(Operations) Limited

7 October 2026

Dear Customer,

Installation of electricity cables on Nottingham Road

UK Power Networks runs the electricity network delivering power to your area. We are currently undertaking a project to upgrade underground electricity cables between our Beddington and Addington substations. The work is part of our ongoing investment in the network to maintain reliable power supplies.

Nottingham Road

We will be carrying out cable connection works on Nottingham Road from Monday 12 October 2026 for approximately six weeks.

Our work areas will be located outside No. 27 Nottingham Road and opposite No. 23 Nottingham Road, where we will be connecting the new electricity cables to the network.

To enable the works to be carried out safely, there will be a directional road closure opposite No. 23 Nottingham Road for the duration of the works. Clearly signed diversion routes will be in place. Access to properties will be maintained wherever possible, and our site team will work closely with residents and businesses to understand any access or delivery requirements.

Our working hours will be 8am to 5pm, Monday to Saturday. We do not expect these works to affect your electricity supply.

Staying up to date

For live updates and more information, please visit: https://www.ukpowernetworks.co.uk/beddington-to-addington.

We have worked closely with the local authority in planning these works and apologise for any inconvenience caused. We will make every effort to minimise the impact on your neighborhood. If you have any questions, in the first instance please speak to the site team who will be able to find a solution to your concern. You can also contact our customer care team on **0800 028 4587** Monday to Friday 8:30am to 5pm, or care@ukpowernetworks.co.uk.

Yours sincerely,

R.S.R.MILES
