

Supporting Your Net Zero Journey

Tools, data and practical guidance for local authorities

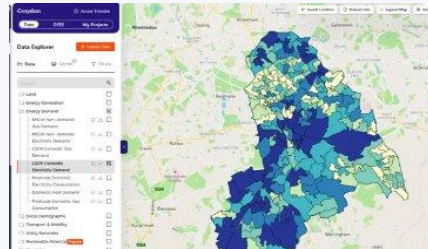

Start with your priority

LOCAL PLANNING	EV CHARGING	SOLAR OPPORTUNITIES	OPEN DATA	REGIONAL INSIGHTS	PRACTICAL GUIDANCE
LAEP+	Charge Point Navigator	Opportunity Finder	LAEP Open Data page	Regional Energy Dashboard	UK100 Toolkits
Users: Local Authorities and their collaborators	Users: Local Authorities and their commercial collaborators	Users: NHS Trusts, schools, Community Energy Groups	Users: Open to all	Users: Open to all	Users: Open to all

Explore the right support for your project

LAEP+

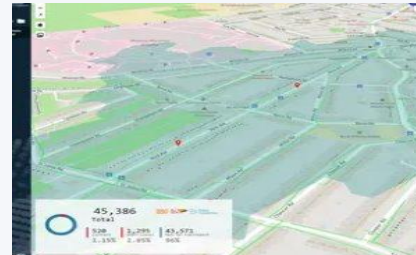

Plan local decarbonisation

Visualise energy data, create scenarios and support local Net Zero planning.

- ✓ Heat pump rollout
- ✓ Solar deployment
- ✓ Building decarbonization

Explore the tool →
[LAEP+ Planning Tool](#)

CHARGE POINT NAVIGATOR

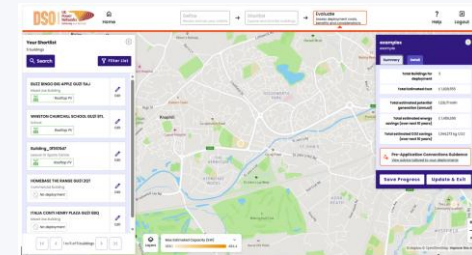

Plan EV charging infrastructure

Identify suitable locations and support evidence-based charge point rollout.

- ✓ Identify site locations
- ✓ Explore rollout scenarios
- ✓ Support funding applications

Explore the tool →
[ChargePoint Navigator](#)

OPPORTUNITY FINDER

Shortlist opportunities for rooftop solar

Explore opportunities that meet criteria, shortlist preferred sites, evaluate deployment options.

- ✓ Non-domestic rooftop solar criteria template
- ✓ Shortlist opportunities
- ✓ Evaluate deployment options for your shortlisted sites

Tool under pilot

Supporting Your Net Zero Journey

LAEP OPEN DATA PAGE

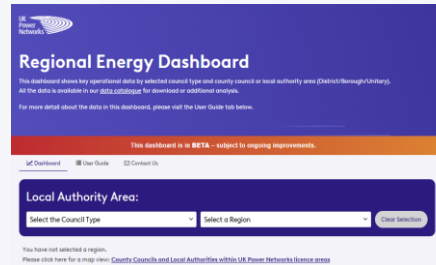

Access local energy data

Explore curated datasets, practical guidance, and real-world case studies.

- ✓ Access 249 curated datasets
- ✓ Support energy planning
- ✓ Explore flexibility opportunities

Explore the tool →
[LAEP Open Data page](#)

REGIONAL ENERGY DASHBOARD

Explore regional insights

Understand local and regional energy trends to support strategic planning.

- ✓ Access up-to-date energy data
- ✓ Support evidence-based planning
- ✓ Identify future network opportunities

Explore the tool →
[Regional Energy Dashboard](#)

UK100 TOOLKITS

Guides to drive local decisions

Access expert resources developed for local authorities to support the Net Zero transition.

- ✓ Develop local energy projects
- ✓ Explore flexibility solutions
- ✓ Learn more about EV deployment

Explore the toolkits →
[UK100 Toolkits](#)

BOOK A 30-MINUTE SESSION

Explore the tools most relevant to your area and discuss potential next steps with our team

- Discuss your local authority's priorities
- Demonstrate the most relevant tools
- Explore available datasets and insights
- Identify potential next steps
