needs.

Our focus is to ensure that the support delivered helps to keep people in a place they can call home. In some cases, we understand individuals may need to step through into alternative accommodation provision as they mature.

Family's Voice

"We just wanted to share how grateful we are for the support our family member receives. From the very beginning, the team has shown genuine care, patience and understanding, making a real difference in their daily life.

The positive impact on our family members' confidence and well-being has been noticeable, and we truly appreciate the commitment and dedication shown every day.

Thank you for everything you do."

PERSON WE SUPPORT'S JOURNEY

1

Assessment

The desktop assessment is the first step in a person's adult social care journey. It helps us understand their situation and decide whether we can meet their needs. If appropriate, we conduct a more detailed assessment with the individual, their family, and professionals to confirm the appropriate level of care and support.

2

Person-Centred Offer of Support

We create a document outlining the required support and funding based on the initial assessment. Once the funder formally agrees, we can begin planning person-centred support and gather the information needed for a tenancy application.

3

Transition Planning

A transition plan is agreed based on the person's needs. During this time, any required adaptations can be made, and the individual is encouraged to visit their new home. This helps build relationships. Where needed, we will also begin recruiting and training staff tailored to their preferences.

4

Environmental Adaptions

If required, our team works with the Environmental Adaptations Manager and Housing Association to design suitable adjustments to the individual's home.

5

Move In

A move-in date is agreed upon by all parties. The support team prepares everything, including care plans and activities. During the first week, the individual is welcomed and introduced to their new home, with clear, accessible guidance on their tenancy.
