

JOB POSTING:

Fixed-Wing Aircraft Technician (AML Group 3)

– Based at H.C. Andersen Airport, Odense, Denmark

UNI-FLY A/S is seeking a skilled and motivated Fixed-Wing Aircraft Technician holding an EASA Part-66 Aircraft Maintenance Licence (AML) with Group 3 rating to join our maintenance organisation.

Position overview

As a Fixed-Wing Aircraft Technician at UNI-FLY A/S, you will support the maintenance and continued airworthiness of our fixed-wing aircraft in accordance with EASA Part-145 requirements. To some extent, the position will demand travel for AOG (Aircraft on Ground) or ad hoc operational support. Your primary place of work will be H.C. Andersen Airport in Odense, Denmark.

This position is well-suited to a practical, safety-focused technician who enjoys a varied work environment and supports both planned maintenance and operational aircraft.

Key responsibilities

- Carry out scheduled and unscheduled maintenance tasks on fixed-wing and rotor-wing.
- Support AOG and AD-HOC maintenance activities at various locations, including short-notice tasks when operationally required.
- Perform basic troubleshooting, component replacement, and rectification tasks in accordance with approved data.
- Ensure accurate completion of maintenance documentation and records in compliance with Part-145 requirements.
- Work closely with other engineers and technical staff to ensure efficient and timely maintenance delivery.

Qualifications

- Valid EASA Part-66 Aircraft Maintenance Licence with Group 3 rating.
- Previous experience in Rotor-wing aircraft maintenance is positive.
- Basic knowledge of EASA Part-145 regulations and maintenance environments.
- Hands-on, practical approach with good technical awareness.
- Ability to work both independently and as part of a team.
- Strong safety mindset, attention to detail, and commitment to quality.

...

What we offer

- Competitive salary and benefits package.
- Opportunities for professional development and progression towards further authorizations or licensing modules.
- A professional, supportive, and safety-driven working environment.
- Exposure to active operational aircraft and varied maintenance activities.
- A permanent base at H.C. Andersen Airport, Odense.

About UNI-FLY A/S

UNI-FLY A/S is a reputable and innovative aviation company operating under EASA approvals. We are committed to safety, quality, and operational excellence, delivering maintenance and operational support services to our customers in Denmark and internationally.

How to apply

If you would like to apply for this position, please send your CV, cover letter, and a copy of your EASA AML to: sam@uni-fly.dk

Applications are reviewed on an ongoing basis, and relevant candidates will be invited for interviews as applications are received.

Take the next step with UNI-FLY A/S and become part of our maintenance team.

At UNI-FLY, we bring together skilled professionals across operations, maintenance, and support functions. Join a team where experience, safety, and collaboration are at the core of everything we do.
