

05 October 2026

Dear Customer,

Installation of electricity cables from Wouldham to Chatham

UK Power Networks owns and maintains the electricity network delivering power to your area. We will shortly be continuing with our project within your area to upgrade the electricity network. The work is part of our continued investment in the network to ensure reliable power supplies for local homes and businesses.

In partnership with our contractor, OCU Modus, we will be excavating short trenches to lay pipework (ducts), then returning to open excavations at intervals along the route to pull through and connect the cables. **Please see the table below for more information.**

For live updates and traffic management plans, please check our web page about this project via this address www.ukpowernetworks.co.uk/chatham-to-wouldham or scan the QR code on the bottom of this letter.

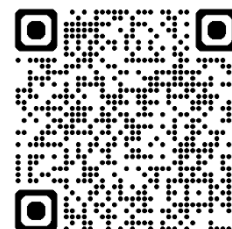

Dates	Location	Traffic Management
We will be working from 8am to 5pm, Monday to Friday, Saturday 8am to 1pm and Sunday 9am to 1pm		
19 October to 15 November 2026	Burham Road Junction with Wouldham Road to Ivy Cottage along Burham Road	Road closure Access maintained for properties and businesses. Signed diversion along Wouldham Road, School Lane, Pilgrims Way, From Burham Road.
All dates below are subject to change based on project progression. Please see website for permit dates.		

We have worked closely with the local authorities in planning these works and apologise for any inconvenience caused. There should be no impact on your electricity supply.

We apologise for any inconvenience caused and will make every effort to minimise the impact on your neighborhood. If you have any questions, please contact our customer care team on **0800 028 4587** Monday to Friday 8.30am-5pm or care@ukpowernetworks.co.uk

Yours sincerely,
Bradley Sloan
