(Operations) Limited

14 August 2026

Dear Customer,

Installation of electricity cables on Croham Road and Croham Valley Road

UK Power Networks runs the electricity network delivering power to your area. We are currently undertaking a project to upgrade underground electricity cables between our Beddington and Addington substations. The work is part of our ongoing investment in the network to maintain reliable power supplies.

Croham Road and Croham Valley Road

We have now installed ducts within trenches between the two substations, including along Croham Road and Croham Valley Road. Thank you for your patience during the first stage of our works. We are now preparing to return to specific intervals along the full route (joint bays) to pull the new cables into place and connect them to our electricity network.

The table below outlines the locations and dates of work for the joint bays on Croham Road and Croham Valley Road.

Location	Dates	Traffic Management
Croham Road at the junction with Muggeridge Close.	17 August – 11 September	Road closure at the point we are working. Access maintained for properties on St Peters Street and Muggeridge Close.
Croham Road at the junction with Campden Road.	2 – 23 September	3 way lights installed around our works area.
Croham Road at the junction with Melville Avenue.	21 September – 9 October	Lane closed around our working area.
Outside 70 – 72 Croham Valley Road.	21 September – 9 October	2 way lights installed around our works area.
Outside 14 – 16 Croham Valley Road.	21 September – 9 October	2 way lights installed around our works area.

Access to properties will be maintained, and the site team will work with residents and businesses to understand their access and delivery needs and plan the daily works with the least disruption possible.

Our working hours are from 8am to 5pm Monday to Saturday and should have no impact on your electricity supply.

Staying up to date

For live updates and more information, please visit: https://www.ukpowernetworks.co.uk/beddington-to-addington.

We have worked closely with the local authority in planning these works and apologise for any inconvenience caused. We will make every effort to minimise the impact on your neighborhood. If you have any questions, in the first instance please speak to the site team who will be able to find solutions to any concerns. You can also contact our customer care team on **0800 028 4587** Monday to Friday 8:30am to 5pm, or care@ukpowernetworks.co.uk.

Yours sincerely,

R.S.R.MILES
