OPEN AIR

Vipp Open-Air collection.  
Classic Vipp designs versioned for the outdoors.

## There's something new under the sun

Imagine if Vipp iterated its coveted furniture pieces for the great outdoors, merged its material mastery and ingenious engineering with flora, fauna, and open skies.

First of its kind, the Vipp Open-Air collection owe its name to the functional intent of outdoor use, while equally referencing the airiness and fluidity that underpin the design ethos – light expressions of organically shaped solid materials.

Immediately identifiable shapes and details recognized from Vipp's indoor furniture are echoed in the outdoor collection consisting of a two-sized dining table, a dining chair, a duo of sofas and lounge tables and a lounge chair. The Open-Air series follows a design language attuned to Vipp brand's heritage and predilection for molded metal but with novel material additions like polyrattan, teak, and curated outdoor-friendly textiles.

Inviting for an enduring design experience in collaboration with natural surroundings as backdrop, seven new products enter the Vipp collection with the shared intent of refining how we live with objects through long-lasting design experiences.

“A dose of fresh air is injected into Vipp’s design philosophy honed over 80 years. Versioned for the outdoors a series of Vipp furniture pieces now comprises our first step into the outdoor category.”

**- Kasper Egelund, CEO and 3<sup>rd</sup> generation Vipp owner**

VIPP711

## Open-Air chair

The Vipp711 Open-Air chair is modelled after the very first Vipp chair. A solid grey-coated aluminium frame with rounded edges features polyrattan-covered armrests and a padded backrest. Like its original counterpart, the outdoor version carries the same airy expression of spindly legs and armrests divided by a comfortable cushion in waterproof and UV-resistant textile.

Vipp719 Open-Air table, 2.5 m · Vipp711 Open-Air chair

VIPP713

## Open-Air lounge chair

Modelled after its indoor counterpart, the lounge chair iterated for the outdoors is available in a light grey coating matching the two separate, removable, and washable cushions making up the backrest and the seat. The upholstery specially made for outdoor use is woven in Italy's Lombardy region. A vibrant two-tone effect characterises the textured surface and grants the collection a tactile sophistication.

Vipp Open-Air collection

A grey-coloured mesh stretches between the **aluminium frames** for **comfortable seating** while the backrest support is delicately enveloped in **natural-coloured polyrattan**.

## Out of the woods

The grey coating and matching upholstery are contrasted by warm and tactile details such as **rounded teak profiles** inserted on the armrest surfaces.

VIPP714

### **Open-Air coffee table Ø60**

The smallest of the two coffee tables combines spindly legs with a solid ceramic top. Consisting of a three-legged aluminium frame with a 12 mm ceramic tabletop in Ø60 cm, the coffee table offers a durable and monochrome look for the lounge area. It can be combined with the Vipp716 Ø90 coffee table.

VIPP716

## Open-Air coffee table Ø90

Slim teak lamellas placed in a graphic pattern make up the tabletop covering the three-legged aluminium frame of the larger coffee table in the Vipp Open-Air collection. Modelled to be combined with the smaller Ø60 coffee table, it can either stand alone or accommodate a larger outdoor lounge setting with a complete table composition in complementing materials.

VIPP718

## Open-Air table, 1.57m

The Vipp718 Open-Air table measures 1.57 meters in length and is designed with an aluminium frame supporting a 12 mm ceramic tabletop. The legs are conical and made of teak wood. Small adjustable feet are to be found underneath each leg, allowing to adjust the height of the table depending on the surface.

VIPP719

## Open-Air table, 2.5m

The Vipp719 Open-Air table measures 2.5 meters in length, and like its smaller counterpart, it is designed with an aluminium frame supporting a 12 mm ceramic tabletop and conical legs made of teak wood.

Vipp Open-Air collection

Conical legs in **natural teak wood** supply a warm contrast to the top. Small adjustable feet are to be found underneath each leg, allowing to adjust the height of the table in case of a varying surface.

VIPP720

### **Open-Air sofa 3-seater**

The comfort of the living room is brought to the terrace with Vipp's outdoor sofa. The 3-seater sofa is made with quick dry cushions and a specially curated outdoor fabric to ensure durability in all outdoor conditions. A specially designed system of straps is fitted under the seat cushions to enhance comfort. Straps are visible to echo the rhythmic pattern of the back and armrest. The backrest cushions and bolster pillow are made with a mix of fiber and foam with quick dry capabilities.

VIPP720

## Open-Air sofa table end

The Open-Air sofa is available with both a left- and right-oriented open end with an integrated side table in teak lamellas. Made in aluminium, with additional corrosion resistance, the sofa frame is able to resist outdoor conditions by preventing rust and miscolouring.

## Open-Air covers

The Vipp Open-Air covers are made to store and protect the Vipp Open-Air outdoor collection. Developed in a water repellent and UV resistant textile, the durable cover ensures that the outdoor products are stored properly and stay beautiful for many years.

