

CORPORATE POLICY STATEMENT

Commitment to Governance, Safety, Quality & Information Protection

The company is committed to conducting its activities safely, responsibly, and in full compliance with applicable legislation, regulations, and international standards. We continuously work to protect people, data, the environment, and our customers' interests with transparency and integrity.

Information Security & Data Protection

We protect information based on the principles of Confidentiality, Integrity, and Availability (CIA), GDPR, and relevant data protection laws. We prevent, monitor, and manage information and cybersecurity incidents responsibly to ensure trust and operational resilience.

Quality & Customer Satisfaction

We deliver documented quality, continuous improvement, and transparent communication with customers and stakeholders.

Health, Safety & Working Environment

We prevent occupational accidents and maintain a safe and healthy working environment for all employees and partners.

Environmental & Sustainability Responsibility

We reduce environmental impact, resource use, and support national and international climate objectives.

Ethics, Integrity & Anti-Corruption

We tolerate no form of corruption, bribery, or unethical conduct and maintain responsible supplier oversight.

Whistleblowing & Transparency

Concerns may be reported safely and confidentially. The right to anonymity is respected.

Compliance & Continuous Improvement

We comply with applicable legislation, standards, and conduct ongoing audits, improvements, and competence development.

Our Commitment

We act with accountability, transparency, and professionalism – ensuring safe operations, ethical conduct, trust, and quality in performance.