Use of cover will extend the lifetime of the Open-Air products and is recommend for rainy days and out-of-season periods. The covers are made-to-measure and can be handwashed or even machine washed when needed.

## OPEN-AIR COVERS

The covers are available for Vipp Open-Air lounge chairs, as well as for sofas and dining table sets.

Materials: Polyester, water repellent, UV resistant, straps.

Vipp713 Open-Air lounge chair cover: L. 75 cm / 29.5 in, W. 72.7 cm / 28.6 in, D. 77.4 cm / 30.5 in

Vipp718 Open-Air table cover: L. 157 cm / 61.8 in, W. 100 cm / 39.4 in, D. 74 cm / 29.1 in

Vipp719 Open-Air table cover: L. 250 cm / 98.4 in, W. 112.4 cm / 44.3 in, D. 75.9 cm / 29.9 in

Vipp720 Open-Air sofa, table end cover left: L. 245.5 cm / 96.7 in, W. 91.6 cm / 36.1 in, D. 72.5 cm / 28.5 in

Vipp720 Open-Air sofa, table end cover right: L. 245.5 cm / 96.7 in, W. 91.6 cm / 36.1 in, D. 72.5 cm / 28.5 in

Vipp720 Open-Air sofa, 3-seater cover: L. 251.5 cm / 99 in, W. 91.6 cm / 36.1 in, D. 72.5 cm / 28.5 in

### Textile

Special made, water repellent, UV resistant textile. Durable even in rough weather conditions.

### Storage bag

Store the covers in the included bag. Note: the covers must be completely dry before storing.

### Straps

Straps ensure that the covers stay in place even in windy weather conditions.

### Construction

Air ventilation is essential; hence the covers do not extend all the way to the ground.

## OPEN-AIR SEATING

Materials: Powder-coated aluminium with outdoor coating upholstered with textile and polyrattan armrest.

Dimensions: W. 54.5 cm / 21.4 in, L. 53 cm / 20.8 in, H. 76 cm / 29.9 in

Seat height: 44.5 cm / 17.5 in, Armrest height: 66 cm / 26 in

Outdoor powder-coated aluminium.

**Polyrattan**  
Armrest support in natural-coloured polyrattan.

**Straps**  
Durable straps from synthetic material.

**Side table on open end**  
Teak wood.

## CARE INSTRUCTIONS

The Vipp Open-Air outdoor collection is crafted from powder-coated aluminium, teak, and ceramic, renowned for its durability when well maintained. Follow the instructions and treat the outdoor collection with proper care to preserve its lasting appeal and appearance for years to come.

### UPHOLSTERY

It is generally understood that products left outside will be affected by the weather, and fabric and surfaces can get dirty. Hence, we recommend covering the outdoor furniture using the specially designed Open-Air cover when not in use.

If cleaning is needed, we recommend using a vacuum cleaner to remove any debris inside the textile. Avoid hard floor brushes when vacuuming. Keep sharp objects away and push loose threads back with a blunt object instead of cutting. Clean regularly with lukewarm water (max 40°C) and mild cleaning agent on a terry cloth, testing on a hidden spot first.

In certain situations, if the upholstery has not been well cared for and protected, mould and mildew can develop. While the fabric itself does not promote the growth of mould and mildew, it can easily develop if organic materials such as food or plant matter are left on the fabric surface for an extended period of time.

In case of stubborn stains, it is safe to clean the Open-Air fabric with bleach. Remember to mix household bleach with lukewarm water and detergent to create a solution. We recommend testing the solution on a hidden area before proceeding to clean the entire surface. When cleaning, it is best to treat the entire furniture piece to prevent any concentrated spots, water rings, or colour difference. Always thoroughly rinse the fabric and cushions with clean water before using them again and allow them to air dry completely. In rare cases where removing the covers from the furniture is necessary, we recommend machine washing them at a maximum temperature of 40°C and avoid tumble drying.

### TEAK WOOD

Over time, teak develops a patina as it weathers. Brush off dirt following the grain to prevent scratches. Dampen with water and a lint-free cloth. Clean with industrial teak cleaner, following its instructions, using a soft cloth and sponge along the grain to avoid scratches. Rinse lightly with water and let dry.

### POLYRATTAN

Use a lint-free cleaning cloth or a soft brush with warm water and a mild detergent. Finish by wiping down the surface with a dry cloth.

### CERAMIC TABLETOP

Daily care ensures long-lasting appeal and appearance. Use warm water, mild detergent, and a cloth. Use a slightly rougher sponge for solid stains.

**Lime stains:** Clean with mild detergent suitable for painted surfaces and a lint-free cloth. Rinse with water and dry the frame.

**Grease stains:** Use alcohol or glass cleaner.

**Note:** Be cautious with delicate items on the tabletop due to its hardness.

## **OUTDOOR POWDER-COATED SURFACES**

Keep powder-coated surfaces clear of debris like bird droppings, mud, and leaves to prevent damage. Clean with warm water and mild detergent using a lint-free cloth or soft brush. Finish by wiping dry with a dry cloth.
